93. Return to an address of the House of Commons for a copy of the Report of the Committee of the Honourable the Privy Council, approved by the Governor General on the 19th May, 1903, covering the appointment of a Commission, composed of Sir William Van Horne, John Bertram and Harold Kennedy, to report on questions affecting the transportation of Canadian products to the markets of the world through and by Canadian ports, etc. Presented 27th May, 1903. *Mr. Sutherland (Oxford)*.....*Printed for both distribution and sessional papers.*

94. Return to an order of the House of Commons, dated 25th February, 1901, of the following data, correspondence, letters and reports, between General Hutton and Lieutenant-Colonel Sam. Hughes; or concerning the action of the latter in volunteering men for service of the British Empire in connection with the South African struggle. 1. Address, official, Major General Hutton to the District Officers Commanding and Commanding Officers of Regiments, at his first inspection, 1898. 2. Letter, Major General Hutton to Lieutenant-Colonel S. Hughes asking for criticism of and suggestion *re* same. 3. Official reply of Lieutenant-Colonel S. Hughes. 4. Letters, Lieutenant-Colonel Hughes to General Hutton, *by request, re*:—*(a.)* Canadians in wars of 1812, 1837, 1866, 1870 and 1885, and offering to raise a corps for Imperial service. *(b.)* Copies of former applications to Imperial and Canadian authorities for Colonial assistance in Imperial wars, and renewed offer of service. *(c.)* Plans for Colonial Brigade in Imperial wars; and renewal of offer to raise a corps. 5. Requests, General Hutton to Colonel Hughes, to state his qualifications and record as soldier, and to show why a Permanent Corps officer should not be preferred. 6. Circular letter, General Hutton to Honourable Colonel Gibson and Council of the Dominion of Canada Rifle Association. 7. Reply of Honourable Colonel Gibson to General Hutton. 8. Reply of Council of D.R.A. 9. The plan originally proposed by General Hutton of Annual Camps, making 3 and 4 Military Districts drill in September, while 1, 2, 5 and 6 should drill in June, annually. 10. Report or communication of General Hutton to the Canadian press just prior to the opening of the Session of Parliament, 1899, that no Member of Parliament would be allowed to speak on military questions in the House of Commons, if he were also a militia officer, without permission of General Hutton. 11. Reports, or data, on same subject to the Minister of Militia and Defence. 12. The proposals of General Hutton to amend the law, or regulations and orders, so as to prevent militia officers retaining commission if or while a Member of Parliament. 13. Report by request, Colonel Hughes to General Hutton *re* staff ride. 14. The authority under the law which makes the application of Colonel Hughes, 24th July, 1899, to Honourable Dr. Borden, Minister of Militia, an *irregularity and breach of military discipline*, vide General Hutton to Minister of Militia, 31st July, 1899. 15. Application, Colonel Hughes to General Hutton (through D.O.C.), to raise a corps for Imperial service in the Transvaal, July 24th, 1899. 16. Reports to General Hutton of two militia officers of the city of Toronto and others, stating that few, if any, men or officers could be obtained in Canada for such a service. 17 *(a.)* Application, Col. Hughes to Honourable Dr. Borden, Minister of Militia, July 24, to raise a corps for service in the Transvaal. *(b.)* Reply of the Minister of Militia thereto. *(c.)* Report and papers connected with the application before the Privy Council of Canada. *(d.)* General Hutton's reprimand to Colonel Hughes for applying to the Minister of Militia. *(e.)* General Hutton's letter, July 31st, 1899, to Minister of Militia *re* same. *(f.)* The authority upon which Colonel Foster, C.S.O., based the statement in his letter of September 19th, 1899, to Colonel Hughes, "*after which you withdrew it.*" 18 *(a.)* Application of Colonel Hughes to Right Honourable Joseph Chamberlain to raise a corps in Canada for service in

CONTENTS OF VOLUME 13—*Continued.*

Transvaal. *(b.)* An acknowledgment by Mr. Chamberlain. *(c.)* Letters, Military Secretary to His Excellency to General Hutton *re* same. *(d.)* General Hutton (C.S.O.) to Colonel Hughes, August 24, 1899, reprimanding him for having written to Mr. Chamberlain *re* the raising of a corps. *(e.)* Colonel Hughes to General Hutton (C.S.O.), September 2, 1899, in reply. *(f.)* Colonel Foster, C.S.O. to General Hutton, to Colonel Hughes, September 19th, asking him to withdraw the letter of September 2nd, 1899. *(g.)* Complete letter—not an extract—from Colonel Hughes to Colonel Foster, C.S.O. to General Hutton, September 22nd, 1899, in refusal to withdraw the letter of September 2nd. *(h.)* Colonel Foster, C.S.O. to General Hutton, to Colonel Montizambert, D.O.E., Mil. Dis. 3 and 4, October 9th, *re* Hughes' letter of September 2nd *re* having it withdrawn. *(i.)* Letter, Colonel Montizambert, forwarding same to Colonel Hughes and urging withdrawal. *(j.)* Letter, Colonel Hughes to Colonel Montizambert refusing to withdraw the letter, and giving reasons therefor. *(k.)* Letter, Colonel Montizambert to Colonel Foster, C.S.O. to General Hutton, *re* the same. *(a.)* Letter, Colonel Hughes to the press of Canada, *re* troops from Canada for service in the Transvaal, dated September, 1899, referred to in the letter—Colonel Foster, C.S.O. to General Hutton, to Colonel Hughes, September 25th, 1899. *(b.)* Telegram, General Hutton (C.S.O.) to Colonel Hughes, September 25th, 1899, *re* above letter and Section 98, Army Act. *(c.)* Letter, General Hutton (C.S.O.) to Colonel Hughes, *re* same. *(d.)* The evidence upon which General Hutton sent the telegram and the letter of September 25th, 1899. *(e.)* The authority under the law empowering General Hutton to send such letter and telegram. *(f.)* Despatch dictated by General Hutton and published in the London (England) *Times*, stating that in his letter to the Canadian press, Colonel Hughes was *usurping the functions of the Government* of Canada, September 25th, 1899. *(g.)* Despatch, General Hutton to the Canadian press, *re* the same, September 25th, 1899. *(h.)* Despatch, General Hutton to Canadian press, September 28th, 1899, *re* Colonel Hughes being liable to fine or imprisonment under Section 98. *(i.)* Colonel Hughes' telegram in reply to General Hutton (C.S.O.), September 25th, 1899. *(j.)* Letter, Colonel Hughes (September 30th) to General Hutton's (C.S.O.) letter of September 25th, *re* Section 98.—Official. *(k.)* General Hutton's letter to Colonel Foster, October 11th, 1899 *re* Colonel Hughes' letter of September 30th, 1899. *(l.)* Letter, Colonel Foster, C.S.O. to General Hutton, to Colonel Montizambert, October 16th, 1899, threatening to suspend Colonel Hughes from the command of his battalion for writing the letter of September 30th, 1899. *(m.)* The authority under the law, permitting General Hutton to make such threats. *(n.)* Letter, Colonel Montizambert (October 17th, 1899) to Colonel Hughes *re* above. 20. *(a.)* Letter, Colonel Hughes to General Hutton, October 10th, *re* the press reports against Colonel Hughes, dictated by General Hutton. *(b.)* General Hutton (C.S.O.) to Colonel Hughes and to Minister of Militia (October 25th and 26th respectively) *re* above. 21 *(a.)* Colonel Hughes to General Hutton, August 18th, 1899, by request *re* qualification. *(b.)* Reply of General Hutton, August 26th, 1899. *(c.)* Letter, Colonel Hughes to General Hutton, August 28th 1899, in reply to above and to the words of General Hutton: "*You*" Canadians "*might as well try to fly to the moon as to take the field alongside British regulars, short of three years' training, and not then unless led by Imperial officers.*" 22. Letter, Colonel Hughes withdrawing controversial matter on his receiving notification of his appointment to the Transvaal force. 23. Letter, Colonel Hughes to General Hutton, October 23rd, 1899, in friendly parting. 24. Letter, Colonel Hughes to the Right Honourable Sir Wilfrid Laurier, on General Hutton's declining to accept proffered friendliness—demanding that general's recall, October 27th or 28th, 1899. 25. Report of the speech delivered by General Hutton to the officers of the Canadian Contingent in the Chateau Frontenac, Sunday, 29th October, 1899, against Colonel Hughes. 26. Letters of General Hutton to South African British Generals, against Colonel Hughes. 27. Copies of the reports furnished to the press of Canada, Great Britain, the United States and South Africa, against Colonel Hughes by General Hutton's agency, during November and December, 1899 and January and February, 1900. 28. The legal authority for General Hutton to write officially to South African Generals, without the sanction of the Minister of Militia, against Colonel Hughes. 29. Letter of Colonel Hughes from Upington in Gordonia, South Africa, about 30th March, 1900, to Honourable Dr. Borden, Minister of Militia, Canada, correcting errors, omissions, and misstatements in General Hutton's brief as submitted to Parliament last session. 30. The authority under the law permitting General Hutton and Colonel Foster to use personal, unofficial, confidential and private correspondence in official returns. 31. The authority under the law permitting the G.O.C., General Hutton, to receive official correspondence from His Excellency the Governor General, through the Military Secretary. 32. A copy of the "notification to Lieutenant-Colonel Hughes that they, private letters, would be so submitted" by General Hutton, referred to in the letter of

CONTENTS OF VOLUME 13—*Continued.*

Lieutenant-Colonel Pinault, March 16th, 1900. 33. The authority under the law forbidding a Canadian who chances to be a militia officer, not of the Permanent Corps, from volunteering to Great Britain to serve in South Africa. 34. The authority under the law authorizing General Hutton, as G. O. C., to reprimand a Canadian militia officer, not on duty, from volunteering to the Minister of Militia of Canada, to raise a corps for the service of Great Britain. 35. The legal authority for General Hutton, through Colonel Foster, *vide* letter of September 19th to Colonel Hughes, to use the language :—" but as officer commanding a Battalion it would, I am sure, be quite impossible for any general to overlook the character of your letter (September 2nd), which from a military point of view, could only be considered as inconsistent with discipline." 36 The legal authority of Major General Hutton for stating (October 9, 1899), " No officer has the right to dispute the authority of the Major General Commanding as his superior officer, or to question his action ; still less that of the Governor General, the representative of Her Majesty in Canada." 37. Reports or recommendations of General Hutton producing changes in the command of the R.C.R.I. in 1899. 38. Report of Colonel Herkimer showing that General Hutton declined to treat as official or public, a telegram and a letter written in his capacity as Major General to Colonel Herkimer, the General claiming he had the right to regard them not as official, but private, and that they were not binding on him. 39. The " authority " referred to in the letter of Colonel Hughes to General Hutton (vide D.O.C.,) September 2, 1900, in paragraphs *(a.)* to *(g.)* 40. The following letters and data : *(a.)* General Hutton to Minister of Militia, October, 26, 1899. *(b.)* Colonel Hughes to General Hutton, October 27, 1899. *(c.)* General Hutton (C.S.O.) to Colonel Hughes, October, 28, 1899. *(d.)* General Hutton (C.S.O.) to Colonel Otter *re* Lieutenant-Colonel Hughes going to South Africa, &c., October, 1899, and October, 29, 1899, and October 30, 1899. *(e.)* General Hutton to the Deputy Minister of Militia, November, 14, 1899. *(f.)* Telegram January 31, 1900, C.S.O., to Colonel Sam. Hughes, Cape Town, *re* Strathcona Horse. *(g.)* General Hutton to Minister of Militia, February 2, 1900. Presented 28th May, 1903.—*Mr. Hughes (Victoria)*.....*Not Printed.*

Return to an order of the House of Commons, dated 29th May, 1903, for a copy of the Report of the Commissioners appointed to investigate an accident upon the Intercolonial Railway, near Windsor Junction, at 23 o'clock on 11th April, 1903. Presented 29th May, 1903.—*Mr. Clarke*....*Not printed.*

97. Return to an order of the House of Commons, dated 18th May, 1903, for a statement setting forth : 1. The quantity of refined sugar imported into Canada from 1st January to 31st December, 1902. 2. The quantity of raw sugar imported during the same period, and giving the name of the country whence such sugar was imported. Presented 1st June, 1903.—*Mr. Marcil (Bonaventure).*
Not printed.

98. Correspondence *re* winter steamers. Presented (Senate) 1st June, 1903, by Hon. R. W. Scott.
Not printed.

99. Return to an address of the Senate, dated 13th May, 1902, for a statement showing : 1. The names of all the persons who have been appointed, or who have been recommended for the position of honorary colonels or honorary lieutenant-colonels in the volunteer force, designating the regiments to which they are or are to be attached, and mentioning the date of each nomination. 2. A statement of the service of each of the persons so appointed or recommended. 3. The names of all persons who have recommended such nominations, together with all the correspondence exchanged on this subject. 4. The names of the persons recommended who have not been appointed, distinguishing persons whose appointment has been refused from persons whose appointment has not yet been decided upon, and giving for each of these persons the cause of the refusal of or the delay in his appointment. Presented (Senate) 28th May, 1903.—*Hon. Mr. Landry*.....*Not printed.*

100. Return to an address of the Senate, dated 30th April, 1903, for copies of all correspondence and communications between the various labour organizations, or from any one on their behalf, and the department of labour, relating to the strikes that have occurred during the past year, or relating to any threatened strikes during the past year in Canada. Presented (Senate) 28th May, 1903.—*Hon. Mr. Gibson*.....*Not printed.*

CONTENTS OF VOLUME 13—*Continued.*

101. Return to an order of the House of Commons, dated 5th June, 1903, for a copy of the tenders received for a fast steamship service between Britain and Canada. Presented 5th June, 1903.—*Sir Richard Cartwright*.....*Not printed.*

102. Return to an order of the House of Commons, dated 1st June, 1903, for statement showing: 1. The value of fruit shipped to Europe in cold storage in each of the calendar years 1897, 1898, 1899, 1900, 1901, 1902. 2. The value of fruit shipped in cooled chambers to Europe in seasons 1901 and 1902, respectively. 3. In what further steamers were cooling plants placed in the season of 1902, if any. 4. In what further steamers were mechanical ventilating plants placed in the season of 1902, if any. 5. How much money has the government advanced to date, as bonus or subsidy to steamship companies, to induce them to put in ventilating apparatus, to enable them to carry in better condition perishable cargo, since 1896. 6. How much to induce them to put in cooling plants, since 1896. 7. How much to induce them to put in cold storage plants, since 1896. 8. Tracings of temperatures, as recorded by thermographs placed on ocean steamers by officers of the government, (*a*) in cold storage chambers; (*b*) in cooled chambers; (*c*) in ventilated chambers, if any; (*d*) in other parts of steamers, if any, naming location. Presented 9th June, 1903.—*Mr. Smith (Wentworth)*.....*Not printed.*

102*a*. Return to an address of the Senate, dated 26th and 28th August, 1903, for papers relating to the ventilation of space in steamships used for storage during transportation of perishable products, such as apples and cheese—in so far as the department of agriculture is concerned. Presented (Senate) 24th September, 1903.—*Hon. Mr. Ferguson*.....*Not printed.*

103. Return to an address of the House of Commons, dated 30th March, 1903, for copies of tenders asked for and received for Quebec harbour improvements, during the last ten months; of reports to council, correspondence, and plans prepared by the department of public works, in reference to such works. Presented 11th June, 1903.—*Mr. Tarte*.....*Not printed.*

104. Return to an address of the House of Commons, dated 30th March, 1903, for copies of all orders in council, and of all other documents and correspondence relating to the appointment of a commission instructed to secure a site for a dry dock in the port of Montreal; likewise of the instructions given regarding that subject, the reports that may have been made, etc. Presented 11th June, 1903.—*Mr. Tarte*.....*Not printed.*

105. Return to an order of the House of Commons, dated 26th March, 1903, showing the number of buildings, or portions of buildings, rented or occupied by the government for offices or other purposes, in Ottawa, outside the departmental buildings; from whom rented, terms of lease or leases, and rent being paid for each. Presented 11th June, 1903.—*Mr. Sproule*.....*Not printed.*

106. Return to an order of the House of Commons, dated 15th April, 1903, for copies of all engineers' reports, plans, specifications, estimates and correspondence in reference to surveys made on French River and Lake Nipissing. Also copies of all reports and surveys recently made on the Ottawa and Culbute Rivers. Presented 11th June, 1903.—*Mr. Murray*.....*Not printed.*

107. Return to an order of the House of Commons, dated 23rd March, 1903, for copies of all correspondence, letters, documents, specifications, plans concerning the deepening of the River Jésus, from the end of the isle to the end of the Pacific Bridge, on the said river, so as to allow the passage of vessels drawing five feet of water. Presented 11th June, 1903.—*Mr. Desjardins*.....*Not printed.*

108. Return to an address of the House of Commons, dated 30th March, 1903, for a copy of the contract made with Poupore & Malone, for the construction of a wharf at the foot of St. Mary's Current, in the port of Montreal; and of any agreements modifying the original terms of said contract. Presented 11th June, 1903.—*Mr. Monk*.....*Not printed.*

109. Return to an address of the Senate, dated 27th May, 1903, for a copy of all the correspondence exchanged between the militia department, or the government of Canada, and the government of the province of Quebec, and the council of the city of Quebec, on the subject of the improvements to be made in the military riding school at Quebec, and its projected enlargement. Presented (Senate) 9th June, 1903.—*Hon. Mr. Landry*.....*Not printed.*

110. Return to an order of the House of Commons, dated 4th May, 1903, for a list of all permanent and temporary officials of the several branches of the department of the interior; date of appointment, and their salaries, on the first day of July, 1902. Also a list of the permanent and temporary officials of the Indian branch of that department, on the first day of July, 1896. And also on the same date in 1902 with same particulars as to date of appointment and salaries. Presented 12th June, 1903.—*Mr. LaRiviere*.....*Not printed.*

CONTENTS OF VOLUME 13—*Continued.*

111. Return to an address, dated 1st June, 1903, for a statement showing, year by year, the quantity and value of pulp wood exported from the port of Three Rivers, from 1896 up to date; such statement to show the name of each exporter, as well as the quantity and value of the wood exported by each one, also year by year; and in the case of exporters not having declared the quantities to the customs officer, the statement to show the value by the cord upon which the total value has been based, as declared by the exporters. Presented (Senate) 15th June, 1903.—*Hon. Mr. Landry*....*Not printed.*

112. Return to an address, dated 1st May, 1903, for a copy of all documents whatsoever relating to the commutation of the sentence of death pronounced against Joseph A. Mathurin, including therein the report of the judge who presided at the trial, the permission of the judge for the production of such report having been previously obtained. Presented (Senate) 15th June, 1903.—*Hon. Mr. Landry.* *Not printed.*

113. Return to an order of the House of Commons, dated 19th June, 1903, for copies of certain estimates in connection with the Canadian Northern Railway, as follows: 1. Approximate estimate of cost of line from Grandview to Edmonton—62 miles. 2. Approximate estimate of cost of construction from 100 miles east of Prince Albert to Prince Albert. Presented 19th June, 1903.—*Hon. A. G. Blair.* *Printed for both distribution and sessional papers.*

114. Return to an order of the House of Commons, dated 23rd June, 1903, for a copy of the report of the commissioners appointed to make an investigation into the accident which happened at West Lorne Station of the Lake Erie and Detroit River Railway on April 29th last. Presented 23rd June, 1903.—*Hon. A. G. Blair*.....*Not printed.*

115. Return to an order of the House of Commons, dated 24th June, 1903, for a statement showing: 1. The number of men employed by the customs department at each port in the Dominion on the 1st day of May, 1900. 2. The number of said men who were transferred to the statistical staff at Ottawa between the 1st May and 1st September, 1900. 3. The number of men in the employ of the customs department at each of the ports of the Dominion on the 1st day of May, 1903. Presented 24th June, 1903.—*Mr. Taylor*.....*Not printed.*

116. Return to an address of the House of Commons, dated 11th May, 1903, for copies of all orders in council, memorials, letters, telegrams, and other correspondence, and all other documents and communications in writing, between the 1st day of January, 1897, and the 1st day of May, 1903, relating to, or concerning, or in any way having reference to the granting of provincial autonomy to the North-west Territories; or the creation of the said territories into a province, or provinces. Presented 26th June, 1903.—*Mr. Borden (Halifax)*....*Printed for both distribution and sessional papers.*

116*a*. Supplementary return to No. 116. Presented 24th July, 1903. *Printed for both distribution and sessional papers.*

116*b*. Further supplementary return to No. 116. Presented 13th October, 1903. *Printed for both distribution and sessional papers.*

117. Return to an order of the House of Commons, dated 30th March, 1903, of all sales of school lands in Manitoba and the North-west Territories since 1896, showing: 1. Date of sale. 2. Place where the sale occurred. 3. Name of auctioneer. 4. Total amount of purchase money. 5. Total amount paid at time of sale. 6. Total amount paid since time of sale. 7. Total amount still due for principal and interest, respectively. 8. Total amount of sale by each auctioneer. 9. Total amount paid to each auctioneer for his services. Presented 29th June, 1903.—*Mr. Roche (Marquette)*..*Not printed.*

118. Return to an order of the House of Commons, dated 11th May, 1903, for copies of petitions, engineers' reports, estimates and correspondence, in reference to the building of a pier at or near Carlton Point, Prince county, Prince Edward Island, in connection with promoting the efficiency of winter communication between Prince Edward Island and the mainland. Presented 2nd July, 1903. —*Mr. Lefurgey*.....*Not printed.*

119. Return to an order of the House of Commons, dated 11th May, 1903, for copies of all reports, correspondence, petitions and papers, filed in the department of public works, or other department, in the matter of the lowering or regulating of the water of Lakes Simcoe and Couchiching; and the relieving of lands in the townships of Mara, Rama and Morrison, from floods occasioned by the overflow of said lakes. Presented 2nd July, 1903.—*Mr. Grant*.....*Not printed.*

120. Return to an order of the House of Commons, dated 30th March, 1903, for copies of all papers, letters, telegrams, contracts, specifications, and correspondence of every description whatever, between the minister of public works, or any other member of the government, and the contractors,

CONTENTS OF VOLUME 13—*Continued.*

sub-contractors, and other parties, in connection with the repairs to the post office, and the building of a new retaining wall, in connection with the post office, in the town of Woodstock, N.B. Presented 2nd July, 1903.—*Mr. Ingram* ..... *Not printed.*

121. Return to an order of the House of Commons, dated 8th April, 1903, for a statement showing amount expended each year since the 30th June, 1890, on public works of all kinds in Toronto, including Toronto harbour; showing the nature of each class of work in respect of which such expenditure has been made. Presented 2nd July, 1903.—*Mr. Grant* ..... *Not printed.*

122. Return to an order of the House of Commons, dated 18th May, 1903, for a copy of the receipt given for price of acquisition of site of new post office at L'Assomption; copies of all cheques issued in payment of any sums expended in connection with the purchase of site of said new post office, or expenses connected therewith. Presented 2nd July, 1903.—*Mr. Monk* ..... *Not printed.*

122*a*. Return to an address of the House of Commons, dated 18th May, 1903, for copies of all letters addressed to the government by Rudolph Arbour, Phineas Viger, Vital Racette, Joseph Ed. Duhamel, Charlemagne Laurier, M.P., and all answers thereto, in respect to a new post office for the town of L'Assomption, in regard to the contract for the acquisition of a post office site. Also a copy of the contract of sale; copies of tenders for building said post office, and of all reports sent in by the architect, in reference to said site and new building. Presented 2nd July, 1903.—*Mr. Monk.* *Not printed.*

123. Return to an order of the House of Commons, dated 28th April, 1902, showing the amount of money spent on the St. Lawrence River from Montreal to Quebec, with the object of making Montreal a national port. Presented 2nd July, 1903.—*Mr. Davis* ..... *Not printed.*

124. Copy of the contract for steamer service between the dominion of Canada and South Africa. Presented 7th July, 1903, by Sir Richard Cartwright ..... *Not printed.*

125. Return to an address of the House of Commons, dated 11th May, 1903, for copies of all correspondence, orders in council, and other documents, in anywise relating to improvements or work done by the government of the United States: 1st. In the Detroit River and Lake Erie. 2nd. In other international waters. Presented 10th July, 1903.—*Mr. Cowan* ..... *Not printed.*

126. Return to an address of the House of Commons, dated 4th May, 1903, for copies of all correspondence between the city of Vancouver and other persons, and the government of the Dominion, or any member thereof, relating to grant or lease of False Creek. Presented 13th July, 1903.—*Mr. Earle* ..... *Not printed.*

127. Return to an order of the House of Commons, dated 1st June, 1903, for copies of all papers and documents connected with the enumeration of the parish of Kars, King's County, N.B., in the Census of 1901; including copies of all correspondence between the Rev. Joseph McLeod, D.D., and Census Commissioner Blue, in relation thereto. Presented 13th July, 1903.—*Mr. Lancaster.* *Not printed.*

128. Return to an address of the House of Commons, dated 11th May, 1903, for copies of all orders in council, and all correspondence in connection therewith, respecting the purchase in Canada, by or through the government of Canada, or any department, or officer thereof, of any horses, hay, oats, material, supplies, animals, or merchandise, for the Imperial government, or any department, or officer thereof, during the years 1900, 1901 and 1902. Presented 15th July, 1903.—*Mr. Borden (Halifax)* ..... *Not printed.*

129. Return to an address of the Senate, dated 1st of June, 1903, for a statement showing, year by year, the quantities of each kind of wood entered at the port of Ottawa for exportation, since 1892 up to date. A similar statement for the port of Montreal. A similar statement for the port of Three Rivers. A similar statement for the port of Quebec. Presented (Senate) 15th July, 1903.—*Hon. Mr. Landry* ..... *Not printed.*

130. Return to an address of the Senate, dated 1st of June, 1903, for a statement showing, year by year, from 1896 up to date, the number of saw-logs and of other pieces of wood which have passed through the St. Maurice slides, distinguishing the number of pieces stopped respectively at Grandes Piles, Grand'Mére, and at the Shawenegan Falls (to be used at each of these localities or forwarded from each of these localities), from the number of pieces taken down as far as Three Rivers. Presented (Senate) 15th July, 1903.—*Hon. Mr. Landry* ..... *Not printed.*

131. Return to an order of the House of Commons, dated 22nd July, 1903, for a copy of the Report of the British Columbia Salmon Commission. Presented 22nd July, 1903.—*Hon. J. R. Préfontaine.* *Not printed.*

CONTENTS OF VOLUME 13—*Continued.*

132. Return to an order of the House of Commons, dated 24th July, 1903, covering map showing: 1. Odd sections finally reserved for the Qu'Appelle, Long Lake and Saskatchewan Railway and Steamboat Company for selection of its land grant. 2. Original tract reserved for same purpose, and also map showing: 3. Area available throughout the whole North-west Territories out of which the company was authorized to select its land grant, as per letter of 25th January, 1900, of the minister of the interior, with copy of such letter. Presented 24th July, 1903.—*Mr. Sifton*.....*Not printed.*

132*a*. Partial return to an address of the House of Commons, dated 4th May, 1903, for copies of all papers, orders in council, letters and correspondence, between the government, or any member thereof, in reference to land granted to the Qu'Appelle, Long Lake and Saskatchewan Railway Company; and also all letters, papers, correspondence, and orders in council, if any, with the Saskatchewan Land Company, in reference to their acquisition of the land granted to said Qu'Appelle, Long Lake and Saskatchewan Railway Company. And also as to their acquisition of the even-numbered sections within the territory granted to said railway company. Presented 24th July, 1903.—*Mr. LaRivière*.....*Not printed.*

132*b*. Supplementary return to 132*a*. Presented 21st August, 1903.....*Not printed.*

133. Return to an order of the House of Commons, dated 24th July, showing copies of papers of record in the department of the interior, with regard to the claims of Mr. Amos Barnes, for damages with respect to land occupied by him at East Selkirk, Manitoba. Presented 24th July, 1903.—*Mr. Sifton*.....*Not printed.*

134. Return to an address of the House of Commons, dated 1st June, 1903, for copies of all communications addressed to the government, or to any minister, in relation to the grant of fishing rights in James Bay, or Hudson's Bay, to Archibald McNee, of Windsor, Ontario. Copies of all answers thereto, and any communications relating to the transfer of said lease. Presented 24th July, 1903.—*Mr. Lancaster*.....*Not printed.*

135. Return to an order of the House of Commons, dated 11th May, 1903, for copies of all reports, correspondence, petitions and papers that are to be found in the department of marine and fisheries, or in any other department, concerning the construction and placing of fish-ladders in the Rivière du Nord, crossing the county of Two Mountains, from its confluence with the Ottawa River, at St. André, in the county of Argenteuil, to St. Jerome, in the county of Terrebonne, for the purpose of preventing the destruction of fish in the Rivière du Nord. Presented 24th July, 1903.—*Mr. Ethier.* *Not printed.*

136. Return to an order of the House of Commons, dated 1st June, 1903, for a copy of all returns from the local clerks of court, or other officers of the government, in the North-west Territories, showing number, names, occupations, residence, etc., of all persons naturalized in the North-west Territories during the past ten years, or any portion thereof; as well as all other information contained in such returns. Presented 31st July, 1903.—*Mr. Borden (Halifax)*.....*Not printed.*

137. Return to an address of the Senate, dated 15th July, 1903, showing the amount of customs and excise duties collected at the several ports of entry in the North-west Territories for the year ending the 30th June last. Presented (Senate) 31st July, 1903.—*Hon. Mr. Perley*.....*Not printed.*

138. Return to an order of the House of Commons, dated 4th August, 1903, for a copy of a Memorandum on the Status of the Question of Fishery Rights between the Federal and Provincial Governments. Presented 4th August, 1903.—*Hon. J. R. Préfontaine*.....*Not printed.*

139. Return to an order of the House of Commons, dated 5th August, 1903, containing the following maps: 1. Short Line Survey, Rivière Ouelle and Edmunston. 2. Short Line Railway, from height of land to Long Lake. Presented 5th August, 1903.—*Sir Wilfrid Laurier*.....*Not printed.*

140. Return to an order of the House of Commons, dated 1st June, 1903, giving: 1. The total number of Intercolonial freight cars in use on connecting lines on the first day of March, 1902, and the first day of March, 1903, respectively, or the nearest dates to these that the car mileage reports are prepared; the list of roads using these cars at the dates named, and the number in use on each road; and the number of days such cars have been in use on such roads. 2. The number of cars belonging to connecting lines in use on the Intercolonial on the first of March, 1902, and the first of March, 1903; the names of the roads owning or controlling these cars, and the number of days such cars have been in use on the Intercolonial on these dates. Presented 5th August, 1903.—*Mr. Haggart*.....*Not printed.*

141. Return to an order of the House of Commons, dated 1st June, 1903, giving: 1. The number of ties that have been issued in the sidings and on the main lines of the Intercolonial Railway, and charged to the capital account, for the years 1900-01 and 1901-02, and to the first of April, 1903. 2. Also as to the number of ties purchased between the 30th June, 1902, and the first of April, 1903.

CONTENTS OF VOLUME 13—*Concluded.*

The list of names from whom purchased, and the quality and prices paid. 3. The number of ties that have been actually used in the track, between the 30th of June, 1902, and the first of April, 1903, and charged to ordinary maintenance. Presented 5th August, 1903.—*Mr. Haggart.*
Not printed.

142. Return to an address of the House of Commons, dated 25th August, 1903, for copies of cablegrams that passed between the Honourable the Secretary of State for the Colonies and His Excellency, relative to the publication of the proceedings of the Colonial Conference. Presented 25th August, 1903.—*Sir Wilfrid Laurier*.....*Not printed.*

143. Return to an order of the House of Commons, dated 15th September, 1903, for copies of the report on the resources of the country between Quebec and Winnipeg along the line of the National Transcontinental Railway. Presented 15th September, 1903.—*Sir Wilfrid Laurier.*
Printed for both distribution and sessional papers.

144. Return to an address of the House of Commons, dated 18th May, 1903, for copies of the correspondence exchanged between the Dominion government and that of the province of Quebec regarding the following claims produced by the latter: 1. $1,425,855, being the share of the province of Quebec in the indemnity paid by the United States government as a compensation for the advantages accorded to American fishermen. 2. $490,000, indemnity due to the province of Quebec for leases and licenses granted by the federal government to fish in the interior and salt waters within the limits of the said province. Presented 11th September, 1903.—*Mr. Lemieux.*
Not printed.

145. Return of the regulations made by the governor in council under the authority of section 47 of the Dominion Lands Act, applicable or relating to the Yukon territory. Presented 10th October, 1903, by Sir Wilfrid Laurier.....*Not printed.*

146. Copy of correspondence respecting the arrangements entered into between the department of the interior and the North Atlantic Trading Company, for the promotion of emigration to Canada from the continent of Europe. Presented 16th October, 1903, by Hon. J. Sutherland...*Not printed.*

147. Return to an address of the Senate, dated 7th October, 1903, for a copy of the returns to the finance department for the years 1896 and 1897 of the Mutual Reserve Fund Life Association. Presented (Senate) 16th October, 1903.—*Hon. Mr. Domville*.....*Not printed.*

147*a*. Return to an address of the Senate, dated 2nd October, 1903, for a statement of the affairs of the Mutual Reserve Life Insurance Company of New York, as last sent to the insurance department. Presented (Senate) 16th October, 1903.—*Hon. Mr. Domville*.....*Not printed.*

148. Papers in connection with the Quebec bridge. Presented 20th October, 1903, by Hon. W. S. Fielding.....*Printed for both distribution and sessional papers.*

149. Correspondence and papers in relation to the Alaska boundary question. Presented 22nd October, 1903, by Sir Wilfrid Laurier.....*Printed for both distribution and sessional papers.*

150. Report of the commissioners appointed to examine the cattle guards in use on the principal lines of railway in Canada and the United States, and also of such inventions of this nature as were presented. Presented 22nd October, 1903, by Hon. W. S. Fielding.....*Not printed.*

151. Return to an address of the Senate, dated 15th June, 1903, for copies of all orders in council, correspondence, reports and recommendations of the warehouse commissioner, and other documents in anywise relating to the Grain Act, since January, 1901. Presented (Senate) 31st August, 1903. —*Hon. Mr. Young*.....*Not printed.*

152. Memorandum of settlement terms of the agreement made between the government of Canada and the Government of Manitoba for the settlement of the school question. Presented (Senate) 3rd September, 1903, by Hon. R. W. Scott.....*Not printed.*

153. Return to an address of the Senate, dated 3rd September, 1903, for a copy of the agreement referred to by the Honourable Mr. Roblin, in his interview with the gentlemen who composed the catholic deputation, as having been entered into and signed by Sir Wilfrid Laurier, representing the Dominion Government, on one side, and Honourable Mr. Clifford Sifton, representing the province of Manitoba, on the other side, together with a copy of the "reply given in writing to the memorial of the delegates, by the premier, Sir Wilfrid Laurier, and the minister of justice, the Honourable Mr. Fitzpatrick," and that, if no written reply was given by the premier, the senate be informed of the character of the demands made by said deputation, and of the answer given by, or of the action taken thereon, by the premier and the minister of justice. Presented (Senate) 24th September, 1903.—*Hon. Mr. Bernier*.....*Not printed.*

In this Report the details of expenditure and revenue for each department are given in a separate part, the parts being arranged alphabetically by the names of the departments. At the commencement of each part there is a summary of the expenditure indicating the pages where the details will be found. A similar summary of the revenue is given at the commencement of the revenue details. Thus, if an item of Immigration expenditure is wanted—it being known that this service is under the control of the Interior Department—on turning up that department in its place alphabetically, the summary at the beginning gives the page for Immigration, and there the details of expenditure will be found arranged under agencies. Similarly an item of expenditure under the control of the Public Works or any other department may be found in the same way.

For full index, see end of each volume.

I have the honour to transmit the report of the Auditor General on expenditure accounts, appropriation and statutory, and on revenue accounts, for the fiscal year 1901–2.

Space Covered by Report.

It is rather surprising how closely the space covered by the report corresponds with the amount of the gross sums involved in any year, every $100,000 involved covering between three and four pages, including appropriation accounts, details of expenditure, details of revenue, subsidiary accounts of all kinds—no matter to what year the accounts which are being considered belong. A business of $100,000 of revenue and corresponding expenditure, with all the criticism as to the manner in which the finances have been dealt with, is put in print in four pages. Wouldn't it be considered by the owner of the business a rather economical use of space which gave all the information connected with a $100,000 annual business in four pages of print?

Cost of Report.

Then look at the cost for everything,—salaries, contingencies of every kind in this office and for printing and paper in connection with these immense volumes,—$100 per $100,000. Does the business man who has a turn over of $100,000 grumble if he gets all that is done here in connection with expenditure, applied to every dollar of his $100,000 outlay and corresponding income, for $100? It must not be forgotten that in making out the details of the report for the King's Printer we are providing ourselves with the means of inevitably turning out all the duplicate payments which have been made in the same department in the year, one of such payments being, as the printed correspondence shows, $5,000.

The following figures give the actual cost and space covered at the different periods named :—

1889–90—Expenditure audited, $44,516,745.69.

Cost of audit—		
Salaries of audit office	$27,851 76	
Contingencies "	2,990 40	
Printing report	7,110 46	
		$37,952 62

No. of pages per $100,000, $2\frac{4}{7}$; cost per $100,000, $85.25.

1894–5—Expenditure audited, $45,144,495.33.

Cost of audit—		
Salaries of audit office	$30,123 76	
Contingencies "	2,985 02	
Printing report	10,694 31	
		$43,803 09

No. of pages per $100,000, $3\frac{1}{6}$; cost per $100,000, $97.

1899–1900—Expenditure audited, $56,752,140.12.

Cost of audit—

Salaries of audit office	$31,500 00	
Contingencies "	7,818 77	
Printing report	18,619 93	
		$57,938 70

No. of pages per $100,000, $3\frac{4}{5}$; cost per $100,000, $102.

Expenditure under Credits.

It has often been a subject of surprise to the Public Accounts Committee, when the information was given, that the bulk of the expenditure is made by the various departments under credits, that is before audit is made in the Audit Office. It appears to those who have not followed out closely our system, that this must mean that our audit is devoted to the rather barren purpose of pointing out mistakes irretrievably made; therefore, that no money is saved to the treasury by the process. It requires only a superficial examination of our methods to see that what is only a very natural conclusion, without knowing the facts, is really in this case quite inaccurate. There is scarcely such a thing as having a payment to deal with which does not belong to a class already dealt with over and over again, and on which therefore a man of any experience in the accountant's branch of the department is unable to point out the vouchers and certificates required to show that the claim is one which is of the character which should be recognized as valid against the Government, or the reverse, and to the allowed amount.

It is, however, to be borne carefully in mind that the undoubted advantages of having Departmental Credits from which to draw would be accompanied by an opportunity for recklessness, if there were not the present means of putting a stop at once to a careless use of public money through a credit. By having authority in the Audit Office to refuse the passage of an application for a credit, when instructions as to the classes of payments to be made under the credit are disregarded, control is secured. Those who have not given the subject attention may answer that the Audit Office might be unnecessarily severe. The best answer to that is, the system, as it is, has been in existence for nearly 25 years and there is no friction. When there are so many real evils to remedy, it is not yet time to deal with imaginary ones—those which have not shown themselves. The letter written to a Deputy Minister by me and his reply which will be found at D—286 will show how the matter is usually adjusted.

A defalcation just reported in one of the departments would seem to cast a doubt on the great confidence which twenty-four years of uninterrupted success has inspired with regard to the letter-of-credit system. But, although the results of the investigation into that defalcation are not yet reported, I am quite satisfied that the recurrence of defalcations of that kind will be prevented.

Work Laid Upon us by the Public Accounts Committee—Intercolonial.

Accounts.

The correspondence at W., page 362, *et seq.*, will show what success has been reached in securing audit at the Audit Office before payment with regard to accounts for work done under contract and other large claims, and with reference to items, the

ruling prices of which, while not unusually large, are more difficult to accurately determine than are those in ordinary accounts. It may be said that we have gotten over the main objections and obstacles in this connection.

Stores.

It occurred to me while the discussion was going on in the Committe, that even if, during the incumbency of each party, stores had been purchased without direct Parliamentary authority, there was no reason, if consistency in this respect was to be observed, why such authority should not be obtained. The correspondence at part W., page 367, will show that the question has made satisfactory progress and that a Bill is to be introduced during the coming session to close the matter up.

Subsidies to Railways.

There is a keen interest taken by the people of Canada, as shown by newspaper articles, in the question of subsidies to railways. There is a side of this question that is very interesting to me as an official, although it naturally does not attract public notice. Under the general Railway Subsidy Act which in recent years has usually found a place in the Annual Statutes, each mile built according to contract brings from the Government a minimum subsidy of $3,200, with a dollar additional for each two dollars spent above $15,000 per mile, until a maximum subsidy of $6,400 is reached. The Dominion officials at Ottawa engaged in seeing that no more than the proper subsidy is allowed to a railway company under the Act, have to assist them, east of Manitoba, only two engineers. These engineers are unable to do more than visit but very rarely the many railways building, and can get but a general knowledge of the cost of the works ; while the companies and their employees have every inducement to work up large bills of cost and every opportunity of doing so, and it is so difficult for us to test the accuracy their figures. I have had before me since early last summer, with unsatisfactory results, a large claim for the additional subsidy. I have nothing better to suggest, if subsidies are to be continued, than that a fixed sum should be provided by Parliament for each mile of a railway, the rate per mile to vary of course for each railway and to be recommended by the Railway Department, after a careful inspection shall have been made by a competent, painstaking engineer.

The mode of letting Contracts for Public Works.

It will be observed that a large part of the correspondence connected with the Railways and Canals and the Public Works Departments is devoted to the interpretation of the law regarding the letting out of contracts and that, with the assistance of the Department of Justice and Mr. Aylesworth, K.C., the following points have been agreed upon :

That all work should be let after tenders have been called for by public advertisement, unless there is emergency, or unless it is in the public interest to have it done by the servants of the Government.

With reference to this it will naturally be assumed by a layman on first sight that the contract would be illegal if these conditions were not complied with, but it is fur-

ther explained that, unless in case of fraud, the contract is legal, even if tenders are not called for, as the person who undertakes the contract is not expected to know all the restrictions on the powers of the Government. He finds the members of the Government in possession and supposes they have all the authority which their conduct gives ground for believing that they possess. You will observe further that there is a more restricted meaning to 'Works' than might be supposed. It does not apply to a finished article which is to be had in ordinary market at known prices, such as nails, boards, &c.

Then posters with reference to a moderate work, naturally undertaken by a person in the neighbourhood, meet the requirements. Notices to all establishments in Canada which supply the superstructure of bridges is considered as meeting the law in that respect. Like notices to those engaged in making railway cars or engines would be considered as meeting the law in cases where their special products are called for, as no others could possibly undertake such works.

In cases where the lowest tender has not been accepted it is required under Section 33 of the Audit Act that the person in charge of such part of the public service should certify that the prices are fair and just. This requirement is observed.

It does not appear to me that the contention of the Public Works Department that when part of the work is done by the servants of the department, the rest of the work is exempt from the law requiring that tenders should be called for, is justifiable.

Amendments to the Audit Act suggested.

I must draw attention to the great risk which the country is running by Parliament not going over the Audit Act to see what amendments are required by the general progress in Canada in a quarter of a century and by the improved processes which have been developed during that period, that is since the law was passed. It is very important that my successor, when he comes, should not be obliged to work out anew all that I must have learned outside of the direct wording of the Act under which our system was inaugurated. The expenditure of time and energy, which in this office at least can always find full employment in other useful purposes, had better be saved.

Civil Service Act as to Examinations should be observed.

I beg to request that, what ever may be done in connection with the doing away with the restrictions of the provisions of the Civil Service Act as to examinations, in connection with other employment, such restrictions be made to apply to such persons as are to find positions in any accountant's branch of a department, unless the country is prepared to go still further and adopt the competitive system. The apparent success of this office in controlling expenditure is really dependent to as great a degree on the quality of the services of the accountants' branches in the different departments as it is upon the direct work of this office. In this connection attention may be given to the correspondence which begins at V, page 389. This does not partake of any general want of confidence in the Public Works Department. I have great respect for the fitness of the deputy minister for his position.

Salaries Generally.

It may be well to remind the readers of the report that, although I have not changed at all my mind with reference to the necessity of confining the personal receipts of employees to what they receive as salary, I am fully aware that the additional cost of living as compared with what it was ten years ago is much greater than any little perquisite that is received by unexpended travelling allowances.

It does not require the finding of a place in an auditor's report to be patent to everybody that it is the poorest economy to accept the services of men at salaries greatly below what such services bring in private occupations. The fact that men accept positions at salaries much below what such services secure from others is evidence that the men are unable to perform the services properly. Although it must not be lost sight of that the permanency of the positions and other advantages which need not be enumerated, are manifest reasons against the salaries being as large as many kinds of outside employment bring, it is absurd to suppose that, when an important office becomes vacant, it will attract applicants which the same kind of outside employment secures, Civil Service salaries having been practically standing still for thirty years, while outside remuneration, although during part of that time unchanged and sometimes even retrogressive, has on the whole greatly advanced. Although the inequalities are not proportional in all grades of the service, they exist in them all to a greater or less degree.

Correspondence.

I may refer to the following statement as indicating the part of the correspondence in the Report, which seems most important, in addition to that with the Departments of Railways and Canals and Public Works, dealt with already.

Agriculture Dept.—

D—284.—Accounts certified by officials having only secondary knowledge of receipt of goods.

D—286.—Auditor General's responsibility in connection with credits, under Sec. 30 of Audit Act—Census payments.

Customs Dept.—

F—40, 41.—Overpayments.

F—42, 43.—Advances unaccounted for.

Geological Survey—

H—11 to 17.—Provisions of Act respecting the Dept. of Printing and Stationery disregarded in connection with the purchase of books, &c. Geol. Survey Dept. urges that it is 'in the interest of the service' to purchase direct. King's Printer replies that his department is best qualified to do the work and the interests of the service are best met by complying with the law.

Indian Affairs—

J—179, 180.—Votes used for expenditure not properly covered by them.

J—185.—Goods should not be supplied by government officials.

Inland Revenue—

K—47.—Necessity for audit in connection with stamps destroyed.

Interior Dept.—

L—93.—Payment of a daily allowance instead of actual living expenses.

L—173 to 177.—Collection of royalty on gold in Yukon Territory. Exemptions and extension of time for payment.

Justice Dept.—

M—54, 55.—Sheriff's fees, Yukon Territory. Question of deposit of the gross revenue.

Marine and Fisheries Dept.—

P—159 to 163.—Delay in accounting for advances.

P—163 to 165.—Accounts rendered by A. Theriault not satisfactory. Audit offices urges that outlay now made by Mr. Theriault should be made by departmental cheques in favour of creditors.

P—167.—Irregularity of practice of holding over accounts from year to which they properly belong.

P—168.—Allowance for living expenses in excess of actual expenses, objected to on the ground that the excess is an addition to salary, which it is not legal for the Governor in Council to grant.

P—193-4.—Revenue from wharfs and piers should be deposited and expenses paid from an appropriation.

Militia and Defence Dept.—

Q—100-101.—Certificate to accounts should not be given by persons having only secondary knowledge.

Q—108.—Halifax Garrison—Captain's responsibility for public money.

Post Office Dept.—

S—55.—Prolonged leave of absence previous to superannuation. Dept. quotes C. S. Act, sec. 49, sub-sec. 2.

Printing and Stationery Dept.—

T—80 to 83.—Departments should not order stationery supplies direct from dealers, and the responsibility of the Dept. of Printing and Stationery for payment of accounts for supplies so ordered. King's Printer says he has no option but to pay them. Audit Office claims that he should refuse to pay for articles not ordered as required by Printing and Stationery Act.

Trade and Commerce Dept.—

Y—8.—Necessity of having government officials at the various furnaces to verify the claims for bounty on iron and steel.

Y—11 to 19.—Bounty on Iron and Steel—statements of disposition of output required in support of bounty claims.

Y—22-27.—Inspection of Staples. Audit Office asks for statements of fees collected and disposition of the same.

J. L. McDOUGALL,
Auditor General.

AUDIT OFFICE,
OTTAWA, Feb. 27, 1903.

AUDITOR GENERAL'S REPORT
1901-1902

PART A

EXECUTIVE REGULATIONS

AND

TREASURY BOARD OVER-RULINGS

EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE

Powers of Attorney.

RULES *prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.*

1. No Officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payments can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General power of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February, 1, 1870.

Registration of Letters containing Cheques.

Order in Council, December 6, 1882.—Ordered that the various departments be required to register all letters containing cheques.

JOHN J. McGEE, *C.P.C.*

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary*

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs:

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future

JOHN J. McGEE, *C.P.C.*

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: "That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1). That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3). That no cheques be signed in blank, either in the inside or outside service.

(4). That all cheques be drawn in the form : "Pay to the order of———" ; and not in either of the forms : "Pay to———or bearer," or "Pay to——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :—(List not printed.)

JOHN J. McGEE, *C.P.C.*

Contracts.

Extract from Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that (hereafter) * * * * * * with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $1,000 nor more than $5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTE, *C.P.C.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. McGEE, *C.P.C.*

(*Circular.*) FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, May 2, 1893.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. McGEE, *C.P.C.*

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

Tenders to be invited for works.

Sections 11 and 12, Railways and Canals Act.—11. The Minister shall invite tenders, by public advertisement, for the execution of all works, except in cases of pressing emergency, in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the Minister.

12. The Minister, in all cases in which any public work under his control is being carried out by contract, shall take all reasonable care that good and sufficient security is given to and in the name of Her Majesty, for the due performance of the work, within the amount and time specified for its completion; and also, in all cases in which it seems to the Minister not to be expedient to let such work to the lowest tenderer, he shall report the same and obtain the authority of the Governor in Council previously to passing by such lowest tender; and no sum of money shall be paid to the contractor on any contract, nor shall any work be commenced, until the contract has been signed by all the parties therein named, nor until the requisite security has been given.

Sections 13 and 14, Public Works Act.—13. The Minister shall invite tenders, by public advertisement, for the execution of all works, except in case of pressing emergency in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the department.

14. The Minister, in all cases in which any public work is being carried out by contract, shall take all reasonable care that good and sufficient security is given to and in the name of Her Majesty. for the due performance of the work within the amount and time specified for its completion; and also in all cases in which it seems to the Minister not to be expedient to let such work to the lowest tenderer, he shall report the same and obtain the authority of the Governor in Council previously to passing by such lowest tender; and no sum of money shall be paid to the contractor on any contract, nor shall any work be commenced, until the contract has been signed by all the parties therein named, nor until the requisite security has been given.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Audito General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Secretary*

The Auditor General.

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

JOSEPH POPE, *Asst. C.P.C.*

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

J. M. COURTNEY, *Secretary.*

Stationery Office

Order in Council, June 26, 1889 (as amended by O. C., July 11, 1889).—His Excellency, in pursuance of the powers vested in him by Revised Statutes, chap. 27, sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order :—

1. In every department the Deputy Head shall sign all requisitions in accordance with sec. 7, chap. 27, of the Revised Statutes, and a clerk, to be named by the head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending, also, their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the emyloyees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence, bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief bags, shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal ; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

JOHN J. McGEE, *C.P.C.*

Newspapers and Books.

Order in Council, June 18, 1894.—Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 18, 1894.—Regulations respecting the purchase of newspapers, books and magazines, to the several departments :—

(1.) That a maximum limit of $500 be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.

(2.) That books and magazines, other than those which are of a technical character and necessary for the proper working of the department, shall be purchased only on authority of the head of the department.

(3.) That no newspapers be supplied to outside offices of any department except on the authority of the Minister of that department.

JOHN J. McGEE, *C.P.C.*

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

JOHN J. McGEE, *C.P.C.*

(Circular.)

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896.

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

* * * * * * *

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue

their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Legal Services.

Order in Council, April 12,1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

Certified, W. A. HIMSWORTH, *C.P.C.*

Removal Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the Minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted ;—

"*Removal Allowances.*—No removal allowances can be granted except on report of the Treasury Board. No romoval allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

Travelling Expenses—No allowance while on Steamers.

(Order in Council, November 10, 1886.)

TREASURY BOARD,—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by the officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows :—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships, or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. McGEE, *C.P.C.*

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses ; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip ; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

"The whole of the expenditure was incurred on Government business."

JOHN J. McGEE, *C.P.C.*

Note.—The Lieutenant-Governor of the North-west Territories is allowed $5 a day by Order in Council, January 12, 1888.

Order in Council, March 13, 1895.—That the moving expenses of judges holding weekly sittings of the High Court of Justice at Ottawa and London, payment of which is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :—

For each sitting at Ottawa	$25 00
For each sitting at London	10 00

JOHN J. McGEE, *C.P.C.*

Order in Council, March 4, 1897.—That the Order in Council of the 23rd October, 1896, in reference to advances for travelling expenses from Civil Government Contingencies, be amended to read as follows :—That hereafter no advance be made to officers of the several departments, out of Civil Government Contingencies, for travelling expenses, in excess of one hundred and fifty dollars ; and that all advances made to them be accounted for at the end of each quarter, and that no advances be made until previous advances are settled.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the $10 a day allowance to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

* * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Triplicate Receipts for refunds on account of Civil Government Contingencies to go to Accountant of Contingencies.

Order in Council, June 10, 1893.—That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council.

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies, be forwarded by the department or officer making such refunds to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

JOHN J. McGEE, *C.P.C.*

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary" ; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that " in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

The Deputy Minister of Finance. GEO. W. BURBIDGE, *D.M.J.*

Appointments subject to changes in Superannuation Laws.

Order in Council, 18th November, 1896.—That all appointments made after 23rd June, 1896, or to be hereafter made, shall be subject to the understanding and conditions that the persons so appointed accept office subject to any changes which may be made in the Superannuation Laws of Canada ; and that such appointees be notified of such understanding, and that a copy of this Minute, if approved, be forwarded to the deputy head of each department, and that each deputy head be requested to forward a copy thereof to each person to whom it may apply.

JOHN J. McGEE, *C.P.C.*

Civil Service Promotions.

Order in Council, April 12, 1893.—His Excellency, in virtue of the provisions of section 39 of " The Civil Service Act," as amended, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation :—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall, as a condition of promotion, be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

JOHN J. McGEE, *C.P.C.*

Salaries : Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed, be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, *Asst. C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Extra Salary.

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12.—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor :—" 51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

Public Service: Hours of Attendance, Extra Salary.

AUDIT OFFICE, OTTAWA, August 11, 1899.

SIR,—The Department of Justice has recently made application to me for payments to members of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of The Queen *vs.* Bradley. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard should be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is manifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will be much more unpopular with their assistants than the deputies in the other Departments with theirs.

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obliged if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

Order in Council, 19th August, 1899.—That the provisions of the 9th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public "service requires it, the Heads of Departments or Deputy Heads to have the right to call for the "attendance of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. McGEE, *C.P.C.*

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved, W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, *C.P.C.*

Information to be sent to the Treasury Board on Matters affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated June 19, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

(*Circular.*)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements:—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

T. J. McGEE, *C.P.C.*

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Hounourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Chap. 17):—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

Temporary Employees: Certificates of Attendance.

TREASURY BOARD, OTTAWA, October 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after September 1, 1891, be certified as follows:—

"I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked,"

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant.

J. M. COURTNEY, *Secretary.*

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of..... .....and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

J. M. COURTNEY, *Secretary.*

Departmental Employees: Pay-List.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Special Leave of Absence to Employees.

Order in Council, June 29, 1893.—No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. McGEE, *C.P.C.*

Leave of Absence to Temporary Employees.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.

JOHN J McGEE, *C.P.C.*

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. McGEE, *C.P.C.*

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. McGEE, *C.P.C.*

Rate of Pay for Copying.

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. McGEE, *C.P.C.*

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of $3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $5 per day, he shall be entitled to receive $5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, *C.P.C.*

Petty Expenses—Advances.

Order in Council, November 12, 1884.—Ordered that the sum of two hundred dollars ($200) be granted as a standing advance to each department of the public service for "Petty Expenses," but that before the same is renewed for any department, a detailed statement of the sums expended on account of petty expenses shall be furnished to the Auditor General.

JOHN J. McGEE, *C.P.C.*

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.— * * * * * * * * * * * * *

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—"(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements";—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See* 38 Vic., cap. 13.) As the grant in the

case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13.)

I am, sir, your obedient servant,

The Secretary, Treasury Board GEO. W. BURBIDGE, *D.M.J.*

(*Circular.*) TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board :—

" That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. McGEE, *C.P.C.*

Order in Council, Feb. 9, 1893.—That the Order in Council of January 7, 1884, permitting temporary officers on receiving permanent appointments to place themselves as far as regards their temporary services, under the operations of the Superannuation Act be cancelled.

J. J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Insurance of Government property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property ; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, *C.P.C.*

Security of Public Officers.

(Order in Council, August, 1869.)

On the recommendation of the Honourable the Minister of Finance, the Committee advise that the annexed memorandum from the Board of Audit containing certain rules defining the circumstances under which security is to be required from public officers be approved and adopted.

WM. H. LEE, *C.P.C.*

The Board of Audit has had under consideration the Act respecting the securities of public officers and the Order in Council founded thereon. Although the manner in which security is to be given is therein laid down, there does not appear to be a sufficient definition of the circumstances under which security is to be required. After conference therefore with the other deputy heads who have not seats on the Board of Audit, the Board submit for the consideration of the Government the following resolutions :—

1. Every person collecting or receiving revenues in cash to be paid by him over to the Receiver General must give security.

2. Every paymaster whose business it is to distribute money handed over to him must give security.

3. Every person to whom letters of credit are given, or to whom warrants issue, whether accountable warrants in round sums to meet general expenditure or warrants to enable him to pay sums ascertained to be due, and who pays such sums by his own official cheque against an official account at the bank, shall give security.

4. When a department receives an accountable warrant for general expenditure or warrants to meet sums ascertained to be due, and such warrants are placed to the credit of the department in an official account, the cheques must be signed by the head or deputy head, and at least one other person in the department who has been designated for that purpose as being cognizant of the transaction and of its being duly received, and in such case it is not necessary that either should give security.

5. The paylists are paid by the bank upon the cheque of the deputy head in the department and of the collector at the ports and inland revenue stations. If the deputy head or collector gives his cheque in favour of the individual or order, he will not be required to give security, but if the whole money is drawn on one cheque to be distributed, the person charged with the distribution should give security.

6. It sometimes happens that in order to save the issue of many warrants or official cheques, money is paid to a department to distribute, although such a transaction may not fall within the ordinary duties of that department. In such cases unless the cheques are signed by another person in the department besides the deputy head, security ought to be given.

7. When for any reason money is casually placed in the hands of any person in a matter not belonging to the regular duties of his office, he cannot be called upon to give security, and it would be better in all such cases to place the money in the hands of two persons who should both sign the cheques.

8. Where a warrant issues in favour of any person and it is paid to him by a cheque in favour of any other person, he will not give security.

9. Where a warrant or letter of credit issues in favour of a Minister of the Crown to enable him to make certain payments, no security is required, but it would be better, except in special cases, that such credits or warrants should issue in favour of the department as in rule (4), in which case a second signature would be required.

It may be advisable to give some instances of cases which would fall under the above rules to render their operations more intelligible.

(1.) Collectors of customs and excise, the cashier of the Post Office Department, the collector of hydraulic rents for the Public Works, the collector of patent fees, Department of Agriculture.

(2.) The paymasters of the Public Works and Militia Departments and the International Railway Commission.

(3.) The accountant of contingencies, the wardens of penitentiaries, and all other persons receiving accountable warrants for petty expenses.

(4.) All the expending departments would come under this rule, but there should be a distinct order in each department, who should sign the cheques. The payment of interest and other services on general or open warrants, where the cheques are signed by both the Deputy Receiver and Deputy Inspector General would come under this rule, and the paymasters in Nova Scotia and New Brunswick.

(5.) All persons authorized to sign paylist cheques.

(6.) It often has occurred when the actual payee is not accessible that warrants have issued to the Receiver General to enable him to pay. Many of such cases will be met by the new arrangement of giving the cheque not in favour of the Receiver General, but of the individual. Such cases may, however, occur again, and would fall under this and the next rule. So also a sum may be paid to the Commissioner of Inland Revenue to distribute for small refunds of duty. Such sums ought to be placed to an official account as in any other expending department, although it may not be the ordinary business of the department, and the cheques should be countersigned.

(7.) Thus a certain sum was placed at the credit of the Secretary of the Treasury Board, to be expended as directed. Such a transaction formed no part of the duties of his office, and if such a thing is done again, a second person should be named to countersign the cheques.

Franking Privilege at Ottawa.

Order in Council, February 25, 1892.—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved :—

REGULATIONS.

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head may frank by a written signature or initials ; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any case be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.

6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.

7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of Ministers, shall be transmitted in envelopes having printed or written thereon the words " On Her Majesty's Service " ; and no envelope bearing the superscription shall be used for any private correspondence.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

JOHN J. McGEE, *C.P.C.*

Tariff of Fees on Commissions.

Order in Council, September 7, 1893.—The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State, with reference to the tariff of fees upon commissions to public officers :—

That the following tariff of fees chargeable upon commissions to public officers be confirmed :—

1. Upon commissions to Lieutenant-Governors, Ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of $20.

2. Upon commissions issued to officers or others receiving salaries of $1,000 or over, a fee of $15.

3. Upon commissions issued to officers or others receiving salaries from $400 to $1,000, a fee of $8.

4. Upon commissions issued to officers or others receiving salaries from $100 to $400, a fee of $5.

5. Upon commissions issued to officers or others receiving salaries of $100, or to officers or persons appointed to office, who are paid by fees of office, a fee of $4.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of $3,000 or upwards, the fee chargeable on commissions issued to them be fixed at $20.

The above to apply to commissions issued under the Great or Privy Seal.

He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid.

JOHN J. McGEE, *C.P.C.*

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance; and that no further charge be allowed for such letters and interviews; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissionner hereafter appointed with his commission, or the notification of his appointment, and that such commissioner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

The Auditor General, JOHN J. McGEE, *C.P.C.*

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1893.—On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 18, 1893.—That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Reports to 500 copies each.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 27, 1896.—The Committee on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

JOHN J. McGEE, *C.P.C.*

EXECUTIVE REGULATIONS GOVERNING REVENUE AUDIT.

Treasury Minute, June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary*

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give, the letter was unanswered; but, in order that the law may be complied with, I have now to state that the rules are approved of.

* * * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public Moneys.

(1.) Receipts with printed consecutive numbers should be used.

(2.) A receipt should be given for each payment.

(3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.

(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made; and it should be signed by the collector, and when payment is made in person, by the payer.

(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $25. If the daily receipts do not amount to $25, a deposit should be made whenever that sum or more is on hand.

(6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration, the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows:—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $25; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper department, a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary, certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicable to each department be submitted to the Board for approval.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S DECISIONS BETWEEN THE COMMENCEMENT OF THE SESSION OF 1902 AND THE SESSION OF 1903.

Railways and Canals: Canadian Construction Co's. claim for extras, Farran's Point Canal.

Extract from Statement of Claims of the Canadian Construction Company in connection with their contract and notes thereon by the Superintending Engineer.

CLAIM No. (9 OR 8*b*.)

Alterations in foundations of lock :—Loss by alterations due to discovery of rock, $16,410.10, the whole as explained below.

On account of no definite information being in possession of the department as to the nature of the lock foundation and as the original plan showed a uniform floor of timber and concrete throughout the entire lock bottom, we had provided all the necessary material to complete same according to plan.

In the month of May, 1898, we were ordered to stop cutting stone pending the sinking of test-pits to decide what the foundation was composed of, which work was carried on during the months of April, May and June, 1899, the result being the finding of rock in the centre recess, the upper chamber and the upper recess which entailed changes in the foundations and the preparation of new plans, which new plans are signed and dated, August 16th, 1898.

All the above caused us delay and stopped our lock work and we were obliged to pay expensive masons and other skilled labor, besides all this we were deprivedof our profit on 2,000 cubic yards of the best paying part of our masonry and for which we had all the cut stone ready.

We also had to cut large sized stone for the upper mitre sill platforms, this was not contemplated by the original plans, it also entailed special quarrying at that stage of the work. We also contracted for cement on the strength of the estimated quantities and were obliged to take the whole amount contracted for, and at present have a large quantity on hand.

The loss under the above headings is as follows :—

Loss caused by our being held back from cutting our stone according to plans and at the same time kept from cutting stone in fine weather and by being put to extra expense in keeping expensive men in quarry waiting, expecting to be ready from day to day. We could have finished cutting all our stone in November, 1898, if we were allowed to proceed according to the plans.

Four months at $1,100 per month	$4,400
Ninety-seven yds. cut stone in mitre sill platform at $20	1,940
Profit on 1,900 cubic yds. of masonry in lock foundation at $2.50	4,750
Extra cost of quarrying 97 cubic yds. of stone for mitre sill platform at $3	291
Profit on 450 cubic yds. of cement concrete in lock foundations at $1	450

LOSS ON STONECUTTING.

In the month of June, 1897, we commenced cutting stone in Milleroches quarry and were cutting some according to the specifications furnished us by the Government Engineers. The inspector condemned the cutting and instructed us to cut them much

finer than any pick-faced work along the Cornwall or other canals on the river, for which stone we were obliged to pay 10 cents per superficial foot extra which amounts to, for 45,791 superficial feet, $4,579.10.

Engineer's Note.—The foundation of the lock was changed owing to the unexpected discovery of rock in the bottom of the lock-pit, the extent of which could only be determined as the work progressed.

The changes in foundation did not affect the masonry of the lock walls proper, and any changes from the original plan provided for the use of all materials already prepared.

Any additional masonry was paid for at contract rates as provided for in the specification.

When the stone cutting commenced in the Milleroches quarry it was pointed out that it was not as required in specifications and the contractor was referred to a quantity cut and approved, piled in Larkin & Sangster's quarry, this claim should be rejected.

The loss claimed by alterations in foundation of lock, provided detailed statements are furnished should, in my opinion, be favourably considered. As presented Claim No. 9 cannot be dealt with intelligently.

Claim No. 10 (or No. 9.)

Cost of constructing dams and of the unwatering of canal prism in winter, from centre recess to Sta. 36, in order to remove rock not mentioned on plans or specifications, the whole explained in letter from The Canadian Construction Company to the Hon. A. G. Blair, Minister of Railways and Canals, on Nov. 15th, 1898, $8,132.35.

Engineer's note.—The dams were formed for the purpose of excavating the rock in bottom of canal from the head of the lock to Sta. 35.

The appearance of rock in the prism was as in the case of the lock entirely unlooked for. Had it been discovered earlier, whilst the works on the extension walls of lock were in progress the dams and unwatering provided for during the spring of 1898, would not have required duplicating in 1899.

The total cost from office records amounts to $7,584.26, as against the contractor's claim of $8,132.34.

This second unwatering, although provided for in specification is, under the circumstances, submitted for favourable consideration.

Order in Council, February 5, 1900.—On a memorandum dated February 1, 1900, from the Minister of Railways and Canals, representing that in connection with the works for the enlargement of the Farran's Point Canal, the Canadian Construction Company, the contractors for the said works, have submitted certain claims, ten in number, the aggregate of which amounts to $89,457.34.

The Minister further represents that full examination and discussion of these claims, based upon investigation of the company's books and accounts, and explanations furnished by the contractors and by the Superintending Engineer, has resulted in a report made by that officer on January 24, 1900, in which, dealing with each several item, he arrives at the conclusion that amounts aggregating $70,309.74 should fairly be allowed, and under date January 29, 1900, the Chief Engineer of the Department of Railways and Canals, before whom and the Minister of Railways and Canals the whole matter was fully discussed, has reported to the effect that he has no hesitation in endorsing the said report of the Superintending Engineer, a copy of his report is hereto attached.

The Minister, concurring in this view, recommends that authority be given for the inclusion of the said several allowed amounts, aggregating $70,309.74 in the Engineer's estimates for this work.

The Committee advise that the requisite authority be granted accordingly.

The Hon. the Minister of Railways and Canals. J. J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, August 17, 1900.

SIR,—I have received from your Department an application No. 572½, for $33,278.77, in favour of the Canadian Construction Co., being the total of bills amounting to $70,309.74, less ten per cent drawback, for delays and damages in connection with their work at Farran's Point.

These delays and damages seem to have resulted from the neglect of some Government officer or officers. It will be necessary, before making payment, that the responsibility for their neglect be fixed upon the proper officers. Also, it should be on record, whether these officers do or do not admit their errors, and how far they coucur in the amounts payable therefor.

Further, it appears necessary that the Justice Department be asked to pronounce upon our liability for the damages, and upon the methods by which they are assessed.

If similar claims are to be made by the adjacent contractors, who probably work under the same system of control, I would prefer that all be presented and examined before any are paid.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, August 21, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, relative to the application made to you on the 14th ultimo, for the sum of $63.278.77, in favour of the Canadian Construction Company, being the total allowances (less ten per cent drawback) for delays and damages in connection with their work at Farran's Point. In reply I have to state that the delays in question arose from the fact that Messrs. Kerr Brothers, owners of certain adjacent property, had prevented the contractors from dumping the material excavated from the prism of the canal and lock pit, into the river St. Lawrence in front of their property, which was a spoil ground provided by the Government for that purpose. As the result of this action, the carrying out of this class of work had to be postponed to the winter season, the contractors' engines and rolling stock, meantime, standing idle. The Department fails to see what connection there can be between the present claim and other possible claims of contractors, of a similar nature, elsewhere; and it would appear to be neither reasonable nor businesslike to delay the payment of this claim, because some other contractor has not presented, or been invited to present, a similar one.

The present claim appeared to be so just and fair that it was not referred to the Department of Justice, but as you appear to make a point of such a reference, they have been asked for advice in the matter.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.,R. & C.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 12, 1900.

SIR,—I have the honour to inform you that, in accordance with the suggestion contained in your letter of the 17th uitimo, in regard to the application made by this Department for the issue of a cheque in favour of the Canadian Construction Company, in settlement of their claims for delays and damages in connection with their works at Farran's Point, the question of liability has been submitted to the Department of Justice, and an opinion has been received from them, dated the 11th inst, a copy of which I inclose for your information, in which they express the view that the Government must be held legally liable to pay the amount agreed upon.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.,R. & C.*

DEPARTMENT OF JUSTICE, OTTAWA, September 11, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant, in reply to my letter of the same date respecting the claim of the Canadian Construction Co., in connection with their contract for Farran's Point canal.

You state that the terms of the Order in Council have been communicated to the company, which has agreed to accept the amount mentioned therein in full settlement of all its claims in the matter, but that neither the communication not the acceptance are in writing. It appears that the contractors submitted claims for extras or damages sustained owing to delays aggregating $89,457.34; that these claims were considered by His Excellency in Council, ond that by the Order in Council of February 5 last, the Minister of Railways and Canals was authorized to pay on account thereof $70,309.74. It also appears that the Minister has decided to pay this amount and that the company has agreed to accept it. In these circumstances, and having regard to the further facts disclosed by the papers, I am of the opinion that the Government must be held legally liable to pay the amount so agreed upon, but upon paying the same I would advise you to obtain from the company a written receipt in full of their claims as submitted.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, Sept. 17, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant in reference to mine of the 17th ultimo, regarding the claim for damages by the Canadian Construction Company in connection with the work at Farran's Point.

When I mentioned what appeared the necessity of learning from the Justice Department the legal liability of the Government, it did not occur to me to point out that it was the liability of the Government directly under the contract which I thought ought to be known. As I gather from the letter of the Justice Department inclosed in yours to me, we are liable, because an Order in Council has been passed sanctioning the payment of a certain sum, and the substance of the Order in Council has been communicated to the Construction Company. Now, as I say above, what I desired to know was what was the liability of the government before the Order-in-Council was passed—that is, on the merits of the case.

I shall, therefore, before deciding as to the course which I should take with reference to your application for payment, get outside legal advice on the cas , on the assumption that an admission of indebtedness has not been made by the Government.

You do not say what ground the Government had, when the contract was made, for the view that they had the right to use the St. Lawrence on front of Kerr Brothers' property as a spoil ground, and what it was which convinced them that they had not the right.

Please answer fully the 2nd paragraph of my letter. You appear to have overlooked it.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, October 4, 1900.

SIR,—Let me acknowledge receipt of your application, No. 572½, for $63,278.77 in favour of the Canadian Construction Co., for extras allowed to them in connection with delays, &c., at Farran's Point. Total, $70,309.74; drawback, $7,030.97; difference, $63,278.77.

After careful consideration of all the documents supplied to me, I now make the following observations and requests for further information:

* * * * * *

Claim 9 (or 8 b.): Alterations owing to Discovery of Rock.

Mr. Rubidge says: 'The foundation of the lock was changed, owing to the un-'expected discovery of rock in the bottom of the lock-pit, the extent of which could 'only be determined as the work progressed."

The contractors charged for loss of profit on masonry and concrete not needed on a rock foundation, which would have been needed on an earth foundation.

Section 70 provides for a 12-inch bed of concrete, but section 73 proceeds: 'If solid 'rock is found on the site of the lock at the proper level the walls will be commenced 'thereon without artificial foundation.'

The contractors were warned, therefore, that concrete would not be needed if rock was struck, and if they ordered too much cement, &c., they have no claim for re-payment. It is surprising that section 73 was not noticed by Mr. Rubidge and quoted by him to the contractors.

Claim 10 (or 9): Unwatering Prism to Remove Rock, $7,584.26.

Please explain wherein this differs from section 14 of the contract-schedule. Items 13 and 14 are as follows:

13. Unwatering lock-pit, station 13 to station 27 – 50 as specified, $4,000.
14. Unwatering remainder of section, where and when required, $1,000.

I do not see that the contract allows payment of anything in excess of $1,000 for unwatering the prism. The contractors were not told that they would find no rock.

* * * * * *

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, October 25, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 4th instant, by which, in connection with the application made to you by this department for the issue of a cheque in favour of the Canadian Construction Company, for the sum of $63,278.77, for extras allowed them in respect of delays, &c., in connection with their contract works on Farran's Point Canal, you ask for further information in that regard.

In reply, I inclose herewith a letter, dated the 19th instant, from the superintending Engineer of the Williamsburg Canals, covering a report (a copy of which, also I inclose) made to him by the resident engineer of the said canal under the date the 16th instant, in which, it is hoped, will be found the information desired.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

ST. LAWRENCE DISTRICT, SUPERINTENDING ENGINEER'S OFFICE,
CORNWALL, October 19, 1900.

Farran's Point Canal.

SIR,—In reply to No. 118,138 of the 9th inst., inclosing a copy of a communication from the Auditor General, of October 4, 1900:

I inclose herewith a report to the superintending engineer (and copy thereof from resident engineer, Mr. Rheaume) on the subject of the claims generally as referred to in the Auditor General's letter.

And I also beg to refer to my report of January 24 last, and to state that I think it inexpedient to comment upon the strictures of the Auditor General thereon.

I am, sir, your obedient servant,

Sec'y., Dept. Railways and Canals. TOM S. RUBIDGE, *Sup. Engr.*

CORNWALL, October 16, 1900.

SIR,—In reply to the Auditor's communication of the 4th inst. concerning certain claims made by the Canadian Construction Co., on account of the Farran's Point Canal enlargement, I beg to offer the following information and replies with regard to the different observations contained in the letter, viz.:—

* * * * * *

Claim No. 9 or 8b, (re Account No. 8), Alterations owing to discovery of rock.

1. In view of the fact that there was no expectation that rock would be found throughout the extent of the lock foundation, on October 23, 1897 a bill of timber was supplied the contractors by Mr. Weller, the resident engineer, for the full extent of the lock foundation.

2. On December 20, 1897, all the timber was delivered on the works and a portion of it still remains on hand.

3. Up to that time there was no indication of rock in the lock-pit and a timber and concrete foundation was still contemplated.

4. On March 25, 1898, the contractors received a telegram from Mr. Rubidge to the effect that rock had been discovered in the chamber of upper recess of the short or 270 feet lock, and that a change would require to be made and that plans would be prepared and sent.

5. On July 4, 1897(?), I reported to Mr. Rubidge as follows:—

'My connections with the work date from May 12, 1898. I was then informed that rock existed in the bottom of the lock-pit and found out some test pits had already been dug.

I proceeded to dig a number of test pits in order to ascertain the full extent of the rock which I found extended over all the upper reach of the foundation for the new lock. The material on the top of the rock consisted of hard pan which had to be excavated by means of a steam shovel before ascertaining the exact formation of the surface of the rock.

Pending this operation, the stone cutting for this portion of the lock had to be stopped for the reason that the height of the courses to be cut could not be determined before the rock was stripped.'

'As a natural consequence a rock foundation necessitated an alteration by doing away with a timber, concrete and stone foundation as existing in the lower reach of the new lock.'

'It was not until August, 1898, that the rock was stripped and when an accurate plan could be made.'

'This alteration I feel satisfied caused some unavoidable delay to the contractors.'

'To simplify matters as much as possible. we made use of some of the courses of stone already cut by recutting them, the labour for this was paid in estimates as well as for the levelling of the rock surface in the upper recess.'

'For the upper mitre-sill platform extra large dimension stone and coping had to be quarried and cut at a greater cost than that cut for ordinary lock walls.'

'I am not in a position to say to what loss the contractors have been put in the quarry, on account of this alteration, but I am aware that it altered somewhat their mode of working, both for having to procure extra large stones and awaiting the result of the proposed alteration during the four months mentioned by the contractors.'

'It is a fact that the contractors had made arrangements for a greater quantity of cement than was used on the works and had to dispose of 2,000 barrels at cost price which they transferred over to Messrs. Larkin & Sangster, thereby loosing also the profit they might have made had this cement been used in the work.'

'The following statement represents the quantities affected by the above mentioned alterations, viz.:—

Masonry in upper mitre sill platform	89	c. yards
" in side walls	760	"
Concrete in foundation	820	"

6. I cannot see that either section 70 or 73 of the specification was left unnoticed, but under the existing circumstances it was utterly impossible to locate the work or form an accurate idea of its extent and some provision had to be made.

Consequently for want of the necessary information the contractors can hardly be held responsible.

7. With regard to the stone- cutting the contractors state that at the beginning of the work fault was found, the stone was not picked close enough. Finally they had to overhaul some of the stone and picked all the stone required much finer than called for, thereby incuring a greater expense.

Claim No. 10 or 9.—Unwatering prism to remove rock, $7,584.26

1. Had the contractors been given the required information with regard to the location of the 'rock in situ,' they could have unwatered the remaining part of the section during the first winter season at the time they unwatered the lock-pit and in so doing could not expect any further remuneration than provided for by sections 13 and 14 of the contract schedule.

2. In this case it was utterly impossible to locate the rock on account of the very hard material overlying it,

3. The contractors were not told that they would find no rock; section 73 of the specification refers to solid rock only in the lock-pit. It could not be anticipated elsewhere, especially when provision had been made for a lock foundation without rock.

4. In the fall of 1898, the contractors were told they must remove that rock during the coming winter. When the minister and chief engineer visited the works towards the close of the season, the contractors say that they drew attention to the fact that they would require to build new dams and unwater a second time in order to remove the unexpected rock; they say that they were told to go on and do it and the extra cost incurred would be favourably considered.

5. Had the rock been removed during the summer season it would have greatly interfered with navigation and would have delayed the works considerably, besides causing an enormous outlay.

I am, sir, your obedient servant,

L. N. RHEAUME, *Resident Engineer.*

The Superintending Engineer, St. Lawrence Canals.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 8, 1901.

SIR,—The recent discussions of the Canadian Construction Co.'s claim have removed my objections to several of the items.

* * * * * *

Claims 8b and 9—Rock found.

The contractors took all the risk of finding rock instead of earth. I am unable, therefore, to recognize these items.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 17, 1901.

SIR,—Referring to your communication of March 8 last, upon the subject of items of the claims allowed the Canadian Construction Company by me in connection with their contract for the enlargement of the Farran's Point Canal, and to which you take exception, viz. :—

* * * * * *

Item No. 8*b*.—Extra work in connection with founding lock on solid rock $9,588 50

I was under the impression, until two days ago, that at the interview I had with you shortly after the receipt of your communication of March 8 last, I had convinced you that the $9,588.50 was a fair and just amount for the service; however, it appears I was in error. I will, therefore, reduce to writing what I orally stated to you on that occasion.

The lock was designed to be built upon a timber foundation resting on clay, it not being known at that time that solid rock was to be reached at a reasonable depth. Plans of the lock showing the artificial timber foundation, with specification describing the work, were exhibited to intending contractors. Tenders were received on that basis and a contract was entered into, the work was proceeded with and the foundation was excavated for the artificial foundation. When I ordered test pits to be sunk to ascertain if solid rock was to be had at a reasonable depth below what was intended to be the bed of the artificial foundation, solid rock was so found, and inasmuch as such a foundation would ensure stability, I directed the contractors to cut down to the rock and rest the lock upon it, which was done, and I am convinced the contractors are fairly entitled to be paid the amount for which I have given my certificate; as verbally explained to you in March last, the contractors took no risk as to finding rock below grade.

Item No. 9—Extra unwatering of prism..... $7,584 28

I have again looked carefully and closely into this matter, and after giving it a good deal of consideration, in consultation with the law clerk of this department, I confess it appears to be open to debate as to whether or not the contract covers it, or whether it should be treated as an extra; if the latter, the amount would appear to be correct. I am referring the matter to the Justice Department for advice.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M. & Chief Engr.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 31, 1901.

Re Claim Canadian Construction Co.

SIR,—I have just looked into the remaining unpaid items of this claim.

* * * * * *

Item 8b.—Lock foundation on rock, $9,588.50, which should be described, I think: "Expenditure in providing material for expected foundation on earth."

Your argument that the contractors had a right to rely without inquiry or investigation on there being no rock in the lock foundation because it was not provided for in a certain plan, does not now seem convincing.

When you called at the time to which you refer in your letter, I was, as you indicate, impressed with your argument based on the plan, and promised to look into the matter carefully from your point of view, which I have just done.

It is true you give a description of what the foundation of the lock is to be if there is no rock, but you protect yourself by sections 6 and 32 of the specification, which are as follows:—

'6. The plans exhibited are only intended to show the general mode of construction and the proposed arrangement of structures, &c. During the progress of the work, and as more exact information is obtained, the engineer will furnish from time to time such additional instructions and detailed working drawings relating to location of structures, their foundations and masonry walls, &c., and of the alignment and embankments modified and adapted to the circumstances of the case, for the contractor's guidance, as he may deem necessary, and in all cases of defective or omitted description or any ambiguity, the explanation given by the chief engineer of the department—who shall be the sole judge as to the proper meaning of the plans and specifications—shall be considered correct, and in case of any misunderstanding or dispute arising, his decision shall

be final ; and whenever neither specification nor plans contain any notice of minor parts, the intention to include which is obvious, and which are necessary for the completion and stability of the work, the contractor, if so directed, must carry out such additional parts in like manner as if they formed part of the original design, and at the schedule prices tendered for a like class of work, and no claim for extra compensation beyond those prices will be entertained.

'32.—Excavation will consist of earth and rock, the former is to embrace all kinds of material found in deepening the entrances and the canal and excavating the lock pit, except solid rock and boulders measuring $\frac{1}{4}$ of a cubic yard and over, old crib work and loose ballast, old stone or brick walls of buildings as well as foundation walls, the price for which is to include the cost of the removal of sunken hulls of old vessels and the timber work in old buildings. Rock excavation will embrace solid rock and boulders measuring $\frac{1}{4}$ of a cubic yard and over, old cribwork and loose ballast and stone or brick walls of buildings and foundation walls, the price for which is to include the cost of the removal of sunken hulls of old vessels and the timber work in old buildings. The price tendered for earth excavation in close pile trenches (for which side slopes of 1 to 1 will be allowed) is to include all kinds of material found therein, amongst them being boulders, old cribwork, &c.'

Then item 8 of the schedule is :—

'Rock excavaation in lock pit from station 13 to station 27 and 50 including boulders measuring $\frac{1}{4}$ of a cubic yard and over, old crib work stone and brick work of buildings and foundation walls, the price of which is to include the cost of removing the timber work, &c., of buildings as specified, per cubic yard 80c.

This also shows clearly that no investigation had been made to show that there was no rock in the lock foundation.

From all the information supplied to the tenderers it was quite manifest that there was no indication that earth could be counted upon as being the only material in the lock pit.

I therefore decline to pass 8b.

As indicated in my previous letter, I feel compelled to take a similar position with reference to 9 (extra unwatering of prism).

I am sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 31, 1901.

SIR,—I have the honour by direction to inform you that certain claims put forward by the Canadian Construction Company for extras under their contract for work on the Farran's Point Canal have for some time past been under consideration and were allowed by an Order in Council of February 5, 1900, to the extent of seventy thousand three hundred and nine dollars and seventy-four cents ($70,309,74) on September 11, 1900, the Department of Justice advised to the effect that the Government must be held legally liable to pay that amount.

The Auditor General, however, has raised a difficulty as to passing the application for payment and though having admitted certain items, has now under date the 31st instant, finally declined to pass the following items :—

8b.	Lock foundation on rock	$9,588 50
9.	Extra unwatering of prism	7,534 28

Under these circumstances, I have to ask that you will be pleased to obtain a ruling of the Hon. the Treasury Board on the point whether the Auditor General's objections should be sustained or overruled. I inclose all papers.

I am, sir, your obedient servant,

COLLINGWOOD SCHREILER, *D.M., R. & C.*

The Secretary Treasury Board.

TREASURY BOARD, OTTAWA, May 31, 1901.

SIR,—I have the honour to inclose herewith T. B. file, No. 27806, being an appeal by the Dept, of Railways and Canals from your objections to the passing of certain items for payment in connection with claims put forward by the Canadian Construction Company for extras under their contract for work on the Farran's Point Canal, and I have to request that you will be good enough to advise me for the information of the Treasury Board as to what your objections are to the payments in question and also the ground for such objections, together with the section and clause of the Audit act upon which the objections are based.

I shall also be glad to receive any remarks you may wish to make regarding the case.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Sec.*

AUDIT OFFICE, OTTAWA, June 14, 1901.

SIR,—I have the honour to acknowledge the receipt of T. B. file 27806, an appeal from the Department of Railways against my ruling on certain items of its application in favour of the Canadian Construction Co.

The whole claim as presented was as follows :—

1. Delay to steam shovels	$ 5,487 53
2. Trestles and trucks at station 14	860 00
3. Handling excavation, 23½ to 58	950 00
4. Unnecessary handling stone	7,200 00
5. Grading road and laying track	2,184 25
6. Winter excavation in lock-pit	17,994 15
7. Coffer dams	16,432 85
8a. Extra cutting of stone	2,025 70
8b. Lock foundation on rock	9,588 50
9. Extra unwatering of prism	7,584 26
	$70,307 24

These are all extras.

With the exception of the 10 per cent drawback and 8b and 9, all the claims as presented have been paid. Everything for which the Government was in any sense responsible has been acknowledged.

The two items which remain—

8b. Lock foundation on rock	$ 9,588 50
9. Extra unwatering of prism	7,584 28

are inadmissible as charges against the Government.

With reference to 8b : In my letter of the 31st ultimo, I say that the description of this item ought to have been 'Expenditure in providing material for expected foundation on earth.'

Mr. Schreiber, in support of this item, in his letter of May 17 last, says :

'The lock was designed to be built upon a timber foundation resting on clay, it not being known at that time that solid rock was to be reached at a reasonable depth. Plans of the lock, showing the artificial timber foundation, with specification which described the work, were exhibited to intending contractors. Tenders were received on that basis, and a contract was entered into, the work was proceeded with and the foundation was excavated for the artificial foundation. Then I ordered test pits to be sunk to ascertain if solid rock was to be had at a reasonable depth below what was intended to be the bed of the artificial foundation. Solid rock was so found, and, inasmuch as such a foundation would ensure stability, I directed the contractors to cut down to the rock and rest the lock upon it, which was done, and I am convinced that the contractors

are fairly entitled to be paid the amount for which I have given my certificate, as verbally explained to you in March last. The contractors took no risk as to finding rock below grade.'

The following are my reasons for maintaining that Mr. Schreiber's views with reference to this item are not upheld by the contract:—

The plan to which Mr. Schreiber refers was dated the same day as the specification on which tenders were called for, and therefore was issued simultaneously with the specification. It cannot contain anything binding by implication only which is contrary to provisions of the specification. It contains provisions for the way in which the lock was to be constructed in the event of stone not being discovered—a very necessary thing to do. It in no way follows that because directions are given as to what is to be done in a certain event that the event is guaranteed.

Section 6 of the contract, quoted in my letter to Mr. Schreiber of the 31st ultimo, shows plainly that plans were not to be looked upon as indicating anything more than what was to be done in the event of certain circumstances arising. Then, section 32 of the specification and item 6 of the schedule show that rock was contemplated as a contingency in the lock-pit.

The following, as quoted in a letter of mine to Mr. Schreiber, of October 4, 1900, sets the matter clearly at rest:—

'The contractors charged for loss of profit on masonry and concrete not needed on a rock foundation which would have been needed on an earth foundation.

'Section 70 provides for a 12-inch bed of concrete; but section 73 proceeds: "If solid rock is found on the site of the lock, at the proper level, the walls will be commenced thereon without an artificial foundation.'

'The contractors were warned therefore that concrete would not be needed if rock was struck, and if they ordered too much cement, &c., they have no claim for repayment. It is surprising that section 73 was not noticed by Mr. Rubidge and quoted by him to the contractors.'

Claim 10:

Unwatering prism to remove rock $7,584 26

Let me recall what was said in my letter of October 4 last, with reference to this point also:—

'Please explain wherein this differs from section 14 of the contract schedule. Items 13 and 14 are as follows:—

'13: Unwatering lockpit stn. 13 to 27 – 50 as specified.... $4,000

'14: Unwatering remainder of section where and when required..... 1,000

'I do not see that the contract allows payment of anything in excess of $1,000 for unwatering the prism. The contractors were not told that they would find no rock'.

The Superintending Engineer in his submission to the department on the sheet paged 13, says that this claim is covered by the contract. 'This second unwatering, although provided for in specification, is, under the circumstances, submitted for favourable consideration'.

What ought to be the course with reference to all such claims seems so clear that there is nothing to urge except what occurred to me the first time that a case of the kind came before me for consideration, and what strikes every one who takes this view.

The Judge of the Exchequer Court said, with reference to this treatment of Government contracts, that it was the making a gift of public money, which the Government could not do.

The system of interpretation is one under which the Government gives away all results favourable to itself and frees the contractor from the disadvantages of all events unfavourable to him.

My objection is under section 32, subsection (a) of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, June 4, 1902.

SIR,—Referring to your letter of 30th ultimo, with regard to the claim of The Canadian Construction Company for extras under their contract for work on the Farran's Point canal, I herewith return your file, upon which the Minister of Justice has marked his concurrence with the opinion of Mr. Scott, of June 17, 1901.

I am, sir, your obedient servant,

The Secretary Treasury Board, Ottawa. E. L. NEWCOMBE, *D.M.J.*

DEPARTMENT OF JUSTICE, OTTAWA, June 17, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th instant, and of the inclosed file of papers T. 27806 B—being an appeal by the Department of Railways and Canals from the objections of the Auditor General to the passing of certain items for payment in connection with the claims put forward by the Canadian Construction Company for extras under their contract for work on the Farran's Point canal.

In reply, I beg to state that the acting Minister of Justice and Attorney General, the Honourable Mr. Scott, concurs in the opinion expressed in my letter of September 11 last, addressed to the Secretary of the Department of Railways and Canals, that under the circumstances of this case, as stated in the letter referred to, the Government must be held to be legally liable to pay the amount agreed upon in settlement of the claim of the Construction Company. The Acting Minister is of opinion that the Government has no right to go behind that settlement in order to question the validity, on the supposition of there having been no settlement of the claims of the company in respect of any particular item which may have been allowed, or taken into account, in arriving at the amount to be paid. The Acting Minister thinks, therefore, that the company is entitled to be paid the amount of the items to which the Auditor takes exception, and that there is the same parliamentary authority for their payment as there is for the payment of any items which are undisputed. Papers returned.

I am, sir, your obedient servant,

Ap. (Sgd.) R.W.S. E. L. NEWCOMBE, *D.M.J.*
I concur, June 4, 1902.
(Sgd.) C. Fitzpatrick.
The Secretary Treasury Board.

Treasury Board Minute, June 10, 1902—The Board had under consideration the papers in connection with a reference made by the Department of Railways and Canals for a ruling of the Board in regard to the refusal of the Auditor General to sanction the payment to The Canadian Construction Co., of the following items of their claims for extras under their contract for work on the Farran's Point canal, namely :—

8 'b'.	Lock foundation on rock	$9,588.50
9.	Extra unwatering of prism	7,584.28

The objections of the Auditor General are set forth in his letter of June 14, 1901, a copy of which is hereto annexed, and are taken under section 32, subsection (a) of the Consolidated Revenue and Audit Act, that is to say, on the ground that there is no Parliamentary authority for the payment of the items in question.

The Board had also under consideration a letter from the Deputy Minister of Justice, dated June 17, 1901, (copy annexed), from which it appears that the then Acting Minister of Justice and Attorney General, the Honourable Mr. Scott, is of opinion that the company is entitled to be paid the amount of the items to which the Auditor General takes exception and that there is the same Parliamentary authority for their payment as there is for the payment of any items which are undisputed.

This opinion was recently referred for the opinion of the present Minister of Justice and Attorney General, Hon. Mr. Fitzpatrick, and it appears from the endorsement on the letter of June 17, 1901, and from the letter of June 4, 1902, from the Deputy Minister of Justice, (copy annexed) that Hon. Mr. Fitzpatrick concurs in the opinion of Hon. Mr. Scott.

The Board in view of these opinions, are of the opinion that the objections of the Auditor General are not well taken and should be overruled and they direct that payment be made to The Canadian Construction Company of the amount above indicated.

J. M. COURTNEY, Secretary.

Railways and Canals : Increase of salary from date prior to Order in Council granting it.

AUDIT OFFICE, OTTAWA, March 24, 1902.

SIR,—I am in receipt of your March Supplementary pay-list in which payment is claimed of an increase in salary to Mr. J. L. Payne, to date from July 1, 1901, the date of the Order granting the increase being March 12, 1902.

I beg to state that the increase can be paid only from the date of the instrument which grants it, namely March 12.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, April 21, 1902.

SIR,—I have the honour to inclose herewith T. B. file No. 28983 being papers received from the Department of Railways and Canals in connection with your objections to the payment of the increase of salary to Mr. J. L. Payne, as private secretary to the Minister of Railways and Canals, from $400 to $500 per annum for the current year as authorized by Order in Council of March 12, 1902.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objections to the payment in question, and also as to the section and clause of the Audit Act upon which such objections are founded.

I shall also be glad to have any remarks you may wish to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 17, 1902.

SIR,—I beg to return herewith Treasury Board File No. 28983, being the papers in connection with the appeal of the Department of Railways and Canals against my objection to the payment of an increase of salary to Mr. J. L. Payne, as private secretary, for a period prior to the date of the Order in Council authorizing the increase.

The ground of my objection is that it is not within the authority of Council to give effect to an increase of salary from a date prior to the Order in Council granting such increase, unless there is statutory provision for the increase. In the present case there is no such provision. Mr. Payne was employed under authority of a previous Order in Council which defined his services as those of private secretary, and fixed the remuneration for the services. The Government would be breaking its contract if it refused to pay the salary stipulated in that Order in Council for a period for which the services had been performed. It is equally clear, that the employee having continued his ser-

vices as contemplated by that Order in Council, the Government, acting as a trustee, cannot legally add to the remuneration for the period between the dates of the two Orders in Council.

My objection is under sub section (a) of section 32, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, May 19, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant —T. 28983 B.—and accompanying papers in connection with the objections of the Auditor General to the payment of an increase of salary to Mr. J. L. Payne, as private secretary to the Minister of Railways and Canals, as authorized by an Order in Council of March 12, 1902.

The objection of the Auditor General is that the increase is to date from a date anterior to that of the Order in Council by which it is authorized and is therefore, *ultra vires* of the Governor in Council for the reasons frequently urged by him in previous cases involving the same question.

I am to state that the Minister of Justice and Attorney General concurs in the opinion expressed on several occasions by his predecessors that there is no foundation for the view of the Auditor General that such increases cannot legally be dated back, where there is money voted by parliament out of which the salary might have been paid at the increased rate from the date fixed by the Order in Council. A late case in which the question arose was that of a proposed increase in the salary of Mr. W. G. Parmelee, as Chief Comptroller of Chinese Immigration, and the report of this department on that case, will be found in the last report of the Auditor General at page A—41.

The Minister is of the opinion that the Civil Service Act and the Appropriation Act afford parliamentary authority for the payment of the salary at the increased rate from the date fixed by the Order in Council. Papers returned.

I am, sir, your obedient servant,

The Secretary Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Board Minute. May 30, 1902.—The Board had under consideration the papers in connection with the objections of the Auditor General to the payment of an increase of salary to Mr. J. L. Payne, as private secretary to the Minister of Railways and Canals, as authorized by an Order in Council of March 12, 1902.

The objection of the Auditor General is that the increase is to date from a date anterior to that of the Order in Council by which it is authorized and is, therefore, *ultra vires* of the Governor in Council, and he took his objection under subsection *a.* of section 32, Consolidated Revenue and Audit Act. The grounds of the objection are set forth in the letter from the Auditor General under date of May 17, 1902, copy annexed.

The Board had under consideration a letter from the Deputy Minister of Justice, of May 19, 1902 (copy annexed), from which it appears that the Minister of Justice is of opinion that the Civil Service Act and the Appropriation Act afford parliamentary authority for the payment of the salary at the increased rate from the date fixed by the Order in Council.

The Board direct that the objections of the Auditor General be overruled and that payment be made to Mr. Payne of the increased salary as authorized by the Order in Council of March 12, 1902.

J. M. COURTNEY, *Secretary.*

Inland Revenue: Special Leave of Absence to Employee in Laboratory.

DEPT. OF INLAND, OTTAWA, December 2, 1901.

SIR,—In returning the monthly pay-list of salaries of the Adulteration of Food branch of this department for November, I notice that you have struck off the sum of fifty ($50) dollars, being the salary of Margaret Tyrrell.

I beg to call your attention to the fact that Miss Tyrrell was appointed to the position of assistant analyst, by Order in Council, dated June 27, 1898, and that by Order in Council of November 4, 1901, she was granted leave of absence for one month, with pay from November 1, 1901, and that at the expiration of such leave her resignation be accepted.

Will you please be good enough to advise me of your reasons for refusing to pay Miss Tyrrell's salary for the month of November, as the Order in Council appears quite clear on this point?

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M., I.R.*

AUDIT OFFICE, OTTAWA, April 19, 1902.

SIR,—With reference to the Order in Council of November 4, 1901, purporting to grant one month's leave of absence to Miss Margaret Tyrrell, an assistant analyst in the laboratories of your department, I beg to say that, in my view, there is no authority for giving leave of absence with pay to any employee of the Government except those who are entitled by law to this privilege. Miss Tyrrell is not one of these, because only those persons who are permanently employed under the Civil Service Act may receive such leave, and they are eligible to receive it only because special provision is made in the Act referred to for granting it to them.

I am, sir, your obedient servant,

The Deputy Minister Inland Revenue. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, April 30, 1902.

SIR,—I have the honour to inclose herewith T. B. file, No. 29028, in connection with your objection to the payment to Miss Margaret Tyrrell, assistant analyst in the Laboratory of the Inland Revenue Department, of her salary for the month of November, 1901, during which period she was on leave of absence as authorized by Order in Council of November 4, 1901.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objection to the payment of Miss Tyrrell, and also as to the section and clause of the Audit Act under which such objection is taken.

I shall also be glad to receive any remarks you may desire to offer regarding the matter.

I am, sir, your obedient servant.

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 17, 1902.

SIR,—I return herewith Treasusy Board No. 29028, in connection with the appeal of the Department of Inland Revenue against my objection to the payment to Miss Margaret Tyrrell, assistant analyst in the Laboratory of that Department, of her salary for the month of November, 1901, during which period her absence from the Department was sanctioned by an Order in Council.

The only parliamentary authority for granting leave of absence to government officials is found in section 49 of the Civil Service Act, and this section authorizes leave of absence only in the case of permanent officers of the Civil Service. Miss Tyrrell's employment was under the provisions of the Act respecting the Adulteration of Food and therefore, she is not entitled to the privilege conferred by Section 49 of the Civil Service Act.

My objection, accordingly, comes under section 32 (*a*) of the Audit Act, on the ground that there is no parliamentary authority for granting leave of absence with pay, except in the case of persons permanently employed under the Civil Service Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, May 19, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of 17th instant,—T. 29028 B.—and of the accompanying papers relating to the objection of the Auditor General to the payment to Miss Margaret Tyrrell, assistant analyst in the Department of Inland Revenue, of her salary for the month of November, 1901, during the period she was on leave of absence, as authorized by Order in Council of November 4, 1901.

The objection of the Auditor is based upon the fact that Miss Tyrrell is not a permanent officer of the Civil Service and that, therefore, for reasons frequently urged by him in similar cases the Governor in Council had no authority to grant her leave of absence with pay.

I am to state that the Minister concurs in the view of his predecessor, the Hon. Mr. Mills, with respect to the legal point involved in these cases, and is of opinion that the Governor in Council has the power referred to. I may refer to the cases of Miss Costin and Miss Graham, in which the same question arose and was reported upon by this Department on January 11th and 15th last, respectively.

The Minister is of opinion that there is parliamentary authority for the payment to which the Auditor objects in the Civil Service Act and the Appropriation Act. Papers returned.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Board Minute, May 30, 1902.—The Board had under consideration the objection of the Auditor General to the payment to Miss Margaret Tyrrell, assistant analyst in the Department of Inland Revenue, of her salary for the month of November, 1901, during the period she was on leave of absence, as authorized by Order in Council of November 4th, 1901.

The objection of the Auditor General, which is taken under section 32 (*a*) of the Consolidated Revenue and Audit Act, is that not being a permanent official she is not entitled to the privilege conferred by section 49 of the Civil Service Act. See letter from the Auditor General of May 17th., 1902, copy annexed.

The Board had under consideration a letter from the Deputy Minister of Justice of May 19, 1902, copy annexed, from which it appears that the Minister of Justice is of opinion that there is parliamentary authority for the payment to which the Auditor General objects in the Civil Service Act and in the Appropriation Act.

The Board directs that the objection of the Auditor General be overruled and that payment be made to Miss Tyrrell of her salary as authorized by the Order in Council of November 4th, 1901.

J. M. COURTNEY, *Secretary.*

Militia and Customs Depts.: Extended leave with pay to Inside Service Clerks.

AUDIT OFFICE, OTTAWA, June 4, 1902.

SIR,—I am in receipt of a pay-list from your department in which payment is claimed of the salary of Major D. C. F. Bliss, for the months of April and May.

I beg to be informed how long Major Bliss was absent under the leave of absence granted him by Order in Council of April 17, 1900, and also how long he has served in the Department since that leave expired.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 10, 1902.

SIR,—In reply to your inquiry of the 4th instant, I have the honour to inform you that Major D. C. F. Bliss was absent on leave of absence granted him by Order in Council of April 17, 1900, from March 15, 1900, to January 21, 1901, and he has served in the department since that leave expired, from January 21, 1901, to February 1, 1902.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D. M., M. & D.*

AUDIT OFFICE, OTTAWA, June 14, 1902.

SIR,—I have the honour to request to be furnished with the possible information as to the rates of pay now received by D. C. F. Bliss and R. H. Moir, for their services in connection with the military contingents in South Africa. The former of these gentlemen is permanently attached to your own department, and the latter to the Customs.

I am, sir, your obedient servant

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 14, 1902.

SIR,—In reply to your inquiry I have the honour to state that Major D. C. F. Bliss, of this Department, is serving with the 2nd Regt., Canadian Mounted Rifles, as a Non-commissioned Officer with pay at the rate of 7s. or $1.70 per diem.

I am, sir, your obedient servant,

The Auditor General. L. F. PINEAULT, *D. M., M. & D.*

AUDIT OFFICE, OTTAWA, June 23, 1902.

SIR,—With reference to your applications for payment of salary to Major D. C. F. Bliss, I regret that I do not see my way to passing his salary during his absence in South Africa, in view of the fact that only recently a year's absence with pay, the maximum allowance authorized by the Civil Service Act, was completed by Major Bliss.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE.

SIR,—I have the honour to inform you that by Order in Council dated May 20, 1902, Major D. C. F. Bliss was granted leave of absence with pay, from February 1, 1902, in order to proceed to South Africa, with the 2nd Regiment, Canadian Mounted Rifles, and that his salary was to continue while so absent.

The usual pay-lists were forwarded to the Auditor General for the necessary authority to issue the cheques for the salary of this officer for the months of April, May and June, but the Auditor General, in a letter dated 23rd instant, refused to sanction such payment.

Under these circumstances I have the honour to request that you will be good enough to submit the matter to the Hon. the Treasury Board, with a view to having the decision of the Auditor General reversed, and authorize the issue of cheques to pay the said salary during the period covered by the Order in Council.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. F. PINEAULT, *D., M., M. & D.*

TREASURY BOARD, OTTAWA, June 24, 1902.

SIR,—I have the honour to inclose herewith T. B. file No. 29,544, being an appeal by the Department of Militia and Defence from your objections to the payment of the salary of Major D. C. F. Bliss during his absence in South Africa, which absence was authorized by Order in Council of May 20, 1902.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objections to the payment in question, and also as to the section and clause of the Audit Act under which such objections are taken.

I shall be glad to receive any remarks you may desire to make in connection with the case. Will you kindly let me have your answer at your earliest convenience?

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 4, 1902.

SIR,—I am in receipt of a pay-list from your department in which payment is claimed for the salary of Mr. R. H. Moir for the months of February, March, April and May.

Before passing this pay-list, I wish to be informed how long Mr. Moir was absent under the leave of absence granted him by the Order in Council of April 17, 1900, and also how long he has served in the department since the leave expired.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A. G.*

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1902.

SIR,—Referring to yours of the 4th instant respecting the salary of Mr. R. H. Moir, for February, March, April and May, I find Mr. Moir was absent on the leave granted him by Order in Council of April 17, 1900, eleven and one-half months, or until April 1, 1901. He has served in the department since the last mentioned date until January 20, 1902, or for nine and two-thirds months.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, June 16, 1902.

SIR,—I am in receipt of your letter of the 14th instant in reference to the rate of pay received of Major Bliss as a non-commissioned officer with the Canadian Mounted Rifles. You omitted to state the pay received by Mr. Moir, of the Customs Department for his services in the same regiment. Perhaps it was an oversight. Kindly give me the information if you can conveniently.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 18, 1902.

SIR,—In continuation of my letter of the 14th instant I have the honour to state that Mr. R. H. Moir, of the Customs Department, holds the rank of lieutenant in the 2nd regiment, Canadian Mounted Rifles, with pay at the rate of 15s., or $3.65 per diem.

I am, sir, your obedient servant,

The Auditor General. B. SULTE, *Acting D.M., M. & D.*

AUDIT OFFICE, OTTAWA, June 23, 1902.

SIR,—With reference to your applications for payment of salary to Mr. R. H. Moir, I regret that I do not see my way to passing his salary during his absence in South Africa in view of the fact that only recently a year's absence with pay, the maximum allowance authorized by the Civil Service Act, was completed by Mr. Moir. It must also be remembered in Mr. Moir's case that his pay in the Imperial service is $3.65 a day which is another very respectable salary.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Customs.

CUSTOMS DEPARTMENT, OTTAWA, June 24, 1902.

SIR,—I am directed to inform you that a copy of an Order in Council of May 20, 1902, was received at this Department as follows:

'That Mr. R. H. Moir, a clerk in the Inside Service be granted leave of absence with pay for a period not exceeding one year during which he may be absent serving in connection with the military contingents in South Africa.'

The Auditor General has refused to certify the pay sheet of the Customs Department in order to the issue of a cheque for the salary of the said R. H. Moir, for reasons other than that there is no parliamentary authority for the payment and set forth in his letter as follows:

'With reference to your application for payment of salary to Mr. R. H. Moir, I regret that I do not see my way to passing his salary during his absence in South Africa, in view of the fact that only recently a year's absence with pay, the maximum allowance authorized by the Civil Service Act was completed by Mr. Moir. It must also be remembered in Mr. Moir's case that his pay in the Imperial service is $3.65 a day, which is another very respectable salary.' I have &c., &c.

Sgd. J. L. McDOUGALL.'

'J. McDougald, Esq., Com. of Customs.'

Mr. Moir was absent on the leave granted him by Order in Council of April 17, 1900, 11½ months, or until April 1, 1901. He has served in the department since the last mentioned date until January 20, 1902, or for nine and two-thirds months.

Application is therefore made to the Treasury Board by direction for the purpose of determining the sufficiency of the Auditor General's objection in this matter.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, June 24, 1902.

SIR.—I have the honour to inclose herewith T. B. File, No. 29550, being an appeal from the Dept. of Customs in connection with your objection to the payment of the salary of Mr. R. H. Moir during his absence in South Africa which leave was authorized by Order in Council of May 20, 1902, and I have to request that you will be good enough to advise me at your earliest convenience for the information of the Treasury Board as to the nature and ground of your objection to the payment of Mr. Moir and also as to the clause and section of the Audit Act upon which your objection is based.

I shall also be glad to have any remarks upon the subject which you may desire to make.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 25, 1902.

SIR,—I am in receipt of your letters of the 24th instant inclosing appeals from the Department of Militia and Defence and the Department of Customs against my objection to the payment of salary to Messrs. D. C. F. Bliss and R. H. Moir, respectively, during their absence in South Africa.

My reading of section 49 of the Civil Service Act is that the leave of absence of twelve months with pay is a maximum allowance, and, therefore, that the renewing of the leave of absence within a year from the expiration of such a former leave is certainly contrary to the spirit of the section.

Then it must be recollected that in the case of Mr. Moir the pay earned in South Africa is greater than the salary received here, besides rations, the Civil Service salaries and South African allowances being in the two cases as under:—

D. C. F. Bliss: C. S. salary, $1,400; S. African allowance, $1.70 per day.

R. H. Moir: C. S. salary, $650; S. African allowance, $3.65 per day.

My objection to the payment of the civil service salaries in these cases comes under subsections (*a*) and (*c*) of section 32, consolidated Revenue and Audit Act, my contentions being, under (*a*), that the parliamentary authority, viz.: Sec. 49, C. S. Act, for leave with pay does not cover these cases; and, under (*c*), that the salaries are not justly due for a period during which no service is performed.

Your files Nos. 29,544 and 29,550 are returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, June 25, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of to-day and inclosures, T. 29,544 B. and T. 29,550 B., consisting of papers relating to appeals to the Treasury Board from the refusal of the Auditor General to sanction payment of the salaries of Major D. C. F. Bliss, of the Department of Militia and Defence, and Mr. R. H. Moir, of the Department of Customs, who, by Orders in Council, dated respectively May 20 last, were granted leave of absence with pay while absent serving in South Africa.

The Auditor presents his objections to these payments in his letter to you of to-day, as follows :—

'My reading of section 49 of the Civil Service Act is that the leave of absence of twelve months with pay is a maximum allowance, and therefore that the renewing of the leave of absence within a year from the expiration of such a former leave is certainly contrary to the spirit of the section.

Then it must be recollected that in the case of Mr. Moir the pay received in South Africa is greater than the salary received here, besides rations, the civil service salaries and South African allowances being in the two cases as under : D. C. F. Bliss : C. S. salary, $1,400 ; S. A. allowance, $1.70 per day ; R. H. Moir : C. S. salary, $650 ; S. A. allowance, $3.65 per day.'

I beg to state that, in my opinion—and the Minister of Justice and Attorney General concurs in this view—the fact that these officers had within a year previous to the grant of leave been absent upon a year's leave granted under section 49, subsection 2, of the Civil Service Act, did not affect the power of the Governor in Council to grant them further leave under that section, and the fact that while absent they are in receipt of pay from the Imperial authorities has no bearing from a legal point of view on the question involved in this reference.

I am therefore to state that in the opinion of the Minister of Justice and Attorney General the Civil Service Act and the Appropriation Act are sufficient parliamentary authority for the payments objected to by the Auditor General.

Papers returned.

I am, Sir,
Your obedient servant,

The Secretary, Treasury Board. A. POWER, *Acting D.M.J.*

FINANCE DEPARTMENT, OTTAWA, June 25, 1902.

The undersigned Deputy Minister of Finance has the honour to report as follows :—

That by an Order in Council, dated May 20, 1902, Major D. C. F. Bliss be granted leave of absence with pay from February 1, 1902, in order to proceed to South Africa with the 2nd Regiment, C.M.R., and that his salary be continued while so absent.

By an Order in Council of the same date Mr. R. H. Moir, a clerk in the inside service of the Customs Department, was granted leave of absence with pay, for a period not exceeding one year during which he might be absent serving in connection with the military contingents in South Africa.

The Auditor General having refused to sanction the payments to the above-named officers of their salaries during such period of absence, appeals have been made to the Treasury Board, and the Auditor General has in his letter of Jnne 25, 1902, to the undersigned as secretary of the Treasury Board (letter hereto annexed) set forth his reasons for refusing to sanction the payment of such salaries.

As the Auditor General has taken his objection under clause *(c)* of section 32 of the Consolidated Revenue and Audit Act, this report is submitted in accordance with the provisions of such clause.

Respectfully submitted,

The Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Board Minute, June 25, 1902.—The Board had under consideration the papers in connection with the appeals made to the Treasury Board from the refusal of the Auditor General to sanction payment of the salaries of Major D. C. F. Bliss, of the Department of Militia and Defence, and Mr. R. H. Moir, of the Department of Customs, who by Orders in Council dated respectively May 20, 1902, were granted leave of absence with pay while absent serving in South Africa.

The Board had also under consideration a letter from the Auditor General under date of June 25, 1902 (copy annexed), from which it appears that his objections were

under subsections *(a)* and *(c)* of section 32, Consolidated Revenue and Audit Act, his contentions being under *(a)* that the parliamentary authority, viz. :—the Civil Service Act, for leave without pay does not cover these cases, and *(c)* that the salaries are not justly due for a period during which no service is performed.

Hereto are annexed copies of a report to the Board made by the Deputy Minister of Finance under subsection *(c)* of said section 32, and of a letter from the Acting Deputy Minister of Justice dated June 25, 1902.

From this letter from the Acting Deputy Minister of Justice it appears that the Minister and Attorney General is of opinion that the fact that the abovenamed officers had within a year previons to the grant of leave been absent upon a year's leave granted under section 49, subsection 2, of the Civil Service Act did not affect the power of the Governor in Council to grant them further leave under that section, and the fact that while absent they are in receipt of pay from the Imperial authorities has no bearing from a legal point of view on the question involved in this reference. The Acting Deputy Minister of Justice further states that in the opinion of the Minister of Justice and Attorney General the Civil Service Act and the Appropriation Act are sufficient parliamentary authority for the payments objected to by the Auditor General.

The Board are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they accordingly direct that the payments authorized by the Orders in Council above referred to be made to Major Bliss and Mr. Moir in accordance with the terms of such orders.

J. M. COURTNEY, *Secretary.*

Agriculture Department: Salary as Deputy Minister paid to two persons.

AUDIT OFFICE, OTTAWA, June 16, 1902.

SIR,—I am in receipt of a pay-list from your department in which payment is claimed for the salary of Mr. G. F. O'Halloran, as Deputy Minister from May 20 to May 31. The salary of the late deputy, Mr. Scarth, was paid up to the end of May. As this is a specific office, to which a specified sum is assigned, the passing of this pay-list would cause it to be indicated in the report to Parliament that more was paid under this head than was provided for it by Parliament.

Do you see how to get over this difficulty?

This is manifestly one of the results of paying men before they earn the money.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, June 18, 1902.

SIR,—Adverting to your letter of the 16th instant with reference to the pay-list from this department for the salary of the Deputy Minister from May 20 to May 31, I must take issue with you as to a specified sum being assigned to a specific office.

The Appropriation Act, No. 2, chap. 2, 1 Edward VII., provided the sum of $59,432.50 to cover salaries of officers of this department chargeable to Civil Government.

Section 6 of the Civil Service Act also provides, that 'the collective amount of the salaries of each department shall, in no case, exceed that provided for by vote of Parliament for that purpose.'

It will be observed that there is no mention of a specific office to which a specified sum is assigned.

As our expenditure to June 30 instant, from Civil Government Appropriation, will be some $1,500 less than the sum granted by Parliament, it is not seen that there would

be any difficulty in paying the amount of the pay-list, as by doing so the appropriation granted by Parliament will not be exceeded. I trust, therefore, that you will be good enough to certify to the pay-list in order that a cheque may issue for the amount.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

AUDIT OFFICE, OTTAWA, June 21, 1902.

SIR,—In reply to your letter of the 18th instant, let me say that we have taken a different view here as to the special connection between the items of the appropriation for Civil Government and the expenditure, from that which is supported by your letter. I had a conversation with the accountant of your department on this subject since my letter was written, which, perhaps, may lead to the settlement of this matter. I am sorry that at the beginning of your career here we have to enter into a discussion of a matter personal to you, and if there is a difficulty it certainly is not one for which you are in any way responsible.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 10, 1902.

SIR,—Under an Order in Council of June 30, payment is claimed for the salary of Mr. O'Halloran, as Deputy Minister from May 20 to May 31.

I regret that I do not see my way, as I explained to Mr. Jarvis, to charge this amount against the amount voted for the salary of the Deputy Minister, which is treated as a specific appropriation, and thus exceed the amount provided for that purpose.

I am, sir, your obedient servant,

The Deputy Minister, Agriculture. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, July 11, 1902.

SIR,—I have the honour to refer to you herewith copy of an extract from a report of the Committee of the Honourable the Privy Council, approved by His Excellency on June 30, 1902, by which authority is given to pay Mr. G. F. O'Halloran, appointed Deputy Minister of Agriculture and Deputy Commissioner of Patents by Order in Council of May 20, 1902, for the 12 days—May 20 to 31, 1902—amounting to $103.22, chargeable to the vote for Civil Government, Department of Agriculture. I also inclose a copy of correspondence between this Department and the Auditor General on the subject of the payment to Mr. O'Halloran of this amount.

As a difference of opinion has arisen between the Auditor General and this Department respecting the legality of this payment, I have the honour, by direction of the Minister, to refer the question to the Treasury Board for a ruling.

I am, sir, your obedient servant,

The Secretary, Treasury Board. A. L. JARVIS, *Secretary.*

DEPARTMENT OF FINANCE, OTTAWA, July 11, 1902.

SIR,—I have the honour to enclose herewith Treasury Board file No. 29,605 being an appeal by the Department of Agriculture from your decision regarding the payment of the salary of Mr. G. F. O'Halloran, as Deputy Minister of Agriculture, from May 20 to 31, 1902, $103.22 as authorized by Order in Council of June 30, 1902, and I have to request that you will be good enough to advise me at your very earliest convenance for the

information of the Board as to the nature and ground of your objection to the payment in question and also as to the section and clause of the Audit Act under which your objection is taken.

I shall also be glad to have any remarks you may wish to make in regard to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, September 22, 1902.

SIR,—I have your letter of July 11 last enclosing the appeal from my decision regarding the payment of the salary of Mr. G. F. O'Halloran, as Deputy Minister of Agriculture from May 20 to 31, a period during which salary was paid to the late Mr. W. B. Scarth, as occupant of the same position.

There being but one Minister or Deputy Minister of a department at any time, taking the view that a man's salary is earned when he serves the time to which it is assigned, it is axiomatic that two persons cannot be regularly paid for the same time.

This difficulty could not have arisen if the irregular course had not been adopted several years ago of paying the permanent Civil Service on the 15th of each month for the service of the current month. When, as in this case, the occupant of a position dies during the latter half of a month there is no money left for the payment of a successor until the month expires.

If permanent Civil servants were paid, as temporaries now are, at the end of the period for which payment is made, there would be no such difficulty and the families of those permanent Civil servants who die towards the end of the month and who have been in the receipt of small salaries, could look to the additional month's salary before facing the world.

I do not see my way to passing this application until the Treasury Board decides that it is legal to pay two men for one man's work.

My objection is under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act.

Treasury Board file No. 29,605 is returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, September 27, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd instant, T.B. 29605, and inclosures relating to an appeal by the Department of Agriculture from the decision of the Auditor General with respect to the payment of the salary of Mr. G. F. O'Halloran as Deputy Minister of Agriculture, from May 20 to 31, 1902, a period during which salary was also paid to the late Mr. Scarth, as occupant of the same office.

It appears that Mr. Scarth died on May 15, and that in accordance with the usual practice his salary for the whole month was paid: that Mr. O'Halloran was appointed Deputy Minister on the 20th, and served during the remainder of the month, and that an Order in Council was passed June 30, 1902, authorizing the payment of Mr. O'Halloran's salary for the twelve days, the payment to be charged to the vote for Civil Government, Department of Agriculture. The Auditor General states the reasons for his refusal to certify for the issue of a cheque in his letter of the 22nd instant, and they seem to amount to this, that it is illegal to pay salary for the same office to two persons for the same period, and that when, as in this case, the occupant of a position dies during the latter half of a month and his full salary for the month is paid there is no money left for the payment of a successor until the month expires.

It is unnecessary for the purposes of this case to decide the point first stated. Mr. O'Halloran held the office during the twelve days in question and is entitled to be paid the salary attached thereto, and if there are moneys voted by Parliament applicable to the purpose, a cheque for the amount may lawfully be issued.

I am of opinion that the moneys voted for Civil Government, Department of Agriculture, are applicable to such a payment, and apparently there is more than sufficient at the credit of that vote for the payment of this sum in addition to all other payments chargeable against it during the fiscal year.

I therefore think that the Appropriation Act and the Civil Service Act afford parliamentary authority for the payment in question.

Papers returned herewith.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

I concur. (Sg.) C. FITZPATRICK.

The Secretary, Treasury Board.

FINANCE DEPARTMENT, OTTAWA, September 30, 1902.

SIR,—The undersigned has the honour to report that as Secretary of the Treasury Board, he received from the Secretary of the Department of Agriculture a letter under date of July 11, 1902, referring, by direction, for the ruling of the Board, a question which had been raised by the Auditor General as to whether Mr. G. F. O.Halloran, who was appointed Deputy Minister of Agriculture and Deputy Commissioner of Patents by Order in Council of May 20, 1902, should be paid for the 12 days from May 20 to 31, 1902, inclusive.

Mr. Scarth, the previous Deputy Minister, died on May 15, 1902, and the Treasury Board, by minute of May 16, 1902, authorized the payment to his widow of the amount of salary due her late husband as Deputy Minister of Agriculture for the month of May, 1902, and she was accordingly paid the amount of Mr. Scarth's salary for the whole month of May, in accordance with the practice which has obtained since Confederation to pay the permanent employees dying during a month the salary for the whole of such month.

There was no date named in the Order in Council appointing Mr. O'Halloran as Mr. Scarth's successor, and in accordance with the ordinary practice in such cases that the appointment should date from the date of the Order, a pay list was issued for the payment of Mr. O'Halloran's salary from May 20 to 31.

The Auditor General contended that as this was a specific office, to which a specific sum is assigned, the passing of the pay list would cause it to be indicated in the report to Parliament that more was paid under this head than was provided for it by Parliament.

In reply the department took issue with the Auditor General as to a specified sum being assigned to a specific office, the Deputy Minister of Agriculture in a letter of June 18, 1902, stating as follows :—

'The Appropriation Act, No. 2, Chap. 2, I Edward VII., provided the sum of $59,432.50 to cover salaries of officers of this department chargeable to Civil Government.

'Section 6 of the Civil Service Act also provides, that "the collective amount of the salaries of each department shall, in no case, exceed that provided for by vote of Parliament for that purpose.'

'It will be observed that there is no mention of a specific office to which a specified sum is assigned.

'As our expenditure to June 30 instant, from Civil Government Appropriation, will be some fifteen hundred odd dollars less than the sum granted by Parliament, it is not seen that there would be any difficulty in paying the amount of the pay-list, as by doing so the appropriation granted by Parliament will not be exceeded. I trust, therefore,

that you will be good enough to certify to the pay-list in order that a cheque may issue for the amount.'

Subsequently on June 30, 1902, an Order in Council was passed authorizing the payment to Mr. O'Halloran of his salary for the 12 days in question, but the Auditor General having again refused to pass the pay-list the matter was referred to the Board for its ruling.

Hereto annexed is a copy of a letter from the Auditor General under date of September 22, 1902, setting forth his views in the matter, and as his objection is taken under clause (*c*) of section 32 of *The Consolidated Revenue and Audit Act*, as well as under clause (*a*) of that section, this report is submitted in accordance with the provisions of said clause (*c*).

Respectfully submitted,

The Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Board Minute, September 30, 1902.—The board had under consideration the objections made by the Auditor-General to the payment of Mr. G. F. O'Halloran, as Deputy Minister of Agriculture and Deputy Commissioner of Patents, for the twelve days from May 20 to 31, 1902, inclusive.

From the letter of the Auditor General of September 22, 1902 (copy annexed) it appears that his objections were taken under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Deputy Minister of Justice dated September 27, 1902 (copy annexed), and a report to the Board made by the Deputy Minister of Finance and Receiver General under date September 30, 1902, under subsection (*c*) of section 32 of the Audit Act (copy annexed).

It appears from the letter of the Deputy Minister of Justice that the Minister of Justice and Attorney General of Canada is of opinion that the moneys voted for Civil Government, Department of Agriculture, are applicable to such a payment and that apparently there is more than sufficient at the credit of that vote for the payment of this sum in addition to all other payments chargeable against it during the fiscal year, and that therefore the Appropriation Act and the Civil Service Act afford parliamentary authority for the payment in question.

The Board direct that the objections of the Auditor General be overruled and that payment be made to Mr. O'Halloran of his salary as Deputy Minister of Agriculture from May 20 to 31, 1902, inclusive.

J. M. COURTNEY, *Secretary.*

Railways and Canals: New Chief Clerkship—Report not made under Section 15. C. S. Act.

Order in Council, May 20, 1902.—That Mr. F. A. Dixon, a first-class clerk, be promoted to the rank of chief clerk, with a salary of $1,800 a year, to take effect from July 1, 1902.

JOHN J. McGEE, *C.P.C.*

The Honourable the Minister of Railways and Canals.

AUDIT OFFICE, OTTAWA, July 3, 1902.

SIR,—I have the honour to request to be furnished with a copy of the report, referred to in section 15 of the Civil Service Act, recommending the creation of an additional chief clerkship in your department.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 12, 1902.

SIR,—I have had no reply to my letter of the 3rd instant in which you are requested to furnish this office with a copy of the report recommending the creation of an additional chief clerkship in your department.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 14, 1902.

SIR,—By direction I beg to hand you two letters from the Auditor General, dated respectively the 3rd and 12th instants, and also a memorandum from the office of the law clerk of this department, all bearing upon the promotion of Mr. F. A. Dixon of this department to the office of chief clerk and the requirements of the Civil Service Act in that connection.

I am to request that you will be pleased to advise whether it is necessary in this instance to comply with the provisions of section 15 of the Civil Service Act as requested by the Auditor General.

I am, sir, your obedient servant,

The Deputy Minister of Justice L. K. JONES, *Sec. R. & C.*

Memo re attached.—Section 15 of the Civil Service Act reads as follows :—

15. A chief clerkship in any department shall only be created by order in council, passed after—

(a) The deputy head has reported that such an officer is necessary for the proper performance of the public business in the department, stating the reasons on which he has arrived at that conclusion.

(b) The concurrence of the head of the department in such report; and—

(c) The salary has been voted by Parliament.

In schedule B of the estimates for the year ending June 30, 1903, there is an item :—

"For the promotion of F.A. Dixon to the rank of chief clerk, notwithstanding anything in the Civil Service Act, $1,800."

Parliament has thus voted the salary as required by paragraph (*c*) above, and it has done more, it has waived all the provisions of the Civil Service Act which affect the promotion.

It cannot be said that the words 'notwithstanding,' &c., refer only to the promotion examinations. They refer to any and all the provisions of the Civil Service Act.

In my view on the passing of the usual releasing Order in Council, Mr. Dixon's status as chief clerk will be established, notwithstanding the non-observance of any clauses of the Civil Service Act that may be referred to as conditions precedent.

(Sgd.) R.

JUSTICE DEPARTMENT, OTTAWA, July 14, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of this day's date with respect to the promotion of Mr. F. A. Dixon, of your department, to the rank of chief clerk.

I understand that the Auditor General contends that the promotion of Mr. Dixon cannot lawfully be made unless a chief clerkship has been created in the manner provided by section 15 of the Civil Service Act, and that an opinion is desired from this department as to whether or not the position of the Auditor General in this respect is correct.

In reply, I beg to state that by the Appropriation Act of last session the sum of $1,800 was granted to His Majesty for the financial year ending June 30, 1903, 'for the promotion of F. A. Dixon to the rank of chief clerk, notwithstanding anything in the Civil Service Act.' I am of opinion that the effect of this provision in the Appropriation Act is, not only to provide the salary for the current year, but also to waive any and every provision of the Civil Service Act which stands in the way of Mr. Dixon's promotion, the provisions of section 15, as well as those relating to promotion examinations, and I think that the Governor in Council may promote Mr. Dixon to the rank of chief clerk, notwithstanding that a chief clerkship has not been created for the purpose in the manner provided by section 15 of the Civil Service Act.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. A. POWER, *Acting D.M.J.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 16, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 14th instant, by which you report in respect of the promotion of Mr. F. A. Dixon, of this department, to the rank of chief clerk.

In reply, I am directed to say that under date May 20 last, an Order in Council was passed whereby Mr. Dixon was promoted to such clerkship, and it is presumed by the department that that is all that is necessary in the matter. Be pleased to advise if that is the case.

I inclose the file.

I am, sir, your obedient servant,

The Deputy Minister of Justice. L. K. JONES, *Secretary.*

JUSTICE DEPARTMENT, OTTAWA, July 21, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of 16th instant—No. 125231—with respect to the promotion of Mr. F. A. Dixon to the rank of a chief clerk.

In reply, I beg to state that I consider the Order in Council of May 20 last, sufficient to effect the promotion of Mr. Dixon to the rank of a chief clerk.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. A. POWER, *Acting D.M.J.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 24, 1902.

SIR,—I have the honour to acknowledge the receipt of your communications of the 3rd an 12th instant, asking to be furnished with a copy of the report recommending the creation of an additional chief clerkship in this department, the same being required by you in connection with the promotion of Mr. F. A. Dixon, of this department, to that rank.

In reply, I inclose herewith, for your information, a copy of an Order in Council dated May 20 last, whereby Mr. Dixon is promoted to such clerkship, together with copies of two letters from the Department of Justice, one dated the 14th inst., stating that they are of the opinion that the Governor in Council may promote Mr. Dixon to the rank of a chief clerk, notwithstanding that such a clerkship has not been created for the purpose, in the manner provided by section 15 of the Civil Service Act, and the other dated the 21st instant, to the effect that they consider the above-mentioned Order in Council is sufficient to effect the promotion of Mr. Dixon accordingly.

I am, sir, your obedient servant,

The Auditor General. L. K. JONES, *for D.M.*

AUDIT OFFICE, OTTAWA, August 12, 1902.

SIR,—I am in receipt of yours of the 24th ultimo, inclosing certain letters from the Justice Department in reference to the promotion of Mr. Dixon to a chief clerkship in your department.

The opinion therein expressed is that, as his salary is voted nothwithstanding anything in the Civil Service Act, every provision in that Act which stands in the way of his promotion is waived. But that clause refers to those particulars only of his appointment which are contrary to the Civil Service Act, and has, as I interpret the vote, no bearing on the question of the creation of the clerkshi p by Order in Council, as provided by the Act and which you are not prevented from passing. That Order in Council is considered necessary, whether the salary is voted according to, or contrary to the Civil Service Act.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, August 14, 1902.

SIR,—I have the honour, by direction, to inform you that an objection has been raised by the Auditor General to the promotion of Mr. F. A. Dixon, of this department, to the rank of a chief clerk, he contending that the promotion of Mr. Dixon cannot lawfully be made unless a chief clerkship has been created in the manner provided by section 15, the Civil Service Act.

I inclose the papers in the case, including an order in Council, dated May 20 last, whereby Mr. Dixon is promoted to such clerkship, together with two advisory letters, dated, respectively, the 14th and 21st ultimo, from the department of Justice in the matter, and am to request that a ruling of the hon. the Treasury Board be obtained on the point whether the Auditor's objection should he sustained or overruled.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary R. & C.*

TREASURY BOARD, OTTAWA, August 23, 1902.

SIR,—I have the honour to inclose herewith Treasury Board file No. 29,693, being appeal by the Department of Railways and Canals from objections taken by you to the promotion of Mr. F. A. Dixon of that department, and I have to request tnat you will be good enough to advise me for the information of the board as to the nature and ground of such objections and the clause and section of the Consolidated Revenue and Audit Act under which they are taken.

I shall also be glad to receive any remarks relating to the matter which you may wish to offer.

I am, sir, your obedient servant,

The Auditor General. W. D. ROSS, *for Secretary T. B.*

AUDIT OFFICE, OTTAWA, September 30, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd ulto., accompanying the appeal of the Railways and Canals Department against my objection to the promotion of Mr. F. A. Dixon, of that department, to the rank of a chief clerk.

My objection was that the chief clerkship had not been created as required by section 15 of the Civil Service Act.

The letter of July 21, from the Department of Justice to the Railway Department says: 'I beg to state that I consider the Order in Council of May 20 last, sufficient to

effect the promotion of Mr, Dixon to the rank of a chief clerk'. The Order in Council referred to reads : 'That Mr. F. A. Dixon, a first class clerk, be promoted to the rank of chief clerk, with a salary of $1,800 a year, to take effect from July 1, 1902'. That Order in Council cannot in any way affect section 15 of the Civil Service Act to which says : 'A chief clerkship in any department shall only be created by Order in Council, passed after—

(*a*) The Deputy Head has reported that such an officer is necessary for the proper performance of the public business in the department, stating the reasons on which he has arrived at that conclusion.

(*b*) The concurrence of the Head of the Department in such report.

The Order in Council quoted is evidently not the kind of Order which is contemplated by Section 15 of the Civil Service Act. If it was, then any Order in Council would satisfy that section, which by its wording requires a special Order in Council, viz.: one that has been passed after certain recommendations have been made. This difficulty is not a new one, but has been dealt with frequently before, as you will probably remember.

Then, with reference to the contention that the special addition to the vote for Mr. Dixon's salary, viz.: 'For the promotion of F. A. Dixon to the rank of chief clerk, notwithstanding anything in the Civil Service Act'. This is surely manifestly intended to cover legal objections to Mr. Dixon's promotion, not to over-ride the opinion of the Minister and Deputy Minister of Railways and Canals as to the requirement of the chief clerkship. They never would have recommendsd that a certain individual should become a chief clerk if there was no necessity for a chief clerkship in their opinion.

All that I am contending for is that the promotion do not take place until there is evidence, from those who know best, the Minister and the Deputy Minister, that such a position is needed.

My objection is made under section 32, subsections (*a*) and (*c*), Consolidated Revenue and Audit Act.

Your file No. 29,693 is returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, October 6, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd instant —T. B. 29693—with respeet to an appeal by the Department of Railways and Canals from the objection of the Auditor General to the promotion of Mr. F. A. Dixon, of that department, to the rank of a chief clerk as authorized by Order in Council of May 20, 1902.

The objection of the Auditor General is based upon the fact that a chief clerkship has not been created in the department as required by section 15 of the Civil Service Act.

The answer to that objection is that by the Appropriation Act of last session, the sum of $1,800 was granted to His Majesty for the fiscal year ending June 30, 1902, 'for the promotion of F. A. Dixon to the rank of chief clerk, notwithstanding anything contained in the Civil Service Act'. I agree in the statement of opinion contained in Mr. Power's letter to the Secretary of the Department of Railways and Canals of July 14 last, which is with the papers inclosed by you, that 'the effect of this provision in the Appropriation Act is, not only to provide the salary for the current year, but also to waive any and every provision of the Civil Service Act which stands in the way of Mr. Dixon's promotion, the provision of section 15, as well as those relating to promotion, examinations, and that the Governor in Council may promote Mr. Dixon to the rank of a chief clerk notwithstanding that a chief clerkship has not been created for the purpose in the manner provided by sectian 15 of the Civil Service Act'.

I also concur in the view expressed in Mr. Power's letter of July 21, that the Order in Council of May 20 last, was sufficient to effect the promotion of Mr. Dixon to the rank of a chief clerk.

I am, therefore, of opinion that the Appropriation Act affords parliamentary authority for the payment of Mr. Dixon's salary as a chief clerk, and I am to state that the Minister of Justice and Attorney General concurs in this opinion.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPARTMENT, October 17, 1902.

The undersigned has the honour to report that as Secretary of the Board he received a letter under date of August, 14, 1902, from the secretary of the Department of Railways and Canals informing him that an objection had been raised by the Auditor General to the promotion of F. A. Dixon, of that department, to the rank of a chief clerk, and requesting a ruling of the Board whether the Auditor General's objection should be sustained or overruled.

On the papers being referred to the Auditor General, that official stated that his objection was made under section 32, subsections (*a*) and (*c*) Consolidated Revenue and Audit Act, and this report is submitted in accordance with the provisions of said subsection (*c*).

Parliament at its last session voted for the Department of Railways and Canals, under the heading of Civil Government, for the year ending June 30, 1903, the following item :—

'For the promotion of F. A. Dixon to the rank of chief clerk, notwithstanding 'anything in the Civil Service Act, $1,800.'

An Order in Council was passed on May 20, 1902, as follows :—

'Railways and Canals.

'That Mr. F. A. Dixon, a first class clerk, be promoted to the rank of chief clerk, 'with a salary of $1,800 a year, to take effect from July 1, 1902.'

The Auditor General refuses to sanction this promotion on the ground that the chief clerkship had not been created as required by section 15 of the Civil Service Act, his views being set forth in his letter of September 30, 1902, to the undersigned, a copy of which is annexed.

The Deputy Minister of Justice, in a letter to the undersigned, under date of October 6, 1902, a copy of which is annexed, is of opinion that the effect of the provision in the Appropriation Act is, not only to provide the salary of the current year, but also to waive any and every provision of the Civil Service Act which stands in the way of Mr. Dixon's promotion, the provisions of section 15, as well as those relating to promotion examinations, and that the Governor in Council may promote Mr. Dixon to the rank of a chief clerk notwithstanding that a chief clerkship had not been created for the purpose in the manner provided by section 15 of the Civil Service Act. He is also of opinion that the Order in Council of May 20, 1902, was sufficient to effect the promotion of Mr. Dixon to the rank of chief clerk.

He further states as follows :—'I am, therefore, of opinion that the Appropriation Act affords parliamentary authority for the payment of Mr. Dixon's salary as a chief clerk, and I am to state that the Minister of Justice and Attorney General concurs in this opinion.'

Respectfully submitted,

The Honourable, The Treasury Board. J. M. COURTNEY, *D.M.F*

Treasury Board Minute, October 31, 1902.—The Board has under consideration the objections made by the Auditor General to the promotion of F. A. Dixon, of the Department of Railways and Canals, to the rank of a chief clerk, as authorized by Order in Council of May 20, 1902.

The Auditor General, in his letter of September 30, 1902 (copy annexed), states that his objections are made under section 32, subsections (*a*) and (*c*) of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Deputy Minister of Justice under date of October 6, 1902 (copy annexed), and a report to the Board by the Deputy Minister of Finance and Receiver General, dated October 17, 1902, as required by subsection (*c*) of section 32 of the Consolidated Revenue and Audit Act (copy annexed).

The Deputy Minister of Justice, in his letter of October 6, 1902, states that he is of opinion that the Appropriation Act affords parliamentary authority for the payment of Mr. Dixon's salary as a chief clerk, and that the Minister of Justice and Attorney Gerneral concurs in this opinion.

The Board direct that the objections of the Auditor General be overruled, and that payment he made to Mr. Dixon of his salary at the rate of $1,800 per annum as authorized by said Order in Council of May 20, 1902.

J. M. COURTNEY, *Secretary.*

Railways and Canals: Basis of Calculation of Superannuation Allowance for Service in two Positions.

AUDIT OFFICE, OTTAWA, June 25, 1902.

SIR,—Under an Order in Council dated May 20, 1902, W. M. Richey is placed on the retired list with an annual allowance of $534.65, calculated on a service of 34 years and an average salary for the last three years of $786.25.

This salary of $786.25 is made up of his salary of $456,25 as lockmaster, $300 as collector of canal tolls and $30 for house rent. According to the Civil Service List, Mr. Richey served as lockmaster for 31 years 2½ months and as lockman for 3 seasons. But as his service as lockman was not continuous, the periods during which the service was interrupted should not be counted. As the length of a lockman's service during the year is about seven and a half months, Mr. Richey's service as lockman amounts to 1⅞ years. His combined length of service as lockmaster and lockman thus equals 33 years 1 month, and his superannuation allowance calculated on that service, with an average salary of $486.25, which includes house rent, would amount to $320.93.

According to the record in the Department of Inland Revenue his appointment as collector of canal tolls was authorized by an Order in Council dated June 20, 1872, his predecessor in office drawing salary as collector till April 30, 1872. Thus Mr. Richey's length of service as collector is 30 years and his superannuation allowance, calculated on that time and an average salary of $300, would amount to $180. His total superannuation allowance would then be $500.93 instead of $534.65 as stated in the Order in Council. As he held two positions, in one of which he served a longer period than in the other, he is not entitled to combine the two salaries and calculate the allowance on the length of time from when he was appointed to the first position.

Unless it is shown that the information, upon which these calculations are based, is wrong, no authorization can be passed by this office for payment of an allowance greater than $500.93.

On page D—367 of the report of this office for the year 1890–91 is shown correspondence in a case similar to this one in respect to services as a lockman.

I am, sir, your obedient servant,

The Deputy Minister, Railway and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, August 1, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ultimo, whereby you take exception to payment of the amount of the superannuation allowance authorized by the Order in Council of May 20, last, to be paid to Mr. W.

M. Richey, as lockmaster and collector of canal tolls at Smith's Falls, on the line of the Rideau canal.

In reply, I inclose herewith, for your information, a copy of an advisory letter, dated the 28th instant, from the Department of Justice in the matter. The opinion expressed in this letter is given subject to certain presumed facts of the case, and I am, therefore, to add that the facts so presumed are correct.

I am, sir, your obedient servant,

The Auditor General. COLLINWOOD SCRIBER, *D.M., R. & C.*

JUSTICE DEPT., OTTAWA, July 28, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th instant—125344—and enclosed file of papers with respect to the superannuation of Mr. W. M. Richey, and in reply I beg to state that, in my opinion, Mr. Richey's superannuation is correctly based, as is the Order in Council of May 20 last, upon the average aggregate salary received in respect of both of the offices held by him if, in respect of each of them, he was entitled to the benefit of the Superannuation Act. I also think that the Auditor General's method of reckoning the period of Richey's service as lockman is wrong if Richey continued to be a lockman, although not under pay, between the closing of navigation in one year and its opening in the next. It does not appear from the papers whether such was the case. If the facts are otherwise I should be informed precisely as to the terms of Richey's employment as lockman. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. A. POWER, *Acting D.M.J.*

AUDIT OFFICE, OTTAWA, August 12, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant, inclosing an opinion from the Justice Department in reference to the superannuation allowance of Mr. W. M. Richey.

I am still of the opinion as expressed in my letter of June 25.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, June 27, 1902.

Memorandum re Superanuation of Mr. Richey.

Mr. Richey's service is as follows: Appointed lockman, April, 1867. Lockman, 1867, 1868 and 1869, Off 1870. Appointed lockmaster, March, 1871. Took over duties of collector in addition to that of lockmaster in 1872. Total length of service, 34 years.

The Auditor General's contention that a season of navigation cannot be counted as a year for purposes of superannuation, should not be entertained in view of the fact that ever since the institution of the Act in 1870, it had been the custom of the different governments to superannuate lockmen on a basis of the season of navigation counting as one year's service.

The contention of the Auditor General would have the effect of a lockman spending 35 successive years in the service, only being allowed 20 years for superannuation purposes.

The Auditor General desires to treat Mr. Richey's superannuation allowance as based upon two different calculations, one upon that as lockmaster and one upon that of

collector. Section 3 of the Civil Service Superannuation Act states: 'The Governor in Council may grant to any person who has served in an established capacity in the Civil Service for ten years or upwards, and who has attained the age of sixty years, or who is incapacitated by bodily infirmity from properly performing his duties, a superannuation allowance calculated *on his average yearly salary during the then last three years*, and not exceeding the following rates that is to say :—&c., &c.'

I submit that Mr. Richey's yearly salary and house rent allowance was $786.25 and that his service was 34 years and that according to the Act he is entitled to receive the amount granted to him by the Governor in Council.

LEONARD SHANNON, *Accountant, R. & C.*

TREASURY BOARD, OTTAWA, August 23, 1902.

SIR,—I have the honour to inclose herewith Treasury Board file No. 29,692, being appeal to the Board by the Dept. of Railways and Canals in regard to the superannuation allowance of Mr. W. M. Richey, as lockmaster and collector of canal tolls at Smith's Falls, and I have to request that you will be good enough to advise me for the information of the Board, of the nature and ground of your objections to the amount of the superannuation, directed to be paid to Mr. Richey by the Order in Council placing him on the Superannuation List, and also the clause and section of the Audit Act under which such objections are taken.

I shall also be glad to receive any remarks relating to the matter which you may wish to offer.

I am, sir, your obedient servant,

The Auditor General. W. D. ROSS, *For Secretary, T.B.*

AUDIT OFFICE, OTTAWA, September 30, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd ultimo, regarding the superannuation allowance of Mr. W. M. Richey, late lockmaster and collector of canal tolls at Smith's Falls on the Rideau Canal.

It is my opinion that, under the Civil Service Superannuation Act, if a man fills two distinct positions, when he comes to be superannuated, his allowance ought to be made up by two distinct calculations, one for each duty. It seems to me equally clear that if, in connection with one of his duties, he is employed for only part of the year, (and if for part of the year he receives no pay, manifestly he is not employed then at his work), he should not be allowed to count the unemployed time.

The letter from the Department of Justice to the Railway Department of the 28th July regarding this matter has this sentence: 'I also think that the Auditor General's method of reckoning the period of Richey's service as lockmaster is wrong, if Richey continues to be a lockman, although not under pay, between the closing of navigation in one year and its opening in the next.' I do not see any reference to that in any subsequent letter of the Department of Railways and Canals or of the Department of Justice. This lockman was employed for three years in succession, but I cannot understand how a man can be considered as in any employment if he receives no pay for it.

My objection is under section 32, subsections (*a*) and (*c*) of the Consolidated Revenue and Audit Act.

Your file No. 29,692 is returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McLOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, October 2, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ultimo, in reference to the superannuation allowance of Mr. W. M. Richey, late lockmaster and collector of canal tolls at Smith's Falls on the Rideau Canal.

In that letter occurs the following :—

'The letter from the Department of Justice to the Railway Department of July 28, regarding this matter, has this sentence: "I also think that the Auditor General's method of reckoning the period of Richey's service as lockmaster is wrong if Richey continued to be a lockman, although not under pay, between the closing of navigation in one year and its opening in the next." I do not see any reference to that in any subsequent letter of the Department of Railways and Canals or of the Department of Justice.'

Probably you have overlooked the letter under date of August 1, 1902, which appears on the file, from the Deputy Minister of Railways and Canals to your address, in which he incloses for your information a copy of the letter of July 28, 1902, from the Department of Justice, and states as follows :—

'The opinion expressed in this letter is given subject to certain presumed facts of the case, and I am therefore, to add that the facts so presumed are correct.'

I inclose a copy of the letter in question and I shall be glad to be advised of any further remarks you may desire to make in the matter.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F*,

AUDIT OFFICE, OTTAWA, October 3, 1902.

SIR,—I have your letter of yesterday with reference to the superannuation of Mr. W. M. Richey.

What I should have said in my letter was that I saw no reference to the sentence quoted by me in any letter of the Department of Railways and Canals to the Department of Justice. Mr. Schreiber's statement which you quote is quite positive, but I consider that he is wrong, although unintentionally, on the point.

It is plain, to take an extreme case, that if a person were employed for 32 years as lockman, during the summers only, and for the remaining 3 years of his thirty-five year period he was a lockmaster and for the whole of the year, getting a higher salary per month than for the previous period, it would be manifestly against the spirit of the Superannuation Act that he should have the full allowance calculated on the lockmaster's pay for his thirty-five year period. He, no doubt, during the winter part of his thirty-two years as lockman, received pay from some other source. He could not be considered an employee of the Government and be earning, at the same time, full wages from some one else.

If there is a difficulty in cases similar to this to interpret with certainty the Superannuation Act it arises from what appears to have been a mistake—making the Superannuation Act apply at all to lockmen, men who were necessarily employed for only a part of the year.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, October 6, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant, with which was inclosed Treasury Board case No. 29,692, being an appeal by the Department of Railways and Canals from the objection of the Auditor General regarding the superannuation allowance of W. M. Richey, late lockmaster and collector of canal tolls at Smith's Falls, on the Rideau canal, as authorized by Order in Council of May 20 last.

During the early years of his service, Richey was employed as lockman, and while so employed was under pay during part only of the year. In 1871, he was appointed lockmaster, and in 1872 took over the duties of collector in addition to those of lockmaster, and has been since then under pay all the time, a separate salary being attached to each of the offices held by him, and he has had, besides, an allowance for house rent.

In the Order in Council of May 20, 1902, superannuating Richey, he is allowed full time for his service as lockman and his allowance is based upon his gross average salary for the three previous years, including allowance for rent.

The Auditor General is of opinion that under the Superannuation Act, if a man fills two distinct positions, when he comes to be superannuated his allowance ought to be made up by two distinct calculations, one for each duty, and he also thinks that if, in connection with his duties during any part of his service he is employed and paid during only part of the year, he should not be allowed to count the unemployed time.

This matter has already been before the Department of Justice upon a reference from the Department of Railways and Canals, and on July 28 last, Mr. Power, as Acting Deputy Minister of Justice, reported upon the questions raised by the Auditor General as follows :—

'In my opinion Mr. Richey's superannuation is correctly based, as in the Order in Council of May 20 last, upon the average aggregate salary received in respect of both the offices held by him (Richey) if, in respect of each of them, he was entitled to the benefit of the Superannuation Act. I also think that the Auditor General's method of reckoning the period of Richey's service as lockman is wrong, if Richey continued to be a lockman, although not under pay, between the closing of navigation in one year and its opening in the next.'

I concur in this opinion, and it now appearing as a matter of fact that Richey did continue to be a lockman, although not under pay, during the intervals between the seasons of navigation in each year, I think that the Order in Council of May 20 is correct in its method of estimating the length of Richey's service, as well as in basing his allowance on the gross average salary of the offices held by him.

I am to state that the Minister of Justice and Attorney General also concurs in this view of the case, and thinks, therefore, that the Civil Service Superannuation Act affords parliamentary authority for the payment of a superannuation allowance calculated as provided by said Order in Council.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPARTMENT, October 17, 1902.

The undersigned has the honour to report that as Secretary of the Board he received a letter under date of August 14, 1902, from the Secretary of the Department of Railways and Canals informing him that an objection had been raised by the Auditor General to the payment of the amount of superannuation allowance authorized by Order in Council of May 20, 1902, to be paid to Mr. W. M. Richey, lockmaster and collector of canal tolls at Smith's Falls, on the Rideau canal, and requesting that a ruling of the Board be obtained as to whether the objection of the Auditor General should be sustained or overruled.

On the papers being referred to the Auditor General, that official stated that his objection was taken under section 32, subsections (*a*) and (*c*), of the Consolidated Revenue and Audit Act, and this report is therefore submitted in accordance with the provisions of said subsection (*c*).

By the Order in Council of May 20, 1902, Mr. Richey was placed on the retired list with an annual allowance of $534.65, based upon a service of 34 years and an average salary and house rent for the last three years of $786.25. This average salary is made up as follows :—As lockmaster $456.25, house rent $30, and as collector of canal tolls, $300.

The Auditor General takes the position that under the Superannuation Act if a man fills two distinct positions, when he comes to be superannuated his allowance ought to be made up by two distinct calculations, one for each duty, and that if in connection with his duties during any part of his service he is employed and paid during only a part of the year he should not be allowed to count the unemployed time.

The Auditor General, therefore, makes up the amount to be paid Mr. Richey as follows :—

Services as lockmaster, 31 years 2½ months, and services as lockman for 3 seasons—each season, say 7½ months—1⅞ years, making his combined services as lockmaster and lockman 33 years 1 month, and making the superannuation allowance, calculated on that service and an average salary of $486.25, to be $320.93; service as collector of canal tolls, 30 years, and his superannuation as such collector, $180, or a total superannuation allowance of $500.93, instead of $534.65 as stated in the Order in Council.

The matter was referred to the Department of Justice by the Department of Railways and Canals, and the last named Department was, on July 28, 1902, advised by the Acting Deputy Minister of Justice as follows :—

'In my opinion Mr. Richey's supernation is correctly based, as in the Order in Council of May 20 last, upon the average aggregate salary received in respect of both of the offices held by him if, in respect of each of them, he was entitled to the benefit of the Superannuation Act. I also think that the Auditor General's method of reckoning the period of Richey's service as lockman is wrong if Richey continued to be a lockman, although not under pay, between the closing of navigation in one year and its opening in the next.'

In transmitting a copy of this letter to the Auditor General Mr. Schreiber stated as follows :—

'In reply, I inclose herewith, for your information, a copy of an advisory letter, dated the 28th instant, from the Department of Justice in the matter. The opinion expressed in this letter is given subject to certain presumed facts of the case, and I am, therefore, to add that the facts so presumed are correct.'

The Auditor General, for the reasons stated in his letter of October 3, 1902, considers that Mr. Schreiber is wrong, though unintentionally, in this statement.

The undersigned has to call the attention of the Board to the opinion expressed by the Deputy Minister of Justice in his letter to the undersigned, as Secretary of the Board, of October 6, 1902, in which, after quoting the extract above from the letter of July 28, 1902, from the Acting Deputy Minister of Justice, states as follows :—

'I concur in this opinion, and it now appearing as a matter of fact that Richey did continue to be a lockman, although not under pay, during the intervals between the seasons of navigation in each year, I think that the Order in Council of May 20 is correct in its method of estimating the length of Richey's service as well as in basing his allowance on the gross average salary of the offices held by him.'

'I am to state that the Minister of Justice and Attorney General also concurs in this view of the case and thinks, therefore, that the Civil Service Superannuation Act affords parliamentary authority for the payment of a superannuation allowance calculated as provided by the said Order in Council.'

Respectfully submitted,

The Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Board Minute, October 31, 1902.—The Board had under consideration the objection of the Auditor General to the payment of the amount of superannuation allowance authorized by Order in Council of May 20, 1902, to be paid to Mr. W. M. Richey, lockmaster and collector of canal tolls at Smith's Falls, on the Rideau canal.

It appears by the letter of the Auditor General of September 30, 1902, (copy annexed) that his objection is taken under section 32, subsections (*a.*) and (*c.*) of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Deputy Minister of Justice of October 6, 1902, (copy annexed) and a report in accordance with subsection (*c.*) of section 32 of the Consolidated Revenue and Audit Act, by the Deputy Minister of Finance and Receiver General, dated October 17, 1902 (copy annexed).

From the letter of the Deputy Minister of Justice it appears that the Minister of Justice and Attorney General thinks that the Civil Service Superannuation Act affords Parliamentary authority for the payment of a superannuation allowance calculated as provided by the said Order in Council of May 20, 1902.

The Board direct that the objections of the Auditor General be overruled and that payment be made to Mr. Richey of the said superannuation allowance.

J. M. COURTNEY, *Secretary.*

Railways and Canals: payment of lockmaster for period during which no service was performed.

AUDIT OFFICE, OTTAWA, May 19, 1900.

SIR,—Let me acknowledge receipt of your application No. 485 for $2,269.09 in favour of Paymaster Flanagan, for April expenses of Cornwall canal.

I have not received the explanation asked for last month, as to why lock 18 is managed differently from the other locks, by lockman Durocher having been retained for 365 days in the year, in addition to Lockmaster Gillie; whereas only the lockmaster is paid full time on the other locks. Please procure this information.

The paymaster has not yet returned the acquitted pay-lists for March.

As arranged in conversation, I am holding the pay-lists until Mr. Rubidge forwards the explanation concerning Mr. Durocher.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, May 31, 1900.

SIR,—It was reported to me by the superintending engineer of the Cornwall Canal, that Gillie, lockmaster at lock No. 18, Cornwall canal, was physically unfit and incapable of performing the work of lockmaster, and that in consequence it was necessary to have Durocher perform the duties in connection with this position and that was the reason he appeared on the pay roll for the full time.

I am, Sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

AUDIT OFFICE, OTTAWA, June 2, 1900.

SIR,—Let me acknowledge receipt of your letter of May 31, stating that Lockmaster Gillie of lock 18 on the Cornwall canal is physically unfit and incapable of performing his work.

Under these circumstances his pay should have ceased when his work was given into other hands.

The appointment of an officer, whether made by the department or by council, is only authority to pay him for work done; nothing but an Act of Parliament can pay for work not done. When he cannot do his work, the department cannot pay him, unless parliament has made provision for such an event.

Please omit the name of Lockmaster Gillie from the May and subsequent pay-lists. Mr. Durocher will be recognized as acting lockmaster since March 1, if so certified on a special pay-list, as the last pay he received was for February.

It was not enough for the superintending engineer to have reported Mr. Gillie's unfitness in a letter—such letter not going further than your department. Every pay-list should have contained a full and accurate description of the actual conditions, such as: 'Gillie, lockmaster unable to act; Durocher performing the duties of lockmaster'. Then the departmental examiner and the auditing officer could have observed the irregularity when it began, instead of two years after.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. L. McDOUGALL, *A.G.*

Order in Council, March 12, 1902—That authority be given for payment to Mr. John Gillie, lock-master at lock No. 18, Cornwall canal, for 371 week days at $1.25 a day, or a total of $463.75, it appearing that without instructions from the department, Mr. Gillie's name was removed from the pay roll of the canal for the month of May, 1900, and that it so remained until May, 1901, that Mr. Gillie consequently received no pay from April 30, 1900, to May 7, 1901, though neither superannuated, dismissed nor suspended—that he appears, however, to have been on hand and prepared for duty, and that on May 7, 1901, he resumed work.

JOHN J. McGEE, *C.P.C.*

The Honourable the Minister of Railways and Canals.

AUDIT OFFICE, OTTAWA, August 18, 1902.

SIR,—Let me acknowledge receipt of your application No. 543 for $463.75 in favour of John Gillie, former lockmaster at lock 18 on the Cornwall canal, being an amount calculated at the usual rate of wages from May 1, 1900, to May 7, 1901, which amount he did not receive.

The Order in Council of March 12, 1902, gives authority for this payment, on the ground that Mr. Gillie's name was removed from the pay-list in May, 1900, without instructions from the department.

You will find this subject fully discussed at pages W—213 and W—214 of my report for 1899-1900.

Attention was called to Mr. Gillie's case by the fact that a lockman was paid full time at lock 18 during the winter season, while at other locks the master was found sufficient. Inquiry developed the information that Mr. Gillie was 'physically unfit and incapable of performing the work of lockmaster,' and that it was necessary to have a lockman perform the duties of lockmaster.

Objection having been made by the Audit Office to the payment of two officials for the same work, the name of lockmaster Gillie was omitted from the list of May, 1900, by the department.

On reminder of these circumstances, and on further consideration of Mr. Gillie having received pay for some period in the past (how long I do not know) when not charged with responsibility, you will perhaps see your way to withdrawing this application, on the ground that he has already received all the pay to which his services entitled him.

Particular attention is directed to that section of your letter of May 31, 1900, wherein you state that the Superintending Engineer had reported to you that Mr. Gillie was physically unfit and incapable of performing the work of lockmaster. An Order in Council authorizing employment is not an absolute order to pay; it is merely authority to pay if services are rendered. In this case Mr. Gillie was incapable of earning the pay.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, August 20, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 18th instant, relative to the application made to you by the department for the issue of a cheque in favour of Mr. John Gillie, for the sum of $463.75, being the amount, calculated at the usual rate, of his unpaid wages as lockmaster at lock No. 18, on the Cornwall canal, from May 1, 1900, to May 7, 1901, for payment of which authority has been given by an Order in Council dated March 12 last.

In reply, I have to say that the department is, and has, throughout, been perfectly aware that Mr. Gillie did not work during the period in question. The facts of the case, however, were fully set out in the recommendation of the minister dated January 24 last, upon which this order was passed. I inclose for your information a copy of this recommendation, as it was not embodied in the said order.

You will observe that Mr. Gillie had been neither superannuated, dismissed, nor suspended, and that he was, further, on hand and prepared for duty, An employee of the government appointed by an Order in Council can only, as you are aware, be removed under like authority, which was not obtained at the time. He has now been superannuated under an Order in Council of March 12 last.

Under these circumstances, the department is advised by its Law Officers that your suggestion to withdraw the above mentioned application should not be adopted.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. and C.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 24, 1902.

Memorandum.—The undersigned has the honour to represent that in October and November, 1893, reports were received from the Superintendent of the Cornwall canal and the Superintending Engineer, advising that Mr. John Gillie, lockmaster at lock No. 18, then in his 31st year of service, be superannuated, as incompetent to perform his duties, being incapable of managing the work or the men, troublesome and impatient of control, His age at this time was only 48 years, and the matter was allowed to rest until May, 1900, when, attention being drawn to the case, the department, before dealing with it, required a doctor's certificate to show either physical or mental disability. Mr. Gillie, however, refused to obtain such certificate.

That it appears that, without instructions from the department, the Superintending Engineer removed Mr. Gillie's name from the pay roll of the canal for the month of May, 1900, and it so remained until May, 1901, another man performing his duties and receiving the pay. Mr. Gillie has, consequently, from April 30, 1900, to May 7, 1901, though neither superannuated, dismissed, nor suspended, received no pay. He appears, however, to have been on hand and prepared for duty. On May 7, 1901, he resumed work. He now claims payment of his wages for the period between the dates named.

That under the circumstances narrated, there is no doubt that he is legally entitled to payment, and the undersigned accordingly recommends that authority be given for payment to him for 371 week days at $1.25 a day, or a total of $463.75.

It should be observed that a recommendation to Your Excellency in Council for the superannuation of this employee has been made concurrently with the present report.

Respectfully submitted,

His Excellency the Governor General in Council. W. S. FIELDING, *for M.R. & C.*

AUDIT OFFICE, September 17, 1902.

SIR,—Let me acknowledge the receipt of your letter No. 125,674, concerning the claim of John Gillie, formerly lockmaster No. 18 on the Cornwall canal.

Our difference appears to be mainly about the effect of an Order in Council.

I gather your opinion to be, that an Order in Council forces the payment of any officer named therein, whether he works or not, and whether he is able or not to perform the duties assigned to him by the Order in Council.

The view of this office on the contrary is, that a person employed under an Order in Council does not earn his salary unless he satisfies the requirements of his position in the opinion of his superior officer.

The certificate of the Superintending Engineer on the monthly pay-list: 'Correct in every particular of time, materials and value' would only mean, under your reading, that the pay-list is a correct statement of persons ordered by Council to be paid, and is made up independently of where they were during the month, or what they did. On our reading, it would mean that the Superintendent Engineer, in his duty of maintaining the canal, has received from each subordinate satisfactory assistance.

If any employee does not render such assistance, the Superintending Engineer (unless his responsibility is a shadow) has the power to suspend and refuse payment.

The department's recommendation to Council of January 24, 1902, reads: 'It appears that, without instructions from the department, the Superintending Engineer removed Mr. Gillie's name from the pay-roll of the canal for the month of May, 1900." However, as the correspondence at page W—213 of the report of 1899–1900 shows, the matter was at that time (May, 1900) occupying the attention of the department at Ottawa, although no results may be recorded in the letter books. Moreover, since the pay-lists are examined and signed by Mr. Mothersill, the departmental check clerk, the omission of Mr. Gillie's name in May. 1900, must have attracted notice, if Mr. Mothersill's examination is close enough to be of any value.

As far as Mr Gillie himself is concerned, whether the order to drop his name came from the department or elsewhere, it would reach him in either event from Engineer Rubidge, and it would make no difference to Mr. Gillie whether Mr. Rubidge had been explicitly instructed or not.

I return herewith your application No. 543 for $463.75 to pay Mr. Gillie, and regret my inability to recognize it, on the ground that the money is not justly due.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

CORNWALL, September 27, 1902.

Re John Gillie, Ex-lockmaster, Lock 18, Cornwall Canal.

DEAR SIR,—Might I remind you of this which is a claim for a year's wages due this man from April, 1900, to May, 1901. I understand that an Order in Council was made last spring directing payment, but the Auditor General has been holding up the money since that time. The Auditor General forgets, or overlooks, the simple but important fact that this man was never discharged and that he reported every day for duty; his pay was simply withheld; that his wages were regularly paid him the following year, and that he was superannuated last spring. His being superannuated is but additional proof that he had never quitted the employ of the government.

Yours respectfully,

The Minister of Railways and Canals. JOHN CHISHOLM.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 30, 1902.

SIR,—I have the honour, by direction, to inform you that an objection has been taken by the Auditor General to the payment to Mr. John Gillie of the sum of $463.75, being the amount, calculated at the usual rate, of his unpaid wages as lockmaster at lock No. 18 on the Cornwall canal, from May 1, 1900, to May 7, 1901, for payment of

which authority has been given by an Order in Council dated March 12 last, he contending, for reasons set forth in his said letter, that the amount in question is not justly due Mr. Gillie.

I inclose the Auditor's letter, which is dated the 17th instant, and a copy of the above mentioned Order in Council, together with all papers in the case, and have to request that a ruling of the Honourable the Treasury Board be obtained on the point whether his objection should be sustained or overruled.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary, R. & C.*

TREASURY BOARD, OTTAWA, October 1, 1902.

SIR,—I have the honour to inclose herewith Treasury Board file No. 29794, being an appeal by the Department of Railways and Canals in connection with your objection to the payment of Mr. John Gillie of the sum of $463,75, being the amount, calculated at the usual rate, of his unpaid wages as lockmaster at lock No. 18 Cornwall Canal, from May 1, 1900, to May 7, 1901, as authorized by Order in Council of March 12, 1902.

I have to request that you will be good enough to advise me for the information of the Board, at your earliest convenience, as to the nature and ground of your objection to the payment, and also as to the clause and section of the Audit Act upon which your objection is based.

I shall also be glad to receive any remarks you may desire to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secy. T. B.*

AUDIT OFFICE, OTTAWA, October 2, 1902.

SIR,—I have your letter of yesterday enclosing file No. 29,794, containing an appeal from the Department of Railways and Canals against my refusal to pass an application for payment of $463.75 to Mr. John Gillie.

It seems unnecessary to add to my letters addressed to the Department of Railways and Canals, including that of the 17th ultimo on this subject, except to make a remark on the letter of the 27th ulto. from Mr. John A. Chisholm acting for Mr. Gillie.

He says: 'The Auditor General forgets, or overlooks, the simple, but important fact, that this man was never discharged and that he reported every day for duty, his pay was simply withheld, that his wages were regularly paid him the following year and that he was superannuated last spring.'

I do not claim that Gillie left the service or that he was discharged. My view is that he was suspended during this period by the Superintending Engineer of the Canal, whose authority extended over every person employed in any way on the Canal.

My objection comes under sec. 32. subsec. (*c*) Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF FINANCE, OTTAWA, October 15, 1902.

The undersigned has the honour to report that as Secretary of the Board he is in receipt of a letter under date of September 30, 1902, from the Secretary of the Department of Railways and Canals, informing him by direction, that an objection had been taken by the Auditor General to the payment to Mr. John Gillis of the sum of $463.75,

being the amount, calculated at the usual rate, of his unpaid wages as lockmaster at lock No. 18 on the Cornwall Canal from May 1, 1900, to May 7, 1901, for payment of which authority had been given by Order in Council dated March 12, 1902, and requesting that a ruling of the Board be obtained whether the objection of the Auditor General should be sustained or overruled.

On reference being made of the papers to the Auditor General the undersigned was informed by that official that his objection came under sec. 32, subsection (*c*) Consolidated Revenue and Audit Act, and this report is submittted in accordance with the provisions of such subsection.

The facts of the case are set forth in the following memorandum, dated January 24, 1902, signed on behalf of the Minister of Railways and Canals and addressed to His Excellency the Governor General in Council:—

'The undersigned has the honour to represent that in October and November, 1893, reports were received from the Superintendent of the Cornwall Canal and the Superinding Engineer, advising that Mr. John Gillie, lockmaster at lock No. 18, then in his 31st year of service, be superannuated, as incompetent to perform his duties, being incapable of managing the work or the men, troublesome and impatient of control. His age at this time was only 48 years and the matter was allowed to rest until May, 1900, when attention being drawn to the case, the Department before dealing with it, required a doctor's certificate to shew either physical or mental disability, Mr. Gillie, however, refused to obtain such certificate.

'That it appears that, without instructions from the Department, the Superintending Engineer removed Mr. Gillie's name from the pay-roll of the Canal for the month of May, 1900, and it so remained until May, 1901, another man performing his duties, and receiving the pay, Mr. Gillie has consequently, from April 30, 1900, to May 7, 1901, though neither superannuated, dismissed, nor suspended, received no pay. He appears, however, to have been on hand, and prepared for duty. On May 7, 1901, he resumed work. He now claims payment of his wages for the period between the dates named.

'That under the circumstances narrated there is no doubt that he is legally entitled to payment and the undersigned, accordingly recommends that authority he given for payment to him for 371 week days at $1.25 a day, or a total of $463.75.

'It should be observed that a recommendation to Your Excellency in Council for the supperannuation of this employee has been made concurrently with the present report.'

An Order in Council was passed on March 12, 1902, authorizing the payment to Mr. Gillie of the sum of $463.75, recommended in the memorandum above quoted to be paid him, but on application being made to the Auditor General for payment of such sum that official refused to sanction the same on the ground that the money was not justly due.

The grounds on which the objection of the Auditor General are founded are set forth in letters dated August 18 and September 17, 1902, addressed to the Deputy Minister of Railways and Canals, and in his letter of October 2, 1902, addressed to the undersigned and the attention of the Board is specially directed to these letters and to the letter of August 20, 1902, from the Deputy Minister of Railways and Canals to the Auditor General.

Respectfully submitted,

J. M. COURTNEY, *D.M.F.*

The Honourable the Treasury Board.

Treasury Board Minute, October 31, 1902—The Board had under consideration the objection of the Auditor General to the payment of Mr. John Gillie of the sum of $463.75, being the amount, calculated at the usual rate of his unpaid wages as lockmaster at lock No. 18 on the Cornwall Canal from May 1, 1900, to May 7, 1901, for payment of which authority had been given by Order in Council dated March 12, 1902.

The Auditor General, as appears from his letter of October 2, 1902 (copy annexed) having stated that his objection was taken under section 32, subsection (*c*) Consoliated Revenue and Audit Act, the Board had also under consideration a report dated October 15, 1902 (copy annexed) from the Deputy Minister of Finance and Receiver General in connection with the subject and the Board after a full consideration of all the circumstances surrounding the case are of opinion that the objection of the Auditor General should be overruled and they, therefore, direct that payment be made to Mr. Gillie of the sum of $463.75 as authorized by the said Order in Council of March 12, 1902.

J. M. COURTNEY, *Secretary*

Trade and Commerce: Bounty claimed on Iron in the Molten State.

AUDIT OFFICE, OTTAWA, April 22, 1902.

SIR,—I have your letter of the 17th instant with reference to the paying of the pig iron bounty on material which, although containing the ingredients of pig iron in the molten state, was not allowed to become solid as pig.

I cannot see my way to passing the bounty.

It does not appear necessary to consider the subject for the following reasons:

1. The amount of Dominion money involved is very large.

2. This process of carrying the molten material directly to the steel making machinery was not contemplated when the Bounty Act was before parliament.

3. Parliament is now in session and is, it appears to me, the only body to authorize with reference to an immense sum of mony a deviation, no matter how small, from existing legislative requirements. I do not want it to be supposed that I am making any assertion as to the smallness or greatness of the deviation, but that whether it is small or great there can be no ground under the circumstances for calling upon you or me to accept any responsibility in the matter. I trust that parliament will deal with the question during the session and save doubt, besides relieving those who should not be called upon to bear it, from responsibility.

I have the honour to be sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 9, 1902.

SIR,—With reference to your application to pay the Dominion Iron and Steel Company the bounties on pig iron while the material is in a molten state and the bounty on steel, manufactured from the molten material as pig iron. I regret to say that in my view the statue respecting bounties is not complied with in either case and that I feel myself obliged to decline to pass the bounties in both classes of cases.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, May 13, 1902.

SIR,—Referring to your letter of the 29th ultimo, in the matter of an appeal by the department of Trade & Commerce to the Treasury Board in reference to claims for payment of bounties on iron and steel, I have the honour to state that I am informed by the Deputy Minister of Trade and Commerce that the Hon. the Minister of Trade and Commerce appeals from your letters of April 22 and May 9.

I have, therefore, to request that you will be good enough to inform me under what clause and section of the Audit Act objection is taken to payment of the bounties in question and the reason for such objection, and I shall be glad to have any remarks you may wish to make on the subject.

As the matter is pressing I shall be glad to hear from you at your very earliest convenience.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secritary.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 17, 1902.

SIR,—I have the honour to report, with reference to the application from the department of Trade and Commerce to the Treasury Board to have my refusal to treat the molten iron made by the Sydney Iron & Steel Co. as solid pig for bounty purposes overruled, that my objections are under both subsections (*a*) and (*c*) of section 32 of the Audit Act.

In support of my contention under (*a*) that the claims of this class have no parliamentary authority, I send you herewith the letter of A. B. Aylesworth, K.C.

With reference to the view under (*c*) that the money is not justly due, let me ask you to go over the position of seekers of bounty on pig iron, steel &c., with reference to the Canadian parliament.

The whole tenor of the discussion in 1897 and 1899, when the bounty scheme on the existing generous basis was under discussion by parliament, was that the bounty proposals being considered were to provide just sufficient means to give the manufacturers an opportunity by economy and watchfulness to see their works in running order with a clear prospect of having them permanently established at the end of the bounty period.

The Minister of Finance said, as reported in *Hansard* 1899, page 4972, that he declined to recommend the sums asked by some of the expectant manufacturers and plainly because they were unnecessary for the purpose named. Canada as a country did not agree to pay the value of anything because Canada as a whole country got nothing directly.

The process which the government is now asked to recognize with the old bounty is one which, according to the statements furnished to me, will cost to the manufacturers $1 a ton in the making less than the finished steel costs under the old system, that is if the work of steel making from the ore is to be completed in each case. The expected turn-out of the Sydney Company for the remaining five years of the bounty period is 30,000 tons a month, 1,800,000 tons altogether. That is, the saving to the company will be $1,800,000 by this new process.

Then this is to go to a company which, according to the statement of its then general manager, Mr. Moxham, as I recollect its having been reported in the Toronto papers, can live when pig iron is $5 a ton less than the lowest price at which any other Canadian smelter can produce it.

This process is not authorized by the wording of the Bounty Act. It was never intended to be authorized, although it is said it was in existence before the passage of the Bounty Act. It is plain that it would not have been authorized as an alternative in duty for solid pig for the reason that the basis of bounty was reimbursement of out-of-pocket expenses in the initial stage and, therefore, the bounty would have been fixed with regard to the molten process at $2, instead of $3, for steel.

It is well known to two members of the Board at least that I have endeavoured to secure the avoidance of this difficulty by having an addition to the schedule brought before parliament, so as to secure a plain authorization of the bounty, which might be considered proper in this case.

Suppose that the chief promoters of the Sydney Company knew of this process at the time that the bounties were being established by parliament, is it not evident that

the Minister of Finance would have provided for the $1 reduction in the bounty to put this company on the same footing as other companies. Is there any reason that he should take a different position now unless he is compelled by law to do so?

I am sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TORONTO, May 3, 1902.

DEAR SIR,—I am asked my opinion upon a question arising under the Dominion Statutes of 1897 and 1899, providing for bounties on iron and steel made in Canada. By these statutes payment of bounties is authorized on steel ingots, and on pig iron, made in Canada, under the conditions specified in the statutes. The bounty on steel ingots is at the rate of $3 per ton, that on pig iron is at the rate of $3 per ton or $2 per ton according to whether the iron is manufactured from Canadian or foreign ore, but in either case the bounty is to be on the manufactured article.

The chief ingredient in the manufacture of steel ingots is pig iron, and it is only on steel ingots manufactured from ingredients of which not less than 50 per cent of the weight is pig iron made in Canada that the bounty is payable.

I am told that a process of manufacturing steel ingots is now in use whereby the steel ingots are made by smelting from the original iron ore, without any intermediate cooling of the metal, and that manufacturers using this process claim not only the bounty payable on steel ingots, but also that payable on pig iron, contending that the pig iron is but a product of the iron ore intermediate between the ore as mined and the manufactured steel, and that the molten mass at such intermediate stage of the process of manufacturing steel ought to be deemed to be pig within the meaning of the statutes.

I am not able to take this view. In my opinion the manufacturer of pig iron is entitled to a bounty on his product only when he has completed the manufacture of pig iron as a commercial or merchantable commodity. Pig iron I understand to mean a mass of the metal as run from the smelting furnace, merchantable, capable of being handled, complete in manufacture. I would not think the molten mass, whether in the furnace or in any other receptable, while liquid and uncooled, could be considered as having been completed in its process of manufacture. It is not, in my opinion, the manufactured article known to the consumers as pig iron.

I am told, moreover, that in the completely manufactured product, pig iron, there is in fact much less of the slag, or vitreous mineral matter which is removed in the reduction of the metal from the ore, than is at present in the molten material which the manufacturers of steel wish to have treated as pig iron for the purposes of their claim to bounties under the statute. I would think the presence of this undue amount of slag was an important circumstance as demonstrating that the molten material containing it was not 'manufactured pig iron' within the meaning of the statute.

It is plain that the statute of 1897 when passed contemplated that the manufacturer of steel ingots would use, as his principal ingredient, pig iron, starting with such pig iron as a manufactured product. The bounty upon steel ingots, it may be observed, is given not upon *all* steel ingots manufactured, only upon such ingots when manufacfactured from ingredients of which not less than 50 per cent consists of *pig iron* made in Canada. It might be questioned whether the statute authorized payment of any bounty at all where the steel was manufactured not from pig iron, but direct from the ore as mined.

Yours, &c.,

A. B. AYLESWORTH.

The Auditor General.

DEPARTMENT OF JUSTICE, OTTAWA, May 21, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant —T. 28757 B.—and of the papers therewith enclosed relating to the objections taken by the Auditor General to the payment of bounties on pig iron in a molten state, and on steel ingots manufactured from pig iron in a molten state.

The Auditor objects to these payments under subsection (*a*) of section 32 of the Audit Act, as well as under subsection (*c*) of that section, the objection under the former subsection being that there was no parliamentary authority for the payment, and in connection with that objection you ask to be advised for the information of the Treasury Board, whether in the opinion of the Attorney General of Canada there is such parliamentary authority, or whether in his opinion the objection of the Auditor General is well taken.

In support of the view entertained by him, the Auditor General submits an opinion which he has obtained from Mr. Aylesworth, K.C., of Toronto, of which the following is a copy :—

(The letter referred to is that of May 3, 1902, or immediately preceding this one on page A—69. J. L. McD.).

I had occasion some time ago to consider the questions involved in this reference in connection with a letter from Mr. Parmelee, the Deputy Minister of Trade and Commerce, dated December 12, last, in which he sought my advice with respect to them, and upon that occasion after due consideration, I wrote to Mr. Parmelee a letter from which the following is an extract :—

'The statute 60-61 Vic., ch. 6, authorizes payment of bounty upon steel ingots manufactured from ingredients of which not less than 50 per cent of the weight thereof consists of pig iron made in Canada. In the process at the Dominion Iron and Steel Company's works which you describe, steel ingots are made from ingredients containing 50 per cent of molten iron transferred direct to the steel furnaces without having been previously cast so as to take the form of pigs. The question whether these steel ingots can be said to have been manufactured from ingredients including pig iron is, I think, one of fact. Is the iron in its molten state properly described as pig iron within the meaning of the statute? While I consider that the question is one of fact which you should decide rather than me, I do not think that the substance is any the less pig iron because it has not been cast into any particular form. McCulloch's Commerical Dictionary speaks of cast or pig iron as the name given to iron when first extracted from its ores. The Encyclopedia Britannica speaks of the pig bed as a contrivance for casting the pig iron into convenient marketable forms and it speaks of pig iron being run directly into the converters and finished off without ever solidifying before the completion of the steel making process, which is, I suppose, a device similar to that which you mentioned. I should expect, therefore, that the experts would agree that this molten metal is properly described as pig iron. However, as I have said, that is a question which you can best determine.'

I am now directed by the Minister of Justice to state that he is inclined to concur in the views expressed by me in my letter to Mr. Parmelee. Inasmuch, however, as Mr. Aylesworth, who is a very eminent lawyer, seems to hold a different view, according to which the company claiming bounty is not under the circumstances entitled to the pig iron bounty, and its right even to the bounty upon steel ingots is questionable, the Minister thinks that it would be expedient, especially in view of the very large sums said to be involved, that the questions raised by the Auditor General should be referred to the determination of the Exchequer Court, subject of course to the ordinary rights of appeal.

If you you concur in this view, and so instruct me, I shall take the necessary steps to have the matter referred to the Court. Papers returned,

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D. M. of J.*

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, May 29, 1902.

SIR,—I have the honour to inclose herewith a copy of a report which I propose to make to the Treasury Board under subsection (c) of section 32 of the Consolidated Revenue and Audit Act in reference to bounties on steel ingots and on pig iron.

I shall be glad to receive any observations you may wish to make regarding the question.

I am sir, your obedient servant.

The Auditor General. J. M. COURTNEY, *Secretary.*

FINANCE DEPARTMENT, OTTAWA, May 27, 1902.

To the Honourable
The Treasury Board.

The undersigned, Deputy Minister of Finance, has the honour to report as follows :

That by Acts passed in 1897, 1898 and 1899, copies of which are annexed, the Governor in Council was authorized to pay certain bounties on steel ingots and pig iron made in Canada.

That the bounty to be paid on steel ingots was to be on such ingots manufactured in Canada from ingredients of which not less than fifty per cent of the weight thereof consisted of pig iron made in Canada.

That application has been made to the Auditor General by the Department of Trade and Commerce for the payment of claims for bounties on steel ingots and pig iron under the Acts in question, but the Auditor General has refused to issue his certificate for the payment of such claims on the ground that the pig iron on which bounty was claimed, and which formed the ingredient of the steel on which the bounty was claimed, was not solid pig iron, but molten material, and consequently was not pig iron as contemplated by Parliament when passing the Bounty Acts. The views of the Auditor General are set forth in his letter of May 17, 1902, a copy of which and of the inclosure therewith is hereto annexed.

The Auditor General having made his objection under clause (c) of section 32 of The Consolidated Revenue and Audit Act, this report is submitted in accordance with the provisions of such subsection.

Respectfully submitted,

J. M. COURTNEY, *D.M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 30, 1902.

SIR,—I beg to return herewith the copy, inclosed with your letter of yesterday, of a report which you propose making to the Treasury Board in reference to bounties on steel ingots and pig iron. There seems to be no occasion for additional remarks on my part. I shall be glad to see the report of the Minister of Justice on the subject.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, December 23, 1902.

Dominion Iron & Steel Co., vs. The King.

SIR,—Referring to previous correspondence, I am directed to inclose herewith, for the information of the Treasury Board, notes of the reasons for judgment allowing the petition of right in the above case. I have asked Mr. Aylesworth, who acted as counsel for the Crown in these proceedings to state his opinion with regard to the chances of appeal, and he has written me in reply. I inclose copy of his letter, from which you will see that he advises against any appeal.

Speaking for the Minister of Justice and myself, I may say that we have never entertained any doubt as to the obligation of the government to pay these bounties, and

I so advised the Deputy Minister of Trade and Commerce when the question was first submitted to me in December, 1901.

I am, sir, your obedient servant.

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

TORONTO, December 19, 1902.

Dominion Iron and Steel Co. vs. The King.

DEAR SIR,—I duly received your favour of 12th instant inclosing copy of reasons for judgment in above case, and asking me to advise you of my views as to the chances upon an appeal.

I have examined and considered this judgment very carefully, and, while so far as my personal opinion goes, I am not yet convined by it, I am compelled to say that I doubt very much whether an appeal from it could be taken with success.

Early in May last I advised the Auditor General that in my opinion the manufacturer of pig iron was entitled to the statutory bounty on his product only when he had completed the manufacture of pig iron as a commercial or merchantable commodity, I still feel of that opinion, and the evidence adduced in this case has not convined me that the molten or liquid material, as it flows from the blast furnace, is completely manufactured pig iron such as can properly be deemed a commercial or merchantable commodity.

I am free, however, to say that the evidence given at the trial satisfies me I was speaking upon information which was in some respects erroneous when advising the Auditor General as above mentioned, and to that extent my views have been modified as the result of the trial which has taken place.

Considering the matter, however, as a question of what our chances of success would be upon appeal, I have to say that taking into account all considerations which affect the matter I feel of opinion that our chances of failing in the appeal would be much greater than any chance we might have of succeeding.

The central idea in the reasoning of Mr. Justice Burbidge seems to be that the statutes establishing the bounties in question are to be considered as addressed to the iron and steel trade, and to be construed accordingly. That canon of construction rests upon high authority as well in England as in the United States. In statutes which deal with particular businesses, Lord Esher says words are presumed to be used with the particular meaning in which they are and understood in the particular business in question.

Unwin v. Harrison, L. R. (1881) 2 Q.B., 115 at p. 119.

In the present case the evidence adduced by the company at the trial quite warrants the trial judge in saying that among iron masters and people versed in the art, the term 'pig iron' has come to have a meaning which would include the metal in a molten or fluid state.

The suppliants having established this much by their evidence, the only remaining question would seem to be whether the words 'pig iron' have been used in the statute with the more limited meaning of people, they would bear, or with the wider significance they would receive in the iron trade.

Notwithstanding the very clearly reasoned judgment of Mr. Justice Burbidge, I still think this question very fairly arguable, and my personal opinion remains that the statute intended to call for the complete manufacture of pig iron which would be a merchantable article, and therefore should be very glad of another opportunity of trying to convince a court that this was the true meaning of the Act.

But our chances of success in such an attempt are a different question. In that respect I am compelled to say that I think the chances would certainly be against us.

You will observe, at the conclusion of the reasons for judgment, a reference to an argument which seems to me of very considerable force. The French version of the statute uses a phrase which appears necessarily to involve the idea of form and shape—pigs of iron, or iron in pigs, rather than simply pig iron. Judge Burbidge does not seem to me to have given to this phraseology as much weight as might properly be

attributed to it, but none the less he has applied to the construction of the statute a rule of interpretation which cannot be questioned, and his reasoning against us seems to me so powerful that, while I feel myself still unconvinced personally, I am at the same time compelled, upon the whole, to advise against any appeal from his decision.

I return herewith the reasons for judgment you sent me.

Yours, &c.,

The Deputy Minister of Justice. A. B. AYLESWORTH.

Treasury Board Minute, Jan. 2, 1903.—The Board had under consideration the papers and memoranda in connection with the appeal of the Department of Trade and Commerce from the decision of the Auditor General, that the molten iron made by the Dominion Iron and Steel Co. was not pig iron for bounty purposes under the Acts providing for the payment of bounties on iron and steel, the objections of the Auditor General being taken under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act.

In support of his contention under subsection (*a*) that the claims of this class have no parliamentary authority, the Auditor General inclosed a letter from A. B. Aylesworth, Esq., K.C., a copy of which, as well as of the Auditor General's letter of May 17, 1902, inclosing the letter and setting forth his own views in the matter, is hereto annexed.

Annexed hereto is also a copy of a letter from the Deputy Minister of Justice under date of May 21, 1902, in which he states that the Minister of Justice is inclined to agree with him in the views expressed by him in a letter to the Deputy Minister of Trade and Commerce, viz.: That whether or not iron in its molten state is properly described as pig iron is a matter of fact, but that he would expect that experts would agree that this molten metal is properly described as pig iron. Inasmuch, however, as Mr. Aylesworth, who is a very eminent lawyer, seems to hold a different view, according to which the company claiming bounty is not under the circumstances entitled to the pig iron bounty and its right even to the bounty on steel ingots is questionable, the Minister of Justice thought that it would be expedient, especially in view of the very large sums said to be involved, that the questions raised should be referred to the determination of the Exchequer Court, subject of course to the ordinary right of appeal.

The Board had also under consideration a report from the Deputy Minister of Finance under date of May 27, 1902, submitted in accordance with subsection (*c*) of section 32, and the remarks of the Auditor General in regard to such report contained in his letter of May 30, 1902, copies of which and of the report of the Deputy Minister of Finance are hereto annexed.

The questions at issue were afterwards submitted to the Exchequer Court of Canada under a petition of right by the Dominion Iron and Steel Co., Ltd., and the court has recently delivered judgment in favour of the company.

The Board had under consideration a letter from the Deputy Minister of Justice of December 23, 1902, (copy annexed) and copy of the letter from Mr. Aylesworth, K.C., (copy also annexed) on the subject of an appeal being taken from the judgment of the Exchequer Court. Mr. Aylesworth represented the Government in the argument in the Exchequer Court. It will be seen from these letters that the Deputy Minister of Justice states that speaking for the Minister of Justice and himself they had never entertained any doubt as to the obligation of the Government to pay these bounties, and that Mr. Aylesworth, while personally adhering to the opinion he previously expressed to the Auditor General, states that he is compelled to say that he thinks the chances of an appeal from the judgment are against the Government.

In view of these opinions of Counsel in the matter the Board are of opinion that it would be only incurring useless expense to appeal from the judgment of the Exchequer Court, and in view of the judgment of the Exchequer Court the Board overrule the objections of the Auditor General to the payment of the bounties in question, and direct that the same be paid.

J. M. COURTNEY, *Secretary.*

NOTE—The foregoing pages (A-24 to A-73) include all the appeals to the Treasury Board which have been closed at the present date, February 23, 1903. J. L. McDOUGALL.

Re **Arrears Due.**

DEPARTMENT OF AGRICULTURE, OTTAWA, January 5, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th ult., in which you ask for a statement of all arrears due to this department by collecting and by disbursing officers, as well as a statement of unaccounted for balances of advances, and of all other amounts due.

In reply, I have the honour to state that no amounts are due to this department by collecting officers or disbursing officers.

I shall forward to you within a day or two a statement of unaccounted for balances of advances, as you request.

I am, sir, your obedient servant,

GEO. F. O'HALLORAN, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 19, 1903.

SIR,—The statement of arrears due to your department on June 30 last contains the name of W. S. Jones, Vancouver, $1,202.09, which did not appear on the statement furnished for the year previous.

Would you please explain the nature of this indebtedness, how it arose, and what action has been taken to recover the amount.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Inland Revenue Department.

AUDIT OFFICE, OTTAWA, December 26, 1902.

SIR,—I have received your letter of the 19th inst. in reply to my letters asking for a statement of all arrears due your department, and inclosing a statement which you claim contains the requisite information.

The statement in question includes only arrears due for fishery licenses issued during the year, but does not cover arrears of previous years.

There is yet wanting a statement of the arrears due by the officers collecting wharfs and piers revenue, steamboat inspection revenue, mariners' fund, &c.

My letter of October 10 calls in addition for a statement of—

(2) Amounts due by disbursing officers.
(3) Unaccounted for balances of advances.
(4) All the amounts due, whether by Government officers or others.

Should there be no arrears due in any class, a statement to that effect should be furnished.

Your immediate attention is requested, as these statements are needed for the annual report.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Marine and Fisheries.

AUDIT OFFICE, OTTAWA, January 15, 1903.

SIR,—I am in receipt of your letter of the 13th inst., inclosing a statement of slide and boom dues in arrears in connection with the Newcastle and Trent River Works. You do not make any reference to the arrears due at the other works.

In my letter of October 10 last I asked for all arrears due to your department—

(1) By collecting officers.
(2) By disbursing officers.
(3) Balances of advances not accounted for.
(4) All other amounts due, whether by Government officers or others.

If there is nothing due under any of these headings, please inform me so; if there is, I should be glad to have a statement of them.

I am about sending these statements of arrears to the printers, and I shall be glad to hear from you at your earliest convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, October 13, 1902.

SIR,—I have yours of 10th inst. asking for customary statement of all arrears due the department on 30th June last and yet unpaid

In reply I beg to state that, with the exception of cullers' arrears, which have been outstanding some of them for many years, there is nothing due either by collecting officers, disbursing officers, unaccounted for balances of advances or other amounts due. So far as the cullers' balances are concerned, I am given to understand that they are perfectly worthless and uncollectable. Some of them have stood for the last thirty years, and should be wiped out by the Public Accounts Committee. I cannot, however, well give you the details of the amount, as it covers many pages of foolscap and amounts in round numbers to about $27,000.

I am, sir, your obedient servant,

W. G. PARMELEE,
Deputy Minister.

The Auditor General.

MEMO.:—

It is imposible, in a force performing the varied duties of the Mounted Police, extending over such a large area of territory, to keep the expenditure within the limit of each sub-head of the appropriation; nor is it possible to accurately estimate in advance where the supplies will be required. It frequently happens that at points where there are large quantities of supplies there is no great demand, whilst at others, where supplies are short, emergencies arise necessitating extra expenditure.

The excess expenditure for scouts, guides, billeting, transport and contingencies is largely accounted for by the under-expenditure for pay and subsistence.—FRED. WHITE, Comptroller.

Yukon Territory—					
Pay of force	150,000 00	157,965 87	47	.....	7,965 87
Subsistence, forage, fuel and light	150,000 00	116,877 61	55 to 79	33,122 39	
Clothing, repairs and renewals, horses, dogs, arms and ammunition, medical stores, stationery, billeting and contingencies	90,000 00	101,302 57		.....	11,302 57
Buildings	25,000 00	28,545 45		.....	3,545 45
Transport	85,000 00	94,377 05		.....	9,377 05
	500,000 00	499,068 55	.....	33,122 39	32,190 94

It is impossible under existing conditions in the Yukon to keep the expenditure within the limits of the various sub-heads of the appropriation.—F. WHITE, Comptroller.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
J. W. REID.

By a special clause in the Supply Bill the balances unexpended each year do not lapse.

a. The Interior Department shows a balance of $268.88 not used. The difference of $1,732.50 arose from gratuities paid to retiring officials in 1897-8, being charged by the Audit Office and Finance Department to the vote for Registrars, and by the Interior Department to a special vote of $6,000 under the head of 'Miscellaneous.'

These accounts have been examined under my direction and are correct.

a. At the time the estimates were taken it was in contemplation to place the principal Inspection Officers under salaries instead of leaving them to be paid by fees as formerly, but during the year they were not all transferred to the salaries list; and again, the vote covered certain expenses under the Manitoba Grain Act which, it was found, could not be made chargeable to the vote under the terms of the Act as it read before amended, but the expenses were made payable out of the fees collected and placed to the credit of that fund.—W. G. PARMELEE.

These accounts have been examined under my direction and are correct.

Accounts to be certified, as specified in Section 33 of the Consolidated Revenue and Audit Act.

AUDIT OFFICE, OTTAWA, April 15, 1902.

SIR,—I have to call your attention to the necessity of a more complete certificate on the various accounts returned by you as vouchers against the expenditure under your department. Section 33 of the Consolidated Revenue and Audit Act (Chap. 29 Revised Statutes) is as follows:

"No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required on that behalf, *the officer, under whose special charge such part of the public service is*, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just".

This section as you will see means that it is the official who has actual knowledge of the receipt of the materials supplied or of the services performed, who shall certify to that fact, and that the fairness of the price shall also be certified by the official whose duty it is to know, and that a statement of these requisites by any official whose knowledge is only secondary would be insufficient.

At a recent meeting of the Public Accounts Committee, Dr. Martineau, the superintendent, in his evidence in connection with the expenditure on account of the Grosse Isle Quarantine Station stated that he signed the certificate appended to the accounts that the supplies were received and that the prices were fair and just, although he had only secondary knowledge as to the receipt of the supplies and was not in a position to know as to the fairness of the prices.

Under these circumstances a certificate by Dr. Martineau as to these facts does not meet the requirements of the section quoted and therefore the expenditure under this service is not sufficiently vouched for. This of course does not dispense with Dr. Martineau's responsibility, and the accounts should bear evidence of his approval.

Will you please amend your account form so that these facts may be brought out and the accounts properly certified to?

I will be pleased to talk this matter over with yourself and the accountant so that the duties of your officials as regards the proper method of certifying in this respect may be interpreted in the same way by your department and this office.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Department of Agriculture.

"Census 1901" Expenditure.

AUDIT OFFICE, OTTAWA, May 19, 1902.

SIR,—I am in receipt of your application of the 17th instant for a letter of credit in favour of yourself and the accountant for $500,000 for current expenses chargeable to Agricultural Department. I presume this application is on account of census. If so please recall this application and apply for the amount required for current expenditure. The money which is due the bank on account of census should be paid by Receiver General's cheque on direct application to this office with the vouchers.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Department of Agriculture.

DEPARTMENT OF AGRICULTURE, OTTAWA, May 20, 1902.

SIR,—In accordance with the suggestion made in your letter under date the 19th instant, I have the honour to request to be allowed to withdraw the application of the 17th instant for a letter of credit in favour of myself and the acting accountant of this department for the sum of $500,000, for current expenses chargeable to the Department of Agriculture.

I have also to request the issue of a Receiver General's cheque in favour of the Bank of Montreal for the sum of $409,720.73, on account of census.

The necessary vouchers accompany this application.

I have the honour, to be, sir, your obedient servant,

The Auditor General.

A. L. JARVIS,
Acting Deputy Minister of Agriculture.

AUDIT OFFICE, OTTAWA, May 22, 1902.

SIR,—As requested in your letter of the 20th inst., I enclose you herewith your application of May 17, 1902 for a letter of credit in favour of yourself and accountant for the sum of $500,000.

I am sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Department of Agriculture.

AUDIT OFFICE, OTTAWA, July 19, 1902.

SIR,—With reference to the balance of $29,721.03 due the Bank of Montreal on account of Census as per your application of June 3, 1902 and payments of $350,000 and $30,000 thereon, I may say that to avoid the lapsing through the closing of the

public accounts for the fiscal year 1901-1902, of any large sum of the appropriation now available, I am passing a further amount of $25,000, leaving still unpaid a balance of $4,721.03 which will probably cover the differences that may be found by this Office between the amounts paid and those actually due under the table of allowances.

I may also say that an audit of these accounts cannot, under the special circumstances under which the expenditure was made, be as efficient as when the returns are made to this office from month to month in the regular way and opportunity given of keeping the payments and their examination as near in point of time as possible.

I am sir, your obedient servant,

The Deputy Minister, Department of Agriculture. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, Ottawa, July 21st, 1902.

SIR,—I am in receipt of your letter of the 19th inst. informing me that you had passed a further amount of $25,000, for the Bank of Montreal, on account of Census, as per our application of June 3rd last, leaving a balance of $4,721.03 still due, which you state will probably cover any differences which may be found by your Office between the amounts paid and those actually due under the table of allowances.

I trust that the balance will be paid before the 15th August, the date fixed for the closing of all accounts for the past fiscal year.

I have the honour to be, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN.

AUDIT OFFICE, OTTAWA, October 7, 1902.

SIR,—Let me acknowledge receipt of your September statement of expenditure and application to repay Bank of Montreal. I notice in your Census expenditure this payment, Cheque No. 22,595, Manager Bank of Montreal, $4,193.82. This, I presume, is to cover a balance held by this office pending an examination of the vouchers sent with your application to pay by Receiver General's cheque an amount due by your department on a special account with the Bank. The secretary of your department asked me to sanction in advance the payment as you have made it and I declined.

I am obliged to take part in repaying to the Bank all cheques drawn by your department against a credit as long as one is in existence. I shall, therefore, have to pass this. I shall, however, be compelled, owing to the responsibility placed upon me by Section 30 of the Audit Act, to refrain from passing your application for a further credit until an understanding has been arrived at with reference to the use to be made of credits in the future.

I beg to refer you to the last report of this office, general correspondence, page 14 et seq., for a full discussion of this subject.

The Treasury Board might have overruled me on the particular payment on your application, after I had fully examined it and declined to pass it.

I am sir, your obedient servant,

The Deputy Minister, Department of Agriculture. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, October 13, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th instant, with reference to the payment in the Census expenditure for the month of September last, cheque No. 22595, manager Bank of Montreal, $4,193.82, which, as you presume, is to cover a balance held by your office pending an examination of the vouchers sent with my application to pay by Receiver General's cheque an amount due

by this department on a special account with the bank. This payment was made in consequence of the bank's pressing demand; but as I understand you had previously declined to sanction this method of payment and the matter was pending before you, I must admit its irregularity. In the future I will see that credits granted the department are not so used. With this assurance, I trust you will not refrain from granting my application for a further credit.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

AUDIT OFFICE, OTTAWA, January 2, 1903.

SIR,—Referring to your expenditure on account of 'Census, 1901' let me call your attention to the following;—

York, N.B.—L. Grant enumerated 2 districts in one of which he was allowed 30 days' horse hire and in the other 25 days. Under the schedule of rates these are days of 24 hours and it is hardly possible that he was employed for 55 days in both districts. He was also allowed on each account 3 days at $3 to cover time receiving instruction from the commissioner. Would not the same instructions cover both districts.

Colchester, N.S.—Commissioner S. F. Morrison was given an advance of $60 on account. This was not deducted from his account and has not been refunded.

Inverness, N.S.—Commissioner J. G. McKay was also advanced $150, of which no account was afterward taken and this amount is still due the department.

Cape Breton, N.S.—Commissioner A. Cameron has not been paid, at least there is no record of any payment up to October 31, 1902. Please let me have an explanation as to this.

Alberta, N.W.T.—James Reilly is allowed on his expense account $90, to cover travelling expenses of certain enumerators to Calgary to receive their instructions. These enumerators, Inglis, Reid, Sains, Thomson and Lundy charge these expenses in their several accounts and these are paid by the department. A refund of this amount should be made by Mr. Reilly.

There was an expenditure amounting to $1,486.05 incurred by the Census branch investigating the Census of 1891. Why is this a proper charge against the appropriation for the Census of 1901?

I am, sir, your obedient servant,

The Deputy Minister, Department. of Agriculture. J. L. McDOUGALL, *A.G.*

Glasgow and Wolverhampton Exhibition Expenditure

AUDIT OFFICE, OTTAWA, October 17, 1902

SIR,—Again referring to the expenditure on account of Glasgow Exhibition let me call your attention to these payments: W. D. Scott's statement—

January.—Voucher No. 1069—G. D. Sevigny £10, advance on Linde British Refrigerating Co. and credited their account. (To be returned on demand is written on the receipt).

March.—Voucher No. 1081—John Perrett £12, advance on account. (Repayable on demand is written on receipt). Please let me know immediately how these amounts were settled, and also the reasons for making payments in this manner.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDODGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 29, 1902.

SIR,—Referring to your expenditure on account of Wolverhampton Exhibition, let me call your attention to these payments:

W. D. Scott's statement, March 25, C. W. Vollman, on account of Linde British Refrigeration Co			£100
May 31, W. Jenkins, watchman			2
June 7	"	"	2
" 14	"	"	2
" 21	"	"	2
" 28	"	"	2

The payments to Mr. Jenkins were to be refunded by the Linde British Refrigeration Co.

Please let me know when these amounts were repaid or otherwise accounted for.

W. D. Scott's June statement—Voucher No. 312.

Brayshay's Limited £23 8s. 0d., for light refreshments per agreement.

In the absence of fuller information, this does not appear to be a proper charge. The account should be given in detail.

I am, sir, your obedient servant,

The Deputy Minister, Department of Agriculture. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, November 14, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ult., regarding payments made by this department on account of the Wolverhampton Exhibition to Mr. W. Jenkins, and to Brayshay's Limited, and asking whether the amounts paid to Mr. Jenkins were refunded by the Linde British Refrigeration Company and for fuller information in regard to the charge for light refreshments made on account of Brayshay's Limited. In reply, I may say that a copy of your letter was forwarded to Mr. Brodie, the secretary of the Wolverhampton Exhibition, with a request that he should furnish the information desired by you, at once; and as soon as his reply has been received, I shall communicate the same to you.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Quarantine Expenditure.

DEPARTMENT OF AGRICULTURE, OTTAWA, June 9, 1902.

SIR,—In discussing several departmental matters lately, I find that heretofore the acting deputy minister has been signing all of Dr. Montizambert's cheques. As was pointed out to me, this was purely perfunctory, as he knew nothing about the accounts for which these cheques were issued. Dr. Montizambert informs me that he has spoken to you about the matter, and you are quite willing to have these cheques signed by Dr. Montizambert instead of the deputy minister. I have discusssd the matter with Mr. O'Halloran and Dr. Montizambert. Mr. O'Halloran is quite satisfied with this arrangement, and as far as I can see it will contribute to the efficiency and facility of work in that branch of my department. If, therefore, you are quite satisfied to have Dr. Montizambert sign the cheques for his branch in future, I am quite prepared to authorize him to do so.

I am, yours very truly,

The Auditor General. SYDNEY FISHER.

AUDIT OFFICE, OTTAWA, June 11, 1902.

SIR,—I have your letter of the 9th instant, regarding the signing by Dr. Montizambert of cheques in the branch of your department with which he is connected.

From the wording of the order in council which appoints Dr. Montizambert to his present position, I see no objection to the performancee by him of any duties as deputy minister in connection with quarantine and health matters, as long as you wish it.

Yours sincerely,

Hon. SYDNEY FISHER, Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 29, 1902.

SIR,—Let me acknowledge the receipt to-day of your application of the 27th inst. for a letter of credit for $11,216.69 on account of current expenditure 1901–2 as stated in the application. In reply I have to say that I cannot understand why this office is now asked to pass a letter of credit for last year's expenditure.

Pending explanation, the application is held.

I am, sir, your obedient servant,

The Deputy Minister, Department of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 10, 1902.

SIR,—Let me acknowledge the receipt of your application of the 9th instant for a letter of credit for $50,000 in favour of F. Montizambert and F. C. Chittick on account of 'Public Health.' As your estimate for the whole year is $123,000 only, the application asks for too large an amount.

Applications for letters of credit are usually made once a month, and the amount asked should be about one-tenth or one-twelfth of the estimated expenditure for the year.

The application is returned herewith for amendment. It will be necessary to have a reply to my letter of the 7th instant regarding an objection to your issuing a cheque to pay the balance of the Bank of Montreal Census advance before issuing a credit in this case.

I am, sir, your obedient servant,

The Deputy Minister, Department of Agriculture. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, October 13, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant returning my application of the 9th instant for a letter of credit for $50,000 in favour of F. Montizambert and F. C. Chittick on account of Public Health, for the reason that it asks for too large an amount. I have cancelled that application and send you herewith another for $10,000.

I have sent you a letter under this date in answer to your letter of the 7th instant, regarding an objection to issuing a cheque to pay the balance of the Bank of Montreat account, which I trust you will find satisfactory, and also that you will grant the presenl application.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Agriculture and Dairying Commissioner's Branch.

AUDIT OFFICE, OTTAWA, September 22, 1902.

SIR,—Referring to your expenditure on account of the vote 'To promote dairying interests by advances for milk and cream, &c.,' I notice an amount of $1,633.80 paid for eggs and charges on eggs. (This amount is made up from your returns to this office.) Please let me have a full explanation of this expenditure and your reasons for making it a charge to this vote. The terms of the vote would appear to exclude it.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, Sept. 27, 1902.

SIR,—Referring to your letter of September 22nd, the amount charged to Advance Vote for payment of eggs in 1901 was $244.12, as per attached statement. The Minister authorized the handling of eggs for the farmers practically on the same terms on which our department has been handling their cream. The eggs were received from the farmers into the cream-gathering waggons, were afterwards sold on their account and the proceeds paid to them.

The $244.12 will be refunded into the Advance Vote as soon as the returns are received from Calgary. I am taking the matter up with Mr. C. Marker, Superintendent of Creameries there, who has had it in hand. After I receive his statement I shall write you again.

Yours very truly,

The Auditor General. JAS. W. ROBERTSON, *Commissioner.*

AUDIT OFFICE, OTTAWA, June 9, 1902.

SIR—I am in receipt of your application of the 4th inst. asking for a transfer of $28,119.12 debiting Dairing Interests, &c. Stock Account, and crediting Commissioner's Branch account, being the amount of the manufacturing charge at the various creameries in the North-west Territories and Nova Scotia.

In connection with the transfer please send me a statement of the amounts due the department by the various creameries July 1, 1901, with all credits and repayments since that date.

Pending the receipt of this statement the application for a transfer is held.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, July 14, 1902.

SIR,—Herewith I enclose you a summary of capital accounts at the different creameries, showing the amounts due to the department, asked for in your letter of June 9.

I have the honour to be, sir, your obedient servant,

The Auditor General. JAS. ROBERTSON, *Commissioner.*

NOTE.—This statement is printed on Page D—87 of this Report.

AUDIT OFFICE, September 29, 1902.

SIR,—Let me acknowledge the receipt of your application of the 26th instant for a transfer debiting Dairying Interests Stock Account and crediting Commissioner's Branch &c., with an amount of $2,319.04 manufacturing charge to the patrons at the various creameries for the winter season of 1901-02. The application will be passed by this office as there is no objection to the transfer in itself, but the reasons for the delay in making the application should be stated.

I am, sir, your obedient servant,

The Commissioner, Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, Oct. 2, 1902.

SIR,—In the absence of the Commissioner I am to acknowledge receipt of your letter at the 29th ultimo.

The cause of the delay in asking for the transfer referred to in your letter, was, I inadvertently overlooked the matter until the late date it was asked for. I shall try and be more careful in the future.

I have the honour to be, sir, your obedient servant,

The Auditor General. JAS. F. O'HARA.

Re **Cattle Inspection.**

AUDIT OFFICE, OTTAWA May 26, 1902.

SIR,—Revenue from Cattle Inspection has come to account during the present fiscal year amounting to $3,253.26, made up as follows :

Rev. Statement No.	3—November 20, 1901	$ 728	72
" "	6—January 20, 1902	1,812	61
" "	9—February 14, 1902	547	68
" "	10—April 22, 1902	164	25

The returns of the inspectors who collected these fees have not been furnished.

All deposit receipts, that reach the department during the month, should be forwarded to the Receiver General, not later than three days after the close of the month ; and the corresponding revenue returns when examined and approved in your department, should reach this office before the close of the succeeding month.

Each return should be certified by the collector or inspector somewhat as follows : 'I certify that all animals, that arrived at this station during the month of..... subject to inspection, were inspected and that the above is a correct statement of same.'

I have again to ask for a list of all places where inspections are made.

If no inspections are made during any particular month, the fact ought to be noted on the return for the succeeding month.

Your attention will oblige.

I am sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, June 20, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th ult. asking for certain returns of the inspectors, which I now send you herewith.

I note your request as to the form of certificate to be made to the returns, which will be complied with.

I may mention that since the appointment of Dr. J. G. Rutherford as Chief Veterinary Inspector he is endeavouring to reorganize the whole Cattle Quarantine staff, and after he makes a personal inspection through the western country, which he proposes shortly doing, a list of all the places where inspections are to be made will be furnished without delay. Dr. Rutherford will instruct each and every officer making the inspections to have a Customs Officer certify that the inspection has been made.

I am sir, your obedient servant,

The Auditor General. GEO. O'HALLORAN, *D.M.A.*
